

Propose Shuffling 6th, 7th and 8th Districts

Group Gives Approval to New Borders

MADISON (AP)—Proposals for the realignment of Wisconsin's Senate and Assembly districts in 1961 were approved Tuesday by the Legislative Council's Reapportionment Committee in identical 9-2 ballots.

Assemblymen Frank Christopher, D-Superior, and Willis Hutnik, R-Tony, cast the dissenting votes in each case.

Both proposals now go to the Legislative Council for action. They were offered by Assemblyman Allen Flannigan, D-Milwaukee.

The plan offered for the Assembly would make four outstate seats available to Milwaukee and Waukesha counties. The counties are entitled to additional representation under population figures based on the 1960 census.

Predict Defeat
Hutnik said Tuesday the proposed plans don't stand a chance in the Legislature.

"This shows how foolish this committee has been," Hutnik said. "It won't get eight votes in the Senate and if we recommend this monstrosity we will be the laughing stock of the state. You might as well propose attaching the state to Russia," he said.

Hutnik said northern Assembly

Tax Rates Hiked In Both Parts of City

Outagamie Section Up 50 Cents, Calumet Portion 15 Cents to Meet Increased 1961 Spending

BY REINHART WESSING
Post-Crescent Staff Writer

Appleton's new tax rate for all purposes is \$42 in the Outagamie County section of the city and \$43 70 in the Calumet County portion, an increase of 50 and 18 cents respectively.

Present rates are \$41 50 in Outagamie and \$43 55 in Calumet. Councilmen set the rates Tuesday night after adopting a 1961 budget and tax levy.

Spending for 1961 will be \$7,339,195, compared to this year's \$6,966,754, an increase of \$372,441 or 5.3 per cent.

Anticipated income from sources other than property taxes is \$3,136,357 37, compared to 1960's \$2,978,175, an increase of \$158,182, or 5.3 per cent.

The tax levy is \$5,232,367, compared to this year's \$4,804,508, an increase of \$427,858, or 8.9 per cent.

A tax rate increase of nearly \$2 would have been necessary if the tentative budget and levy adopted by the council two weeks ago had been approved.

An increase in Appleton's as-

essed valuation of \$8,818,450 this year helped councilmen avoid a larger tax rate hike.

The additional valuation produced \$366,000 more income, before any rate increase, equal to about \$2.95 on the rate, based on the city's new valuation of \$124,473,375.

Changes Made

Tuesday the aldermen, sitting as a committee-of-the-whole, cut spending another \$42,516 from the proposal of two weeks ago and increased anticipated income \$83,553.

Taken out of proposed spending was \$15,000 for storm sewers, because some bond issue money still is available and more will probably be added next year, councilmen agreed.

Also taken out was half the cost of the new northeast side fire station, \$40,000. Over the objection of some aldermen, a motion passed to pay half in cash and to borrow the rest from a local bank and include enough in the 1962 budget to pay off the loan. The

Plan Part Of General Revamping

BY JOHN WYNGAARD
Post-Crescent Staff Writer

Madison—The Legislative Council Advisory Commission today urged the state legislature to reorganize the Eighth Wisconsin congressional district by removing from it Manitowoc County and adding Shawano and Langlade Counties, and at the same time offered even more far reaching changes for the neighboring Seventh and Sixth districts. The Eighth district has been represented for 16 years by Rep. John W. Byrnes of Green Bay. The Seventh is held by Rep. Melvin Land of Marshfield, and the Sixth by W. K. Van Pelt of Fond du Lac. They are Republicans and were reelected on November 8.

Would Be Ninth District
Under the plan recommended by the Advisory Club Commission the

Laird district now known as the Seventh would be renumbered as the Ninth and would take in much of the territory now contained in the Tenth represented by Rep. Alvin O'Konski of Mercer. Laird would give up central Wisconsin counties to make up a new Seventh district composed in part of the region now represented by Van Pelt.

The reorganization, if approved by the legislature would have a considerable effect on the political balance of the districts involved and will probably have strong objections from the incumbent congressmen. Like the legislative redistricting plan submitted by the advisory group Tuesday, the congressional district blueprint may be very difficult to enact.

The declared purpose of the changes is to equalize district populations. The Eighth now has 408,000 residents and would have 388,000. The present Seventh has 314,000 and the new Ninth would have 343,000. The Sixth now has 375,000 and would have 423,000.

The new Eighth district if enacted as proposed would include Brown, Outagamie, Kewaunee, Door, Shawano, Langlade, Oconto, Marinette, Forest and Florence Counties.

The new Ninth district (Laird) would include Wood, Portage, Waupaca, Clark, Marathon, Taylor, Lincoln, Price, Oneida and Vilas Counties.

Calumet in Seventh
The new Seventh (Van Pelt) would include Waushara, Winnebago, Marquette, Green Lake, Fond du Lac, Calumet, Sheboygan, and Manitowoc Counties.

A new drive for amendment of the state constitution to provide a modified form of area representation in the legislature is emerging.

The old goal of the upper and rural Wisconsin legislators sometimes called areaocrats got some encouragement when the Republicans won a majority in the two houses of the legislature in the elections last week.

The hope for a change in the legislative apportionment formula got another lift when the Legislative Council advisory committee on reapportionment Tuesday laid out a program for population re-

Father of Two Dies as Car Rolls Over

Joseph Hofacker, 25, Tossed From Auto on State 47 North of City

Joseph N. Hofacker, 25, route 2, Appleton, died shortly before 8 p.m. Tuesday when his car left State 47, hit a culvert and utility pole and tossed him to the ground.

Hofacker, father of two, was dead on arrival at Appleton Me-

morial Hospital with a fractured skull. Coroner Bernard H. Komps said. He was returning home from work.

The car left the highway about two miles north of Appleton, traveled along the shoulder, hit a culvert at the Melvin Hertzfeld home, rolled over and broke off a utility pole, tossing Hofacker to the ground, and went another 12 feet.

Out of Control
The car apparently was out of control for at least 130 feet. County Police Sgt. George Elise said.

The roadway was wet and slippery, police said. Hofacker was married and had

2 Members of Cuban High Court Reported Refugees in Embassies

Havana—The president and another member of Cuba's Supreme Court have taken asylum in foreign embassies, authoritative sources report.

The sources said Dr. Emilio Menendez, Court President, took asylum Tuesday in the Argentine Embassy and Jose Morrell Romero, a court member, sought refuge at the Mexican Embassy.

Neither report was confirmed officially.

Dr. Menendez was appointed president of Cuba's highest court after another lift when the Legislative Council advisory committee on reapportionment Tuesday laid out a program for population re-

Churchill Breaks Bone in His Back

LONDON (AP)—Sir Winston Churchill has broken a bone in his back in a fall at his home, a household spokesman said today.

The former prime minister, who will be 86 on Nov. 30, "will have to remain in bed for a little time," the spokesman said.

Deer Hunters Weep, No Snow This Week

Wisconsin—Mostly fair and cooler tonight. Sunny and a little warmer Thursday. Outlook for Friday: Cloudy with little temperature change. Chance of showers.

Appleton—Temperatures for the 24-hour period ending at 9 a.m. today: High 59, low 40. Temperature at 10 a.m. today: 42. Barometer reading 29.58 inches with wind from the west at 20 miles an hour. Precipitation .20 of an inch to 8.30 p.m. Tuesday. Thunder and lightning.

Sun sets at 4:25 p.m., rises Thursday at 6:52 a.m.; moon rises at 5:01 a.m. Thursday.

Post Publishing Co. Buys News-Record

E. C. Cochrane Remains With Paper as Editor, Publisher

Sale of the Twin City News-Record, daily newspaper published in Neenah-Menasha, to the publishers of the Appleton Post-Crescent was announced today.

Publication of the paper will be continued and its editor and publisher, Edward C. Cochrane, will continue in that capacity.

The transaction involved the sale of the assets of the Neenah-Menasha Newspaper Company, all of the common stock of which is owned by

Cochrane, to a new corporation, Twin City News-Record, Inc., a wholly-owned subsidiary of The Post Publishing Company, Appleton, which publishes the Post-Crescent.

An employment contract under which Cochrane will remain as the News-Record's editor and publisher also was part of the deal.

Will Consult Leaders
V. I. Minahan, president of The Post Publishing Company, in announcing the purchase said it is the intention of the new owners to publish a newspaper "that will satisfy the needs of Neenah-Menasha—the needs both of readers and advertisers, and the community's need for a strong editorial voice that speaks out for the interests of the Twin Cities." While details of how the News-Record will be operated will be worked out later, Minahan said, he and his associates believe that Neenah-Menasha should have a newspaper of its own, and that that newspaper should have an independent editorial policy.

Minahan added that community leaders in the Twin Cities will be consulted before any important

Hops Down Stairs With 1 Leg Severed

MACON, Ga. (AP)—A young factory employee, his leg severed by a machine, hopped 30 feet across a room and down a flight of stairs to get help, police said.

A fellow employee quickly applied a tourniquet to 19-year-old Billy Moore's leg and police rushed him 20 miles to a hospital here.

He never lost consciousness.

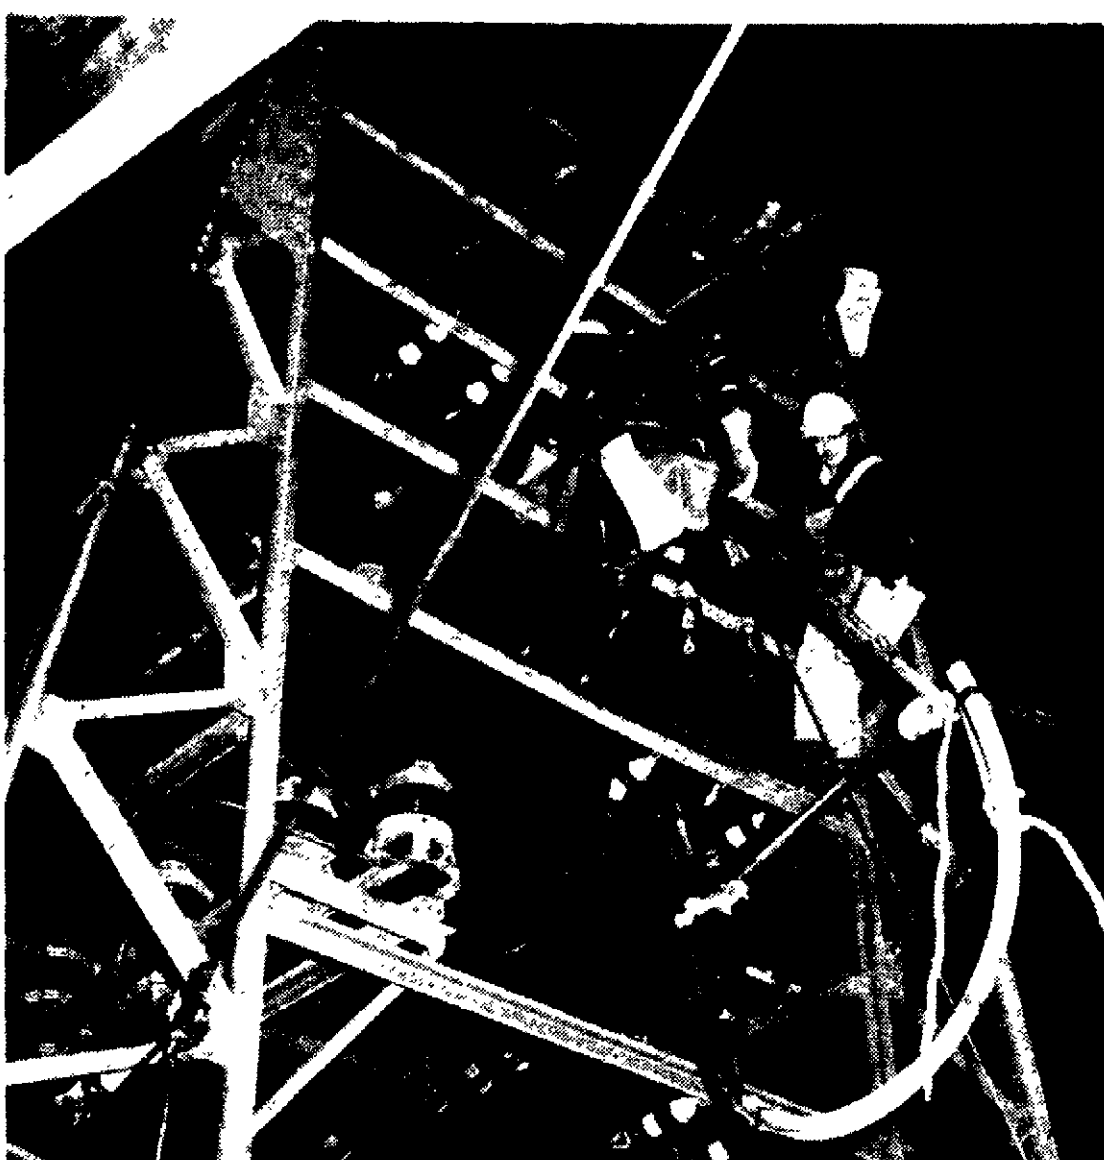

Moore said he was working alone yesterday on the second floor of Southern Clay Products, Inc., at deal will stimulate the London Gordon when his leg was caught and severed at the knee by a big that it will provide a large injection of dollars for the British economy.

Yet the protests gave pause to many stock buyers. The price of hamburger stands and American surge which featured trading in can bowling alleys.

Linemen of Wisconsin Michigan Power Co. hoist cables to connect mobile substation that was rushed into service after fire destroyed electrical apparatus in the utility's substation on Abbey Avenue in Menasha. The mobile substation was used in place of the fire-damaged equipment which provided power of the Island in Neenah.

Neenah Power Cut Greenglass By Substation Fire Out of Prison

Rainstorm, Wind Spread Damage In Southern Sections of State

Thunderstorms and violent wind spread destruction and contributed to at least one death in the state last night and early this morning.

A lightning strike is considered a contributing factor in a fire shortly after midnight in the Wisconsin Michigan Power Co. substation on Abbey Avenue, Menasha. The blaze caused an estimated \$100,000 damage and left parts of Neenah without power for almost six hours. There were no injuries.

Wind damage was heaviest in southern sections of the state. A Clark County woman reported sighting a tornado, but there was no official confirmation.

In Menasha, power company officials set the time of the fire at 12:01 a.m. The exact cause of the fire was not determined but officials suspect a lightning strike may have caused damage which in turn caused the fire.

The fire, as such, probably lasted less than a minute, but produced such intense heat that half-inch thick steel switch plates, steel support bars and porcelain insulators were melted.

Intense Heat
One bank of transformers serving Neenah was extensively damaged. The intense heat caused one transformer to blow out like a ball.

Service was restored to all areas including Neenah's industry but the downtown area and the island in 46 minutes. A mobile substation was brought in from the N. Richmond Street station in Appleton to bypass the damaged transformer. At 2:40 a.m. service to the downtown area was restored by re-routing the power.

By 5:33 a.m. service had been restored to all but a few scattered spots in the city.

Jerry Llewellyn, district supervisor, was one of the first ones to arrive at the substation, a few minutes after midnight. Someone had called the Neenah fire de-

Sylvia Porter Tax Series Begins Today

Appearing on Page D-12 of tonight's Post-Crescent is the first of Sylvia Porter's annual, always popular, stitch-in-time income tax saving series. In four columns she describes tax developments and ways to capitalize on the tax rules while there's still time before year's end.

Other subjects covered in the series deal with getting the most from medical costs, how to give to charities, and shifting income and expenses to save on taxes.

Atom Bomb Spy Serves 9.5 Years Of 15-Year Term

NEW YORK (AP)—David Greenglass, the convicted atom bomb spy who helped send his sister and her husband to the electric chair, went free today after 9½ years in prison.

The short, meek-appearing man emerged at 8:35 a.m. from the federal house of detention. He was accompanied by his attorney, O. John Rogge, who ruled out any statement "now or later."

Greenglass appeared terrified as he confronted 60 newsmen and photographers and heard derogatory shouts from longshoremen and truckers attracted to the scene.

Crowd Jeers Him
"Drop dead, you lousy Communist," a voice in the hostile crowd yelled as Greenglass and his attorney got into a taxicab and left for an undisclosed destination.

Someone else directed the cab, "Drive him off the pier, right into the river, the dirty red rat."

Greenglass accepted the slurs in silence.

Greenglass, now 38, was sentenced to 15 years in prison in 1951 for his part in the spy plot. He got time off for good behavior.

He served his term in the Federal Penitentiary at Lewisburg, Pa., and was transferred to the Federal House of Detention here last weekend to facilitate his release.

What are his plans? Does he have a job? No one is saying.

It was Greenglass' testimony that helped send his brother-in-

Victim Winning 2-Year Struggle Against Despair, Severe Injuries

BY EILEEN LARDNER

NEW BEDFORD, Mass. (AP)—Lita Levine of Brooklyn, N.Y., bought a new pair of hands last week.

The story of Lita and her new hands began on the night of Aug. 15, 1958. Northeast Airlines Flight 258—two hours late out of New York because of bad weather—was coming in for a landing on tiny Nantucket Island, off the Massachusetts coast.

Start of Vacation
Lita, 23, a \$73-a-week cashier in a New York brokerage firm, was starting a 10-day vacation, and tasted her seat belt and turned off smoothed her brown hair with slim, graceful fingers. She deferred reaching for her gloves. It didn't really matter. Soon Lita would not need gloves.

The big twin-engine Convair came down through heavy fog and struck the ground 300 yards short of the runway. It plowed a 500-foot swath through a field of scrub growth and pine trees, then burst into flames.

Twenty-four persons died in the

and freed Lita. "We were given

Turn to Page 9, Col. 1

crash. Of 10 survivors, two later died. Lita was one who lived.

"It happened so suddenly," she recalls. "It was as though it were in a dream, as though it were happening to someone else. One minute everything was fine. The next minute I was pinned under something—I didn't know what."

That something was an 800-pound engine.

"I knew I was badly hurt," exclaimed Lita. "My arms were crossed in front of me and I could see my fingers burning and charred. Her arms and legs were charred, her fingers black. Her right eyelid was deeply burned and there was some impairment of vision. There was almost complete external destruction of both ears and extensive external skull injuries. Her left kneecap was fractured. She had numerous deep

scoop-like cuts.

There were days and weeks under sedation. Her parents, Mr. and Mrs. Nathan Levine, were constantly at her bedside. There

Agree on Nuclear Force for NATO

Final Decision Must Wait for Indication From President-Elect Kennedy; Position Uncertain

WASHINGTON (AP) — The State and Defense Departments were reported substantially agreed today that the United States should provide the North Atlantic Alliance with its own strategic nuclear striking force.

In spite of this development of policy within the Eisenhower administration, high officials are uncertain what position the United States can take on the problem at a ministerial meeting of the NATO council in Paris next month.

Any decisions which are made now on such a long-range undertaking would have to be carried out by the next administration. Secretary of State Christian A. Herter and others here therefore are waiting for some indication of views from President-Elect John F. Kennedy before determining finally the line they will take at the council meeting.

Basic Idea
The basic idea behind the strategic nuclear force for NATO is to provide this country's European allies with nuclear weapons which would be committed primarily to their own defense.

Nuclear rockets are already stationed on Allied territory in the European area but they are subject to joint control of the United States and the nation on whose territory they are based.

One plan which has been talked about both here and with Allied governments would provide for placing a force of Polaris submarines under the direct control of the supreme allied commander of NATO for Europe. Throughout NATO's 12-year history the supreme commander has been an American officer; at present it is

Gen. Lauris Norstad. The expectation is that an American will continue to hold this assignment. Consideration has also been given to stationing modified versions of the Polaris on mobile bases in Western Europe, subject to the control of the NATO commander.

Delegate Power
Officials have now decided, it is said, that if either or both of these plans is finally adopted by NATO the U. S. president should ask congressional approval for the project. Some legal authorities believe the president probably has enough authority already to delegate power over nuclear weapons to an American officer commanding NATO. But the decision now is reported to be that in undertaking a project of such magnitude the president should be assured of congressional support.

Although Kennedy's views on the problem will be sought as soon as possible, he may not want to express an opinion until after he has selected the men who will be his secretary of state and secretary of defense.

Kennedy's Edge Still Dropping

SAN FRANCISCO (AP)—If the present absentee ballot trend continues, Vice President Richard M. Nixon could overtake President-Elect John F. Kennedy for California's 32 electoral votes when Los Angeles' 77,000 ballots are counted today.

Nixon has been averaging about 60 per cent of the absentee count. Approximately half the 220,000 absentee remain untabulated.

Absentee reports in from 54 of California's 58 counties gave Nixon 66,182; Kennedy 45,019. This made the California totals: Kennedy, 3,166,612; Nixon 3,153,207. Kennedy's margin was 13,405.

Africa New War Front, Newsman Says

Nation to Become More Important as Colonies Freed

WILLIAMSBURG, Va. (AP) — Independence for African colonial territories has opened a new front in the cold war, Lynn Heinzerling, Associated Press Foreign Correspondent, said today.

Addressing The Associated Press Managing Editor's Association's annual convention Heinzerling, who recently returned from the Congo, said Africa will become increasingly important in international relations as more territories gain freedom and the Soviets are offered more opportunities of opening up diplomatic relations in Africa and installing their familiar espionage and propaganda networks.

"The Russians suffered a serious and damaging defeat in the Congo, but it is not the end of the Soviet effort in the Congo and other areas of this huge African power vacuum," Heinzerling said. "The defeat was largely due to Russian clumsiness and their unfamiliarity with African political and social customs, particularly the strong tribal influence," he said.

Heinzerling was one of a panel of three AP correspondents who discussed Communist world pressures at the opening session of the APME convention. The other two were Reiman Morin and William L. Ryan.

The Russians, Heinzerling said, "poured large sums of money into Patrice Lumumba's political campaign and backed him to the hilt, apparently failing to recognize that no Congolese political leader has the national stature to enforce unity on the divergent tribal, political and economic forces in the Congo."

"When Lumumba's bubble collapsed, there was no other leader the Russians could turn to as an alternate. He was the only political leader of any stature willing to play with the Russians."

Test Pilot Scott Crossfield sits smiling in the cockpit after flying the X15 experimental craft powered for flight Tuesday with the most powerful aircraft engine ever developed. He said the little black craft was even "hotter" than expected as he flew almost three times the speed of sound. It was the first flight test of the new engine.

Arms Debate Deadlock

Reds Show They'll Deal Only With Kennedy Government

UNITED NATIONS, N. Y. (AP) — Menon had its faults, but that it presented the best hope for solution of the disarmament deadlock.

Eisenhower administration as a night and made clear she will only do business with the incoming Kennedy government.

Valerian Zorin, Soviet deputy foreign minister, sparked an angry retort from the U. S. ambassador who called Moscow's position an unjustified interference in the internal affairs of the United States.

The exchange made clear to delegates that the current General Assembly's attempt to resolve the arms deadlock faces a dead end.

Diplomats Clash
Zorin and U. S. Ambassador James J. Wadsworth clashed in the political committee after the Soviet delegate threw his support behind a compromise resolution submitted by India and co-sponsored by a group of uncommitted nations.

Zorin said the resolution presented by India's V. K. Krishna Menon expressed hope President-

elect John F. Kennedy's incoming administration would seriously ponder this and take steps at the spring session to make agreement on disarmament possible.

Wadsworth countered that the Indian proposal was unacceptable unless it was changed to make it clearer and give it more balance. The United States favors many parts of the resolution, he said, but feels it would "tie the hands of negotiators when they sit down at the table."

Wadsworth then challenged Zorin to accept amendments which would make the resolution more explicit and put it in focus.

Zorin quickly denounced the U. S. suggestion of amendments as a scheme to wreck the resolution and establish loopholes to "squirml out of agreement on the general and complete disarmament."

In view of the position taken by Wadsworth Zorin said the only solution was a spring session of the assembly on the arms issue at the summit level.

Zorin expressed hope President-

Judge Jones called the hearing to determine whether the youth will be tried as a juvenile offender or as an adult.

Dist. Atty. Robert E. Koutnik said Tuesday that juvenile authorities had tentatively agreed to waive jurisdiction. However, the boy's attorney, Patrick Dewane, objected and asked for a formal hearing.

Koutnik said he wants young Evenson adjudged a delinquent and then take him into Municipal Court on a charge of either manslaughter or murder.

Sheriff Alvin Gill said the boy told him that he killed his father, Raymond B. 48, a rural tavern-keeper, Monday night because the elder Evenson had been "picking on" him for some time. Gill said the argument that preceded the shooting seemed pointless.

Spyros Skouras, president of 20th Century-Fox said that delays up to last Sunday had cost "millions of dollars." But he has insisted time and again that Miss Taylor and nobody else would star in "Cleopatra" and he would hold it up as long as need be for her.

Why "Good-Time" Charlie Suffers Uneasy Bladder
Unwise eating or drinking may be a source of mild, but annoying bladder irritations. Making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over exertion, strain or emotional upset, are adding to your misery — don't wait — try Doan's Pills.

Doan's Pills act 3 ways for speedy relief. 1. They have a soothing effect on bladder irritations. 2. A last-pain-relieving action on nagging backache, headaches, muscular aches and pains. 3. A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. Large economy size saves money. Get Doan's Pills today!

Maritime Group Moves to Hamper Cuba-Red Trade

WASHINGTON (AP) — The Maritime Administration Tuesday announced a new move designed to hamper trade between Cuba and the Soviet bloc.

The agency said that in future route to the Mexican west coast, any American ship which is transferred to foreign ownership or Acapulco, said Edward, the registry may not be chartered for youngest of the three Kennedy use in Soviet bloc-Cuba trade without advance approval from all the Democratic party is, that there is no better or more beautiful place to spend a vacation than Acapulco.

President-elect Kennedy is at his father's Palm Beach, Fla., home.

Kennedy Brothers, Wives on Holiday At Mexico City

MEXICO CITY (AP) — President-elect John F. Kennedy's brothers Robert and Edward and their wives joined forces Tuesday night on a holiday from their campaign labors. They were en route to the Mexican west coast. "Our only plans are to rest at Acapulco," said Edward, the youngest of the three Kennedy brothers. "We are convinced that there is no better or more beautiful place to spend a vacation than Acapulco."

President-elect Kennedy is at his father's Palm Beach, Fla., home.

City Asked to Pay \$250 for Gravel Fill

Method of Laying Laterals Under Sewers Changed

A change in city specifications for laying water and sewer laterals under storm sewers probably will cost the city \$250.

The change in specifications was made after Mrs. Arthur Herwig, 724 E. Calumet St., contracted with John McHugh to put sewer laterals in on five lots she owns on Fairway Court.

The change makes it necessary to backfill lateral trenches with gravel bedding so the storm sewer will not sink and damage laterals.

McHugh raised his price \$50 a lateral because of this, and Mrs. Herwig felt she should not have to pay the extra money because the change was made after she had signed a contract.

The board of public works had recommended reimbursing Mrs. Herwig \$15 for each lateral, but decided Monday to recommend paying the whole \$50 for each of the five.

McHugh and Mrs. Herwig both were at the board meeting. McHugh said the cost was \$50 each because of wet conditions.

Okav Remodeling

Board members approved spending \$5,000 to remodel two rooms on the second floor of city hall for the department of public works and engineering offices. The rooms formerly were used by the Wisconsin State Employment Service and Unemployment Compensation, which moved out last month.

Also, the board gave permission to park commissioners to buy 1½ acres of land in Bellaire Park ravine from Richard Wustrack, 805 Vinona Way, for \$2,000. Payment will be made from the Peabody estate fund given to the city to develop the park.

The land is adjacent to the park, and is part of the property the city thought it owned when it paid the Chicago and Northwestern Railway \$10,000 in 1946 for the old railroad right-of-way through the ravine. As it turned out, there were reversionary clauses in some of the railroad deeds saying the property would revert to abutting owners when the line was abandoned.

Lucille Ball, Arnaz Defendants in \$600,000 Suit

LOS ANGELES (AP)—Lucille Ball and her former husband, Desi Arnaz, are among defendants in a \$600,000 damage suit involving the invention of a baby walker.

William H. Reinholz, the plaintiff, contended Monday that he devised the contraption 10 years ago and subsequently disclosed its nature in the expectation that he would share in any profits from its manufacture.

His suit declares that the walker resembles a baby carriage which a child can propel and which cannot be tipped over.

Miss Ball and Arnaz were named defendants because the walker was known originally as the Ricks Jr., the name of their child in their television program.

They authorized use of the name by the manufacturers, who are included among defendants. They are Jack Lane, Charles Fredericks, C. H. Hanneman, Carl P. Dahlberg, Hemet Aircraft Corp., and American Pipe & Steel Corp.

All the defendants deny the walker was patterned after anything submitted by Reinholz.

Discriminating Voters

A significant feature of the extraordinary decisions in the Wisconsin elections Nov. 8 was the marvelous selectivity of the voters in appraising the candidates for the offices high and low on the ballot. While Vice President Nixon was carrying the state with a fairly decisive margin, the voters were also giving Gov. Gaylord Nelson, a Democrat, a second term in the most important office in state politics. But while he was given the reins of the executive department for the second time, the same voters were sending to Madison to work with him a predominantly Republican legislature.

Curious Conclusion

Second guesses on matters are popular and editorial writers are no exception. Somebody at the New York Times has been doing some funny figuring. The Times came out for Sen. John Kennedy "on balance," if without a great deal of enthusiasm, before the election. Apparently someone thought the reasoning needed clarification because the Times carried a second editorial of explanation. One of the main points made in both editorials was that Congress obviously would remain with a Democratic majority and it would be a better thing for the legislative program to have a man of the same party in the White House. But the strange results of the election Nov. 8 gave the Republicans two more Senate seats and changed the political climate of the House of Representatives slightly toward the Republicans although the Democrats still are in a strong majority position in both houses.

A Civil Defense Program

Civil Defense Day will be observed on Dec. 7, which also is Pearl Harbor Day. This is believed fitting in view of the fact that Pearl Harbor Day is remembered for the sneak attack by the Japanese on that harbor. And it is believed that if war comes in this atomic age it also will come in the form of a sudden attack. Because of publicity on this matter, most people are well aware of the terrific damage that could result from such an attack. Millions would die even though we were able to muster superior forces and win the war later, but many could be saved if they were provided with fallout shelters, according to Leo E. Hoegh of the Civil Defense and Defense Mobilization Office. Hoegh says that home fallout shelters are the lowest cost family insurance that can be obtained. He says the cost ranges from \$150 for a do-it-yourself shelter to \$1,500 for a custom-made shelter that also serves as an additional room for the home. He further suggests that people know the warning signals — A steady blast of 3 to 5 minutes means "attack probable; take action as directed by local government." Wailing tone or short blasts for three minutes means "attack imminent — take cover immediately in best available shelter." Know your community plan for emergency action. Be prepared to protect yourself against

It Should be Standard Equipment

When the new president of the General Assembly of the United Nations took office, he was handed the official gavel with which his predecessors had maintained order. It was a solid enough object with a good tough head. But when Khrushchev and his Communist cohorts paid their recent visit to the U.N., Mr. Boland shattered the gavel trying to maintain order or perhaps in competition with Khrushchev's old shoe. Since then

What Others are Saying

Philip C. Jessup, Friend of Hiss, Nominated for U.N. Court Post

Philip C. Jessup, professor of international law at Columbia University and an old cleanup man for the Truman state department under former Secretary Dean Acheson, has suddenly bobbed up as the man who is likely to sit as United States judge on the 15 member International Court of Justice. This tribunal, usually known as the World Court, is the judicial arm of the United Nations. . . . the choice is peculiar. Jessup is best known as one of the moving spirits of the old Institute of Pacific Relations when it was serving as a sounding

man. He stood relatively far down on the Republican ticket. But he won by a margin approaching 200,000, to serve on a capitol executive team that will be led by a Democrat for the next two years. There are those partisans who would cavil about stalemated state administration, about the lack of logic in choosing spokesmen for conflicting points of view who can only rule through compromise and negotiation. For those who feel a strong ideological bias this is perhaps an unfortunate state of affairs. But there are those who believe that the best assurance of prudent government is through such a checkmate arrangement. There also are those who are gratified that the Wisconsin voter is as careful and as discriminating as he has shown himself to be. Both with respect to the ratio of participation this year and in the general results achieved, the people of Wisconsin have a right to feel a little pride in their hearts. For our part, we are joining them.

ment isn't quite the same. Of the 64 Democrats in the Senate, 27 are from the deep south or border states where enthusiasm for the northern liberal programs is noticeably slight. When the southern Democrats are combined with the 36 Republicans in what northern Democrats have called a scandalous liaison, it is obvious that the liberals are far outmatched. In the House of Representatives there are 122 southern or mid-southern Democrats of the 257 with 8 seats still in doubt. There are 172 Republicans. This is hardly a malleable Congress for President-Elect Kennedy. How does the New York Times react? "We think it is a good thing that the election (resulting in these Republican gains) was so close. It should serve as a restraining force, as a reminder to the Kennedy administration that it should proceed with caution and that it has no mandate to embark on drastic changes of policy, either foreign or domestic." Somebody at the Times turned some cartwheels to coordinate these points of view.

radioactive fallout — that means to have a home shelter. Know first aid. Know CONELRAD and have a battery powered radio set. CONELRAD stations operate on 640 or 1240 on your radio dial. Local emergency instructions will be given at those spots on the dial. In an effort to excite more interest in building fallout shelters the Office of Civil Defense Mobilization has allocated \$3,250 to the state of Wisconsin. For this money high school students will construct prototype family fallout shelters for display and to encourage citizens to build their own. Nationally some 600 public schools will receive \$250 each for this purpose. Thirteen schools in Wisconsin will be chosen for the demonstration. In order to qualify for such demonstration shelters, local school superintendents must agree to construct and equip the shelters through the facilities of their school shops during the current school year. They must be built according to federal designs and specifications and when completed must be open for public examination for a period of at least six months. Persons interested in providing fallout shelters immediately may receive free instructions from local defense officials or they can order a copy of instructions by writing to Box Home Shelter, Battle Creek, Mich. It is cheap insurance against one of the serious dangers of atomic war.

sympathetic admirers have sent other gavels with heads of everything from steel tips to a bottle of Irish stout. But a couple more practical souls sent shillelaghs. Possibly the blackthorn shillelagh would not restore order by pounding it on the rostrum. It doesn't make enough noise. But used on a few obnoxious heads it might be the easiest solution to the whole business. The Irish have found it a temporary respite from anger for centuries.

board for communist advances in Asia. The Senate internal security subcommittee characterized this organization as a transmission belt for infecting Americans with communist propaganda. As an ambassador at large under Acheson, Jessup edited the 1,054 page white paper published by the Truman state department in 1949 to explain the loss of China to communism. Prof. Kenneth Colegrove of Northwestern university characterized this publication as "one of the most false documents ever published by any country." Jessup was a character with-

No Menial Tasks

Research Studies Show Teenage Students Can Produce Adult Work

BY LYNN POOLE The Johns Hopkins University For each of the past five summers a small group of high school students from the Washington, D. C., area have been getting the chance of a lifetime to work at close range with some of the nation's leading scientists in a bold program which is uniquely striving to interest more young people in a science career. If proof is in the pudding, the program has succeeded remarkably. The program is sponsored by the Operations Research Office, an Army contract research organization administered by Baltimore's Johns Hopkins University. New Each Summer Despite the fact that scientists at ORO (the office's informal code name) are knee-deep in top-priority military research projects, they have taken the time to guide a different group of talented students each summer in the methods of operations research—one of America's newest scientific disciplines. The whole idea was the brainchild of Dr. Ellis A. Johnson, director of ORO and one of the country's leading operations research experts. He has long held a belief that qualified youngsters can produce work of adult standards. To back up his belief he notes the tremendous numbers of great contributions and discoveries in the arts and sciences that were made during the 17th, 18th and 19th centuries by young people in the age group of 12 to 20. Says Dr. Johnson: "We are treating our students, some of them as young as 15 years, as adults: in turn, we expect them to respond with a research project representative of adult work." Some outsiders doubted that Dr. Johnson could get "adult work" from high school students when the program began in the summer of 1956. But Dr. Johnson stood steadfast, and today the doubters have been dispelled—for the program has been successful beyond expectation. Excellent Research A group of 11 students a couple of summers ago, for example, studied Washington's Civil Defense set-up and they came up with some eye-opening conclusions — of greater Washington's 1,677,000 population, only 330,000

would survive a nuclear attack, based on existing shelter facilities. The student's report was deemed an "excellent piece of research and worthy of ORO publication" by a stern review board which included a pair of retired Army generals. A subsequent briefing given to all ORO personnel brought forth, "for the first time, spontaneous applause at the conclusion" according to Miss Jean Taylor, coordinator of the program. Pioneering Work To date the students have authored 10 publications on their research, three of which have been published in professional journals. And two students who took part in the program the first summer have now finished college and have been hired to the staff of ORO. The important thing about this program is that the students are not hired to wash test tubes or sweep laboratory floors; instead, they are assigned their own research project which they must carry out. One of the most interesting

studies conducted was entitled "Psychological Problems during Shelter Confinement Following a Thermonuclear Attack". In short, according to the students, this was undertaken to determine what would happen to people if forced by nuclear attack to spend two weeks sealed in a hole in the ground. This was a pioneering piece of work. Never before had such research been done. The research paper, produced by students 16 and 17 and 18 years of age, played a prominent part in a Department-of-Defense level meeting in 1958. The student's paper was the only one that had considered this specific problem. Everyone connected with the program at ORO and Johns Hopkins are enthusiastic about the program's success to date and its potential in the future—especially if more such plans could be inaugurated by industries and research organizations around the country. One has only to visualize a 15-year-old fellow dictating letters to a secretary to realize a small portion of the program's worth.

Looking Backward

Big Excitement at Charleston

100 YEARS AGO Quoted from the Appleton Crescent for the week of Nov. 17, 1860. Dispatches say that an unsuccessful attempt was made Nov. 9 to remove the government arms from the arsenal in Charleston, S. C., to Fort Moultrie. There was great excitement in consequence. The shipping hoisted the Palmetto flag, and the steamers' whistles saluted it. Immense resistance meetings are to be held in Columbia and Charleston. No apprehension exists in official quarters in Washington, D. C., that any efforts will be made to seize the forts or other public property in the South, as no such movements would be tolerated by the authorities of the States in which they are located. Nothing will be done by Executive authority which would tend to exasperate the public mind

against the general government at this juncture. The resignations of the Federal officers being contingent upon their acceptance by the President, time will be given to reconsider their action. 25 YEARS AGO Wednesday, Nov. 13, 1935 Resignation of James H. Carr as Wisconsin secretary of state on the eve of his impeachment trial, apparently spelled the end of the ouster charges, based on his administration of the state's liquor licensing department. The state government's 80 per cent share of the cost of old age pensions were to be met in full on Jan. 1 providing the counties do not spend more than \$200,000 for pensions during the first quarterly period ending that month, the state pension board advised that day. A committee composed of A. J. Geniesse, Louis Luebke, Alex Sauter, Royale LaRose, Ross Williams and Herman Hecker, was named by Ray Eichelberger, chairman of the retail division of Appleton Chamber of Commerce, to handle the lighting and decorating of College avenue for the Christmas holidays. Organization of a Fox River Valley Semi-Pro Football league was being considered by a number of the valley teams and a meeting was expected to be called soon.

10 YEARS AGO Wednesday, Nov. 15, 1950 Sec. of the Treasury Snyder proposed a 75 per cent excess profits tax on corporations to raise the extra \$4 billion that President Truman wants to help pay for the expanding defense effort. Red battalions smashed back South Korean troops at two widely separated points on the United Nations line. Attacking Com-

Under the Capitol Dome Nelson, Legislature Should Get Along

BY JOHN WYNGAARD MADISON—In trying to assess the prospects for the relationship between the Democratic governor and the new Republican legislature-elect these are some of the relevant factors: Gov. Nelson is in better position to arrange for a truce on the more controversial aspects of state affairs than some of his predecessors who held the executive office during unfriendly legislative eras because he has a fairly intimate acquaintance with many of its leaders and rank and file members. He has an understanding of legislative psychology and operations through his own considerable service in the state senate. The Republicans who will be in control of the legislative branch will have a keen awareness of the extent of their own victories, as well as the fact that their victories under the circumstances of the campaign amounted to a vindication of their resistance to Nelson's major proposals in the preceding session. The governor, if it comes to a fight, has superior mechanical resources with which to counterbalance the electoral security of his Republican rivals in the legislative branch.

with his superior resources of communication. To a considerable degree the Republican party's prospects for 1962 too will depend upon the results of the legislative session in 1961. THE BALANCE The one important fact about Wisconsin politics today is that no party can be sure of superiority for very long. The Republicans held the capitol for long periods with a kind of arrogant assurance that this was a 1-party state. The Democrats prematurely assumed after the 1958 election that the Republican party was broken and that this year they would complete the whipping they had started two years ago. By any test that can be named, Wisconsin now has two evenly matched, healthy, vigorous party organizations, and an electorate that is as closely divided in a party way as any in the country. Among reasonable men that would compel a prudent approach to challenges that will abound in the new legislature. There can be no confidence in either camp that extremism will pay. Meanwhile, it provides the kind of check-reins in a period of difficult decisions that the man who stands somewhere between the ideologies of the time must welcome.

Stocks, Not Rocks, Girl's Best Friend

From The Toronto Telegram Time was when a diamond bracelet from Cartier's was the ultimate test of male devotion, and diamond diggers were at least as plentiful as gold diggers. But recently the fair sex's faith in "rocks" has been somewhat shaken. It was a trim blonde from Los Angeles who dropped the first bombshell. Stocks, not diamonds, are a girl's best friend, she said. Diamonds, she argued, don't pay dividends; they are hard to sell and they cost upkeep. Since then, a Toronto real estate man says that (guess!) real estate also has a special claim on a girl's friendship. Of course, this is a materialistic age. Is it surprising that the hand which tomorrow will rock the cradle is meanwhile interested in signing stock certificates or clinching real estate deals? For sheer glamor, diamonds still have it. Imagine a young beau of tomorrow, ready to pop the question, producing not a diamond engagement ring but a stock certificate from his pocket. "If you'll marry me," he says, "these 100 shares of Able Baker Co. will be yours for life." And his girl will answer, "Yes, but what's the dividend?" End of romance.

Free Lumber Offered to Vandals' Parents

From The Wyoming State Tribune The State Central Savings Bank of Keokuk, Iowa, offers free lumber to parents of vandals who took apart its wooden sidewalk benches. A spokesman stated that the lumber "will make a heck of a well padded, and used on one end, might cause some thought at the other end." That's applying a principle with added interest in the way of a well-deserved dividend for the parties concerned.

Cities Mourn Loss of Doctor With Vitamins

From The Dallas Morning News Where do you find the family doctor now? In a big city, he is apt to be some sort of specialist with a whole clinic attached. Maybe that is why the city folk have vitaminitis.—Dallas Morning News.

GRIN AND BEAR IT

By Lichty

"Naturally, there's nothing to do or see on the moon . . . But once the trip is practical the high price tag will have a certain snob appeal!"

Expect New Rule on Tax Exemptions

Study Group Sees Need to Tighten Present Policy

Post-Crescent Madison Bureau
MADISON — The 1961 legislature will be asked to prevent further erosion of the local property tax base by setting up a set of standards against which future property tax exemption proposals would be tested.

The recommendation will come from a legislative study committee, which made an investigation of the tax exemption problem under terms of a 1959 legislative resolution sponsored by the League of Wisconsin Municipalities and others.

The proposal for closer scrutiny of exemptions came from a group headed by Sen. Lynn Staib, a Democratic leader on finance and tax measures, and including Sen. Robert P. Knowles of New Richmond, who will be one of the leaders of the new Republican legislative majority.

Suggested Revisions

The committee said that many of the long list of present exemptions are probably too deeply rooted in the political system to be disturbed. It said future exemption legislation should be based on three categories: exemptions for public use; the difficulty of administering the tax; and those granted because the property is taxed by some other type of tax.

In three other recommendations that would be fiscally helpful to some local communities in broadening their property tax bases, the committee called for legislation that would:

1. Require the University of Wisconsin to pay tuition to the Madison public school system on behalf of children of parents living in non-taxed University dormitories.
2. Permit local units of government to tax conservation department lands on local assessed values for the levying of school taxes.
3. Make public properties, and especially state properties, liable for special assessments levied by communities for streets, sewers and other public service expenditures.

A Representative of the North Central Area YMCA staff, Samuel Edgar, left, Milwaukee, spoke to Jay Tilkens, Kathy Jones, Gail Jacob and other members of Appleton Y groups Tuesday on YMCA activities and aims.

Painter Falls to His Death Because Boy Cut Rope 'As a Joke'

NEW YORK (AP) — A house painter plunged to death from a scaffold outside an apartment house because an 11-year-old boy cut one of the scaffold ropes "as a good joke on the painters," police say.

The painter, Harry Perlmutter, 62, stepped out a third-floor window onto the scaffold Monday. The rope parted and he plunged to a concrete courtyard.

Investigators noted one of the strands had been cut. They questioned a juvenile delinquent who admitted cutting the rope. He will be arraigned on a juvenile delinquency charge.

Dr. Waterman Memorial

40 Opera Scores Added To Lawrence Library

More than 40 opera scores have been added to the library at the Lawrence Conservatory of Music through a memorial gift to the late Dr. Carl J. Waterman, who was a faculty member and dean of the conservatory for 43 years.

The music of the Carl J. Waterman Opera Score Collection, has been placed in the library of the Music-Drama Center, which also was named in his honor. Waterman died in June, 1959, the day before he was to assist in the dedication of the building.

Dean Marshall B. Hulbert and Marguerite Schumann, publicity director of the college, were chairmen of the memorial fund effort among Lawrence alumni which resulted in the acquisition of the scores, while LaVahn Maesch, director of the conservatory, and James Ming, professor of music, made the score choices. The bookplate which identifies the collection was designed by Richard Machamer of Neenah.

Contemporary Music

The collection is slightly weighted in favor of contemporary music, for most of the standard opera scores were already in the conservatory's possession.

Classical scores included in the gift are: Beethoven's "Fidelio," Bellini's "Norma," Charpentier's "Louise," Cherubini's "Medea," Debussy's "La Demoiselle Elue," de Falla's "El Retablo de Maese Pedro," Delibes' "Lakme," Donizetti's "Lucia di Lammermoor," Giordano's "Andrea Chenier," Massenet's "Manon," Monteverdi's "Il Combattimento di Taurine," Pergolesi's "La Serva Padona," Poncielli's "La Gioconda," Ravel's "L'Enfant et les Sortilèges," and "L'Heure Espagnole," Strauss's "Salome," Op. 54; and Verdi's "Falstaff," and "Otello."

Twenty-six scores of contemporary operas are also included in the gift, including such composers as Berg, Barber, Bartok, Copland, Foss, Hindemith, Honegger, Milhaud, Douglas Moore, Poulenc, Stravinsky and Weill.

Largest representation from a single writer is Stravinsky, whose "Mavra," "Renard," "Persphone," "Oedipus Rex," and "The Rake's Progress" are included. Four Milhaud works in the list are: "L'Abandon d'Ariane," "La Deliverance de Thesee," "Le Pauvre Matelot," and "La Bibbie Egaree."

Policemen of The Fox Cities

(This is another in a series of stories on Fox Cities area policemen.)

James C. Wisner, 25, 229 W. College Ave., joined the Appleton Police July 16, 1959, and is a patrolman. He is married.

Wisner graduated from Marinette High School and attended Marinette County Teachers College. He served in the U.S. Air Force. Wisner previously worked as a salesman. His hobbies include basketball and softball.

Says Republicans Are in a Bad Way

Nixon Seen as Only Man Capable Of Keeping Alive Party's Center

BY WILLIAM S. WHITE

WASHINGTON — Though it lost the presidency only by the most desperately thin popular margin in three-quarters of a century, the Republican party is in a bad way nationally. It is in so bad a way that the outlook is extremely good for its defeated champion, Richard M. Nixon, to gain a second presidential nomination in 1964.

Paradox is the word for the present position of the GOP. If it is short on followers, it is, in a curious way, long on leadership—that of Nixon. He picks himself up from the dust as still not only the strongest man in his party but also as the one man likely to become indispensable to it for the big race four years from now.

Wins Bright Future
In losing so narrowly, as the candidate of a party which went into battle trailing by 4 to 6 in voter registration, he has won a bright party future for himself. It is far from a disgrace to lose by a single field goal when the odds had favored your opponent by a couple of touchdowns.

Nixon has not the slightest reason even to contemplate unconditional surrender. He has become more than ever necessary to the GOP because of the after-effects of the election he lost. He is today the only man around remotely capable of keeping alive the whole vital center of the GOP.

Rockefeller Heads Down
Gov. Nelson Rockefeller of New York, favorite of the fragmentary liberal wing of the party, is beyond doubt headed down and not up. The loss to the Republicans nationally of his own state, by a majority so tremendous as to have few parallels in history, has marked Rockefeller as the man who could not or would not deliver for his own party when the chips were most bitterly down.

It is thus just short of inconceivable that he could have any wide influence at the 1964 Republican national convention.

The hero of the GOP right wing, Sen. Barry Goldwater of Arizona, has emerged personally unscathed from the late hostility

ies and, in a way, a bigger man than before. Here, too, however, no objective observer can find any serious rival to Nixon in '64. Goldwater, though far more liked now by practically all GOP factions than is Rockefeller, carries all the same a fatal disability as a presidential contender. Honest, candid (and wrong-headed), he is too rigidly ultra-conservative for the world of reality in which we live, just as Rockefeller is too ineffectually liberal for that world.

If the moderate Nixon could not recruit in 1960 enough independent and dissatisfied Democratic votes to win the country, a right-wing Goldwater in 1964 would not be able to recruit one-tenth enough. The Republican pros "like Barry," and with good reason, in the human sense. But they won't "take Barry" in 1964—because they want to win.

All these circumstances makes Nixon the all but irreplaceable GOP man for 1964. Somebody has got to keep the true heart and muscle of the party, its core and center as represented by the moderate-to-conservative, still going. And that somebody is Nixon.

No Longer 'Tricky'
He will be in perfect position to do the job: out of the responsibilities of public office; but possessed of the vast advantages of his titular party leadership. No longer compelled by loyalty to defend the weaknesses of a retiring administration. Rid at last, because of a decent and fair campaign, of the old whispered suggestions that there was "something wrong" with Richard Nixon.

Nixon is a walking casualty sure to recover for more warfare. But a permanent and buried casualty now will be that old epithet which so long punished him: "Tricky Dick."

Rural Brillion Driver Uninjured in Accident

CHILTON — In an accident reported to Calumet County traffic police Tuesday, Mrs. Beverly A. Geiger, 31, route 1, Brillion, lost control of her car on a town road one mile northwest of Brillion at 8:45 a.m., Nov. 13. The car left the road and struck a fence post. Mrs. Geiger, who was not injured, complained that a front tire came off the rim as she was rounding a curve.

Marles Noie, 17-Year-Old Lawrence College freshman from Kenosha, is shown at left as she appears today and at right as a 5-year-old prodigy of the pianoforte. When a year younger than depicted, Marles appeared in a movie with Margaret O'Brien, and plans were discussed for making her a star of equal magnitude. The movie depression which occurred with the surge in television put an end to her career. She is now a student of music at Lawrence.

Starlet at 4

Movie Actress, Retired for 10 Years, Attends Lawrence College

BY MARGUERITE SCHUMANN

A movie actress who has been in retirement for more than a decade has sought out Lawrence College to continue her education this fall.

The actress is not, as you might expect, a chic but faded beauty. She just finished high school last June, and is as bright-eyed and fresh-faced as any other 17-year-old.

She is Marles Noie, Kenosha, who began a public career as a pianist when she was three, who was featured in a Margaret O'Brien movie when her contemporaries were still happily shoveling in the back-yard sandbox, and who retired with the movie depression caused by television around 1947.

Father From Kaukauna
Marles' father, John Noie, was a one-time Kaukauna resident and son of the Frank Noies, 311 Depot St., but the family lived in Kenosha and Los Angeles during her early childhood.

Marles' older sister, Maxine, was taking piano lessons, to which the baby listened with no particular interest. During the middle of one school day, howev-

er, the girls' mother heard what she took to be Maxine playing her lesson in the living room. Mrs. Noie went in, prepared to be stern with Maxine for skipping out of kindergarten. She discovered 21-month-old Marles perched on the piano bench, imitating her sister.

Before long, Marles could play anything Maxine could, with only two or three hearings. Her mother, a one-time vocalist with such dance bands as Anson Weeks and Greg Manners, taught Marles the names of the notes, but the child continued to learn her repertoire by ear. It was discovered that she had absolute pitch and galled the rest of the family considerably by calling out (when her mother or sister were practicing) "No, that's supposed to be an E flat, not an E!"

Performs at Age 3
Since Marles is left-handed, she had no difficulty with the bass parts, and soon had a two-handed repertoire of things like Brahms' "Lullaby," "Shoo Fly Pie," "The Easter Jarade," "On The Atchison, Topeka and the Santa Fe" as well as Irish folk songs.

At three, she played her first

public performances in Kenosha before service clubs and in a local theater. (It is recorded that she shared a program for the Optimists with a judge who spoke on "Wills and Probates" and that once she accompanied her mother's singing before the Kiwanis Club. She had to hurry home from luncheon meetings, however, for her nap. No amount of public attention could dissuade her from sucking her thumb.)

A Paramount news short of her abilities was filmed in Kenosha. Press clippings began to roll in from the whole nation after the International News Service distributed her photo, and in June, 1947 she set off for Hollywood with a one-year contract with MGM under the aegis of Joe Pasternak, creator of child stars.

Remembers Little
Marles was still shy of four years when her family took her to the coast. In fact, she passed an inconspicuous birthday on the parts, and soon had a two-handed repertoire of things like Brahms' "Lullaby," "Shoo Fly Pie," "The Easter Jarade," "On The Atchison, Topeka and the Santa Fe" as well as Irish folk songs. At three, she played her first

new I think probably been told to me," she apologizes. But her meeting with Margaret O'Brien is indelibly imprinted on her mind. "I had been told so much about Margaret and making a picture with her, that when I saw her, I ran up and threw my arms around her knees. Margaret just stood there. Then her mother said, 'Hug the little girl, Margaret.' So she did."

Professional School
"That was the way she was all the time. She'd do what she had to do, but she didn't seem to have many feelings off the stage. Her mother just sort of dragged her around and told her what to do."

While working on the movie "The Big City" in which Marles played the piano and sang to support Miss O'Brien and Butch Jenkins, the three became friends. The two older stars would often stop in Marles' dressing room to polish off a box of wafers.

The sort of things that stick in Marles' mind about Hollywood are the sort of inconsequential things a child would remember—the position of objects on the movie set, the heat and the brightness of the lights, and watching Margaret O'Brien endlessly repeating a certain scene in which she imitated a night club singer. Marles also recalls going to the Hollywood Professional School for the specialized sort of education youngsters need before they can be trusted in the public eye.

Liked Lou Costello
"I remember sitting in a circle of chairs, and we would pass plates of cookies around and learn to eat them properly. They taught us manners, they taught us how to write our autographs instead of printing them, and they taught us singing, dancing and French for poise."

Marles was particularly busy with guest appearances on radio and television. She appeared with Al Jolson, with Garry Moore on his Breakfast in Hollywood, and with Abbott and Costello. The late Lou Costello was her favorite Hollywood human being. "He was a natural humorist and one of the nicest people my mother has ever met. I had a little white bunny-fur coat on when I came into his show, and he backed away from me in mock terror, Marles smiles in recollection."

When she played and sang "God Bless America" in "The Big City" she was photographed extensively with Irving Berlin, who pronounced her "truly a genius." The young genius ingeniously played her most recent composition, "Mommy's Doll," for Berlin's approval.

Played In Fox Cities
When "The Big City" was released, Marles went on a personal appearance tour with the movie in the Midwest. She played in Appleton's old Elite Theater, at

State Senators From Fox Valley Gain in Rank

Each of Republicans From Section Have Seniority Among GOP Leaders

Post-Crescent Madison Bureau
MADISON—A majority of the state senators from the Fox Valley area will be in a position to claim rank and power as chairmen of standing committees of the upper house of the legislature when it is organized next January.

Each of the Republican senators from that section has seniority among the majority Republicans who will control the senate as a result of the elections a week ago.

Two of them, Sen. W. A. Draheim of Neenah and Sen. Leo P. O'Brien of Green Bay, held committee gavels during the 1959 session and are presumed to be probable choices for the same assignment in the 1961 deliberations. They headed the joint finance committee and the committee on government and veterans' affairs, respectively.

Large Possible
Sen. Gerald Lorge of Outagamie county is figuring in current speculation as a possible choice as leader of the education or judiciary committees.

Sen. A. A. Laun of Kiel was one of the members of the committee on labor, taxation, insurance and banking committee last year, and may make a bid for its leadership. But he would likely have to compete with Sen. Robert P. Knowles of New Richmond.

Laun once headed the committee on finance, but lost it to Draheim.

Similarly Sen. Reuben LaFave of Oconto is building up seniority and has made the field of conservation one of his major interests as a law-maker. He is being mentioned as a possible choice for the senate conservation committee, but there are some doubts that he would want to compete for that position with his friend Sen. Clifford Krueger of Merrill, the 1959 chairman who is returning to legislative service.

Kennedy's Brother On Mexico Vacation
MEXICO CITY (AP)—Robert F. Kennedy, brother of President-Elect John F. Kennedy, arrived here by plane for a short vacation Monday night with his wife, Ethel. They plan to go to Acapulco Wednesday.

Kennedy told newsmen, in answer to questions, that the president-elect, plans to send Spanish-speaking diplomats to Latin America and seek a solution of the Cuba problem through a good-neighbor policy with Mexico and other countries of the hemisphere.

Injury Victim Winning Long Fight After Crash

CONTINUED FROM PAGE 1

followed during the next two years 37 operations. Surgeons tried to save her fingers — and failed.

Loses Fingers
There came a victory when Lita stood on her good left leg. And, a month later, the worst blow when on Nov. 10, she learned her fingers were gone.

"At first I made myself believe it was a bad dream, that the fingers would grow back on again," she says.

The despairing girl, asking for death, said, "I won't accept it; I won't live without hands." Eighteen hours a day her mother fought a battle of the spirit. In between Lita's father took over, softly speaking hour after hour that she would be all right.

The parents' love won and Lita at last accepted the thought, "I did have a chance; I had to get better."

Doctors cut V-clefts between the stumps of her thumbs and middle fingers. With her maimed hands she could hold a cigarette, or a cup of coffee.

More Surgery
"At last, I could do some things for myself," she says.

On June 29 this year, after 101 weeks, she was discharged. But ahead lay more surgery. She had to have a new right eyelid and lashes. Her brown hair had been replaced with a wig. Her arms and legs were scarred. External portions of her skull, including her forehead, needed more surgery. Her nose had been re-made. One leg is permanently stiff.

A few weeks ago she was awarded a settlement of \$375,000 for her injuries.

Now she has plans. She will shop for drapes for the Boston apartment where she and her parents live while awaiting her further surgery. Maybe she will paint. She was good in art while at school.

She hopes to tour Europe for six months or so.

Her invested trust fund should care for her needs for life. But she hopes to work again in a brokerage house.

Father of Two Dies as Car Rolls Over

CONTINUED FROM PAGE 1

two children. Also surviving is his father, William, same address. Funeral arrangements are being made at Ellenbecker's Funeral Home.

Also at the scene were County Patrolmen William Block and William Janssen and Sheriff Robert Heinrich.

Second in Two Days
Hofacker's death is the 18th in Outagamie County compared to 21 last year at this time. It is the second traffic fatality in two days.

Mrs. Irma Miller, 51, Cedarburg, was killed Tuesday as she walked along Highway 57 near her home. She stepped onto the pavement to avoid a puddle during a storm and was struck by a car.

The deaths raised Wisconsin's 1960 highway toll to 763 compared with 716 on this same day last year.

Greenglass Out of Prison

CONTINUED FROM PAGE 1

law, Julius Rosenberg, and his sister, Ethel Rosenberg, to the Sing Sing Prison death chair.

Greenglass, a former Brooklyn machinist and U.S. Army technician, pleaded guilty for his part in the theft of U.S. atomic secrets, which were passed on to the Soviets. He was the government's key witness at the Rosenbergs' trial.

A radar expert, Morton Sobell, joined the Rosenbergs in denying their guilt and stood trial with them. All three were convicted. Sobell was sentenced to 30 years. The Rosenbergs were executed in June 1953.

Another member of the ring, Harry Gold, a Philadelphia biochemist, pleaded guilty and was sentenced to from 8 to 30 years in prison.

Sobell and Gold are still in prison.

Reason for Betrayal
Why did Greenglass steal atomic information? He said it was because he felt the Soviet Union—wartime ally of the United States—was entitled to it.

Greenglass was born on New York's lower East Side, and in his youth belonged to the Young Communist League. In 1943, he was inducted into the Army and a year later sent to Los Alamos,

Plan Proposes Revamping of 3 Districts

CONTINUED FROM PAGE 1

districting that will almost surely be resisted by a majority of the members of the 1961 legislature because their own political interests will be adversely affected.

New Support
The two developments are creating a new interest and possibly new support for the previous plan, to organize one house of the legislature strictly on a population basis—presumably the assembly—and the other with some concessions to the geographical expanse of rural Wisconsin. Such a plan barely missed enactment during the last round of the reapportionment controversy, following the census of 1950.

Many out-of-state Republicans have been hostile to the idea of population districting that they fear will ultimately put the state government under the domination of the larger cities of southern Wisconsin. Lately they have had some assurance of similar feelings on the part of out-state Democrats and especially those of the far northern counties.

Personal Too
More likely to damage the new reapportionment plan, however, are the personal complications that are promised for the incumbent legislators including some of the most powerful leaders in the upper house. Such men as Sen. Frank Panzer of Dodge County and Sen. Jess Miller of Richland County would have their districts changed in such a way as to affect their security. Miller, moreover, would be required to run against Sen. Robert Travis of Platteville, another GOP leader, in the next election in order to survive. One of them would go down.

A more dramatic example of personal misfortune in the planned redistricting is Sen. Clifford Krueger of Merrill, one of the most popular men in the legislature. Krueger lost his seat in the last redistricting act, waited until he could run in a new district, and returned to the capitol. Now he contemplates a plan that would take away from him four fifths of his present territory, hand him an equivalent slice of new territory, and force him to fight for a seat in the next election with well-established senators like Sen. Robert Dean of Wausau or Sen. Reuben LaFave of Oconto.

N.M., where he worked on the atomic bomb. Greenglass provided a sketch of the bomb—the type dropped on Nagasaki, an expert said—for Rosenberg for relay to the Soviet Union. Greenglass was arrested in 1950.

The spy ring allegedly was headed by Rosenberg, but masterminded by Anatoli Yakovlev, a former Soviet vice consul in New York. He disappeared before the espionage ring was uncovered.

The ring also reputedly had connections with Klaus Fuchs, a British scientist, who served a prison term in England. Fuchs, after his release, disappeared behind the Iron Curtain.

Greenglass' wife, Ruth, was named a co-conspirator but not a defendant at the time Greenglass was arrested. They have two children.

Referendum Due On Algerian Issue

PARIS (AP) — President Charles de Gaulle told his cabinet to-

day he intends to call upon the nation to approve in a referendum a new administrative organization created to rule until Algerians by a vote determine their own future.

The referendum in France and Algeria, De Gaulle told the cabinet, will be called at the proper time.

The new administration is to be time.

Absentee Votes Give Democrat Missouri Victory

JEFFERSON CITY, Mo. (AP) —Rep. Morgan Moulder, a Democrat, apparently has been elected to a seventh term in Congress from Missouri's 11th District.

The complete, unofficial tally in the 17-county district gave Moulder 74,836 votes to 74,455 for the Rev. Robert A. Bartel, of Columbia, Republican candidate.

Moulder got his winning margin in absentee ballots cast in heavily Democratic Randolph County, which finished the official canvass Tuesday.

The four Republican judges refused to sign the canvass report on the grounds that "there are challenged votes and illegal votes counted over our objections."

U. S. Base Question of Law, Castro Declares

HAVANA (AP) — Prime Minister Fidel Castro has told workers from the U.S. Naval base at Guantanamo bay that possession of this installation in eastern Cuba is "a problem of law, not of force."

Government-controlled newspapers reported Castro's speech today. He made it Sunday night in Guantanamo City at a high school about 20 miles from the main entrance of the base.

This was the bearded prime minister's first visit to the Guantanamo area since his government first raised the question of Washington surrendering the big base.

Castro said the Cuban workers must "make the sacrifice" of serving in his workers' militia to avoid giving the United States any pretext for violence.

"This is a battle we are winning and that we will keep on winning," he said.

Wednesday, Nov. 16, 1960 Appleton Post-Crescent A9

State District Plan Approved

CONTINUED FROM PAGE 1

districts are so large in area that they cannot be fairly represented under present apportionment. He is in favor of geographical apportionment.

Population Basis
Assemblyman Allen Flannigan, told Hutnik that the plan offers "reapportionment according to population and that is what we (the committee) were told to do."

The Senate realignment proposal would place two lawmakers now in office in the same district in at least three separate areas. The involved areas are now represented by Sens. Robert Knowles, R-New Richmond, and Howard Cameron, D-Rice Lake; Sens. Clifford Krueger, R-Merrill, and LaFave, R-Oconto, and Sens. Jess Miller, R-Richland Center, and Robert Travis, R-Platteville.

Milwaukee Gains
The Assembly plan would increase Milwaukee County's representation to 26 and Waukesha County's to four, a gain of two papers reported Castro's speech today. He made it Sunday night in Guantanamo City at a high school about 20 miles from the main entrance of the base.

Flannigan said the plan would accomplish Assembly reapportionment with the "closest possible approach to accuracy while affecting only 16 of the present 74 districts outside Milwaukee and Waukesha counties."

The Senate plan would slice the northern third of Wisconsin into three large districts and put LaFave and Krueger into one district. It also adds Lafayette and Green counties to a rural Dane County district.

The 10 districts left unchanged include the 1st, 2nd, 14th, 15th, 21st, 22nd, 24th, 26th, 28th and 29th.

Democrats, citing nearly a dozen discrepancies in several precincts, are demanding a recount. Republicans oppose it.

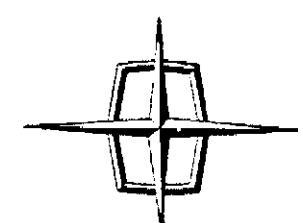

Upton Close, author and former radio commentator, was killed in a car-train accident at Gudolajara, Mexico Sunday. Close, whose true name was Joseph Washington Hall, was 64.

Nixon Now Has 14 Vote Lead In Hawaii Count

HONOLULU (AP) — Hawaii's vote totals for the Nov. 8 presidential election now give Vice President Richard M. Nixon a 14 vote lead over Sen. John F. Kennedy as an audit of the island ballots continues.

William Kaina, administrative assistant in the lieutenant governor's office, said the latest unofficial totals Tuesday gave Nixon 92,505 votes to Kennedy's 92,364. The state has three electoral votes.

Democrats, citing nearly a dozen discrepancies in several precincts, are demanding a recount. Republicans oppose it.

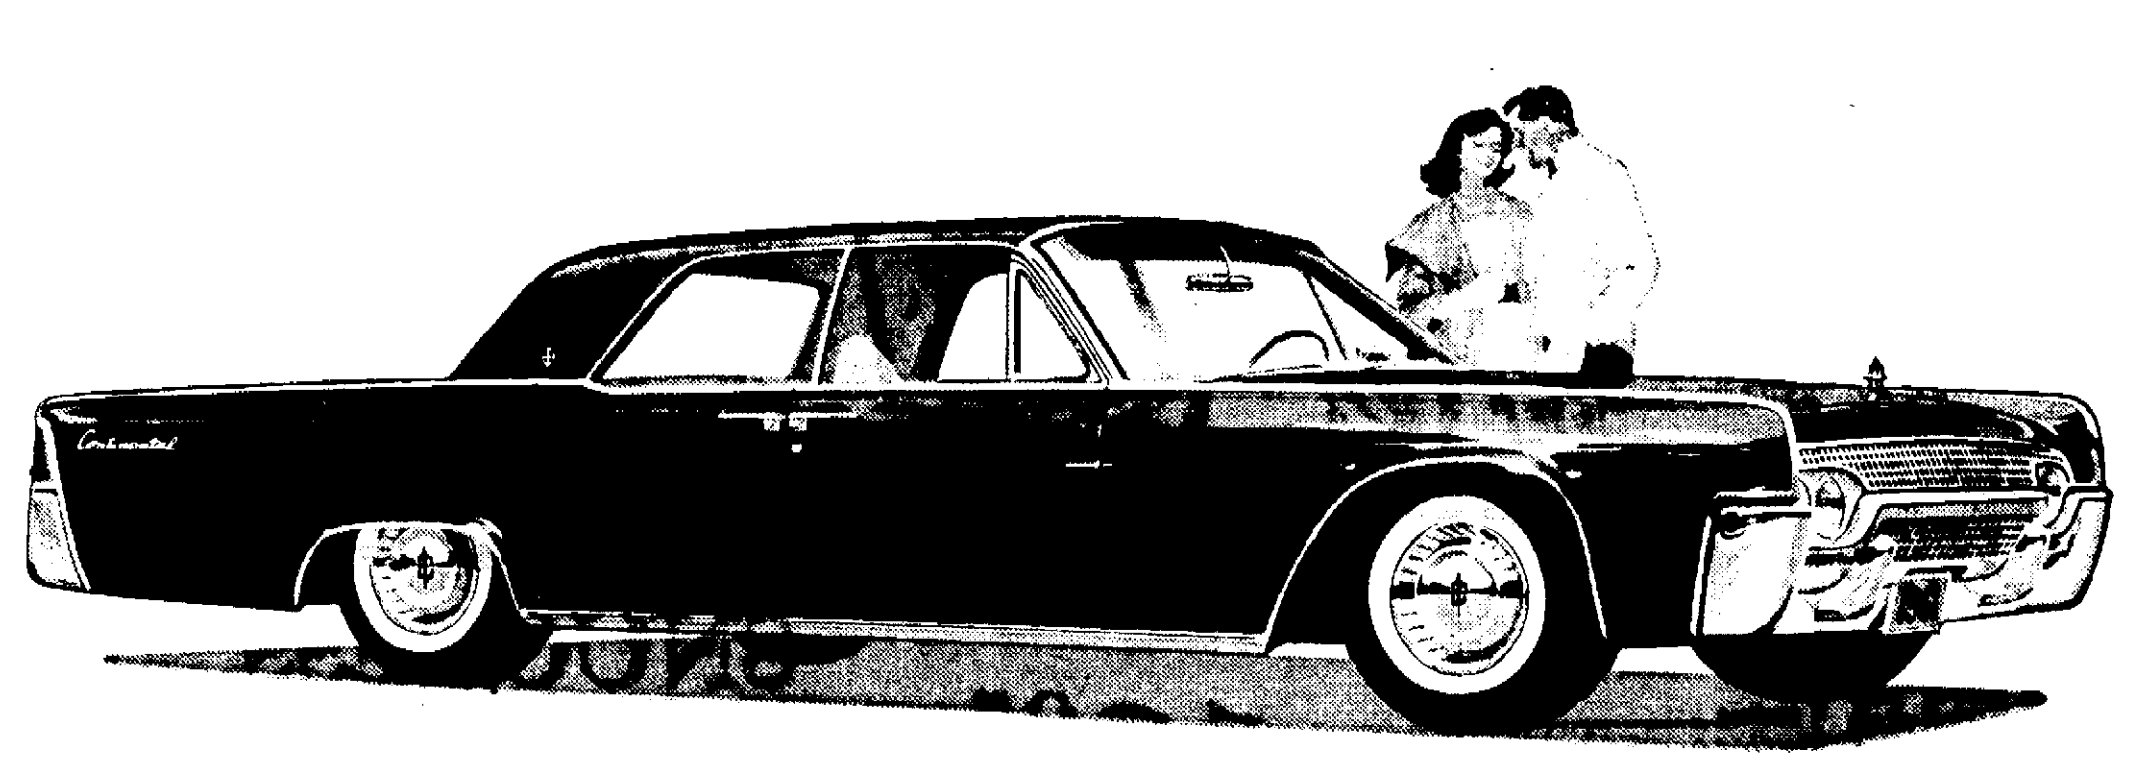

Presenting the 1961

LINCOLN CONTINENTAL

So brilliantly engineered,
so carefully built it is dealer-warranted
for two full years or 24,000 miles,
whichever occurs first*

"Classic beauty in a smart new size." Here is the first fine car that is truly luxurious to drive in today's traffic. Thoughtful engineering has created a superb six-passenger automobile that is 14 inches shorter—yet as heavy or heavier than other American luxury cars, to provide the solid ride you expect. It also has devised center-opening doors that make entrance far more convenient, contour-zoned seats that are cushioned with nearly three times the usual amount of foam rubber, vacuum-locked doors that bolt shut at a flick of the driver's finger, silent, hydraulic windshield wipers with 50 per cent more power, a quality program that puts every car through a 12-mile road test and brings high precision standards of construction to America's largest V-8 engine. A glance reveals the character of this tremendously advanced car, the enduring beauty of true classic design, the excitement of America's only four-door convertible. But it is only at the wheel that you begin to understand the real significance of the new Lincoln Continental, the brilliant blend of sensible size and total luxury. Why not make that discovery yourself, this week? Lincoln-Mercury Division, Ford Motor Company.

*The terms of the extended warranty provide that for 24 months or for 24,000 miles, whichever comes first, free replacement, including related labor, will be made by dealers, of any part with a defect in workmanship or materials. Tires are not covered by the warranty; appropriate adjustments will continue to be made by the tire companies. Owners will remain responsible for normal maintenance service and routine replacement of such maintenance items as filters, spark plugs, ignition points and wiper blades.

See this remarkable car at your Lincoln Continental dealership today!

AL RUDOLF MOTORS, INC.

300 North Superior Street

The Appleton Junior Chamber of Commerce is preparing for the midyear Jaycee convention to be held in Appleton Dec. 2 to 4. From left, planning committee members are Terry Woodford, general chairman, Donald Long, Den C. Smith, Francis Zimmer and Robert Wilms. About 500 Jaycees and Jaycettes are expected to attend the convention. Awards will be presented to the five outstanding young men in the state.

Reds About Ready To Bury Free Cuba

Communists Infiltrating All Walks of Life on Island

Underground sources report the to be adopted for the control of Communists are just about ready for a try at driving the final nails into the coffin of what once was free Cuba.

As the Cubans begin to lose their enthusiasm for government by mass meeting, the Communists are moving on two important fronts to consolidate their grip and substitute government by fear and suspicion.

First, the Communists are the inspiration for the organization by the Fidel Castro regime of what appears to be a secret police system closely fashioned on the lines of the Soviet MVD of Stalin's day.

This police setup is reported to go under the name of "0-24" for reasons known best to its organizers. A Czechoslovak Communist who himself is a veteran of the Soviet MVD service is reported to be in complete charge of whipping the network together, so that control eventually will be complete over every aspect of Cuban daily life.

When this organization is in final shape, the Communists can mean taking the revolution away from Fidel Castro, making him a figurehead for as long as his presence on the scene may be necessary, and running the country to suit the policies of Moscow.

Second, the Communists are quickly enveloping the leadership of the labor unions and taking place, the United States can expect a steady stream of trouble. A new set of regulations, in many areas of Central and either already adopted or about South America.

Gamble Store at Valley Fair Sets Grand Opening

The new Gamble store at Valley Fair Shopping Center will have its grand opening from Thursday morning to Saturday.

The store, which sells hardware, furniture, auto accessories and appliances, has 12,000 square feet of floor space, compared to 4,500 in the Gamble store in downtown Appleton, which has been closed.

There is a two-bay garage on the side of the building for automobile service. The store's interior has been remodeled.

Kermit Lilja, former manager of the Stevens Point Gamble store, is manager and Adolph Franz, who was manager of the downtown store, is assistant manager.

Officials of Gamble - Skogmo, Inc., store chain with offices in Minneapolis, will be here for the opening.

AHS Teams Win 10 of 12 Debates

Appleton High School debaters won 10 and lost two debates at a practice meet at Preble High School Saturday. Teams from Kaukauna, Green Bay West, Kimberly, Preble, Seymour and Kenosha participated.

AHS Speakers were Michael Liethen, Neil Stillings, Polly Grobe, Joseph Bronstead, John Metzger, Richard Cresswell, James Dumke and Charles Dostal.

Thirteen Fox Valley Schools have been invited to participate in A, B and C class debates at Appleton High on Dec. 3.

Topic for all high school debates this year is "Resolved: That the United Nations should be significantly strengthened."

Nelson Set to Plunge Into Task of Budget

Democratic Governor to Hear Agencies' Pleas, Then Face Republican Legislature

Madison — Gov. Nelson next week will plunge into what is almost certain to be the most perilous task of his second term as state executive — examining and judging the merits of the claims of state agencies for more than \$500 million of tax money during the next two years.

It also will be one of the most tedious tasks on his calendar after a grueling campaign in which he won by a slender margin.

Nelson will start preparing his budget bill and listening to the spending pleas of scores of agencies with the knowledge that he must submit his fiscal program to a Republican-controlled legislature, led by men who hammered at what they called excessive

spending tendencies during his first term.

New Taxation Likely

He also knows that whatever he does with the spending appeals, his budget almost surely cannot be cut low enough to avoid new taxation during his second term, and that his Republican foes will hold him accountable for taxpayer resentment in the 1962 election drives.

Two years ago Nelson publicized his fiscal program as "bare bones", but it involved a disbursement increase of about 20 per cent.

Unexpected spurts of income absorbed him from the necessity of levying new taxes.

A repetition of such a lucky

break is not expected in his second term.

Meanwhile some spending requests that Nelson staved off in his first term will be harder to deny this year.

The hearings will continue here for several weeks, and are open to the public. Nelson's budget recommendations are due in the legislature early in the session that starts in January.

They will then be reviewed by a Republican-controlled finance committee that probably will be headed by Sen. W. A. Drahm, Neenah, whose legislative reputation has been built largely upon a conservative approach to spending and taxation.

Louisiana Man Freed of Intoxication Charge

LOS ANGELES (AP)—Municipal Court has freed Camille F. Gravel, former Democratic national committeeman from Louisiana, of an intoxication charge arising from an incident aboard an airplane last July 1.

The complaint was dismissed Monday after the prosecutor told the court that he did not have a strong case.

Gravel, who had pleaded innocent, was arrested when he alighted from an airliner to attend the Democratic National Convention. The pilot had radioed a report that a passenger was drunk.

DOES SCIENCE PROVE THE BIBLE WRONG?

Some people are convinced that it does.

They read in the Bible, for example, that the stars are fixed in the "roof" of the world like luminous ornaments, which is the way they appeared to the unscientific eyes of the authors of Genesis. Later scientific knowledge proves that the stars are incandescent bodies moving in space.

Although willing to acknowledge that God created the universe, these scientific-minded folks refuse to believe the Biblical account in which it all took place in six days. Also, they contend that the scientific evidences of evolution appear to contradict the Bible in this instance.

As far as Catholics are concerned, there can be no real conflict between scientific truth and religious truth. From the time of Moses down to the present day, science has opened the doors to many of the earth's physical secrets—including in our own time, the fantastic secret of atomic energy. There will undoubtedly occur, in the foreseeable future, even more revolutionary discoveries. But the fact remains that science has yet to produce any evidence that discredits the basic truths of Holy Scripture.

The Bible, to begin with, is a book of religion—not a scientific textbook. The Book of Genesis should be regarded, therefore, not as a scientific explanation of the heavens and the earth, but as an exposition of certain divine truths. These include such matters as the creation of all things... the creation of man as the object of God's special

providence... the unity of the human race... the loss of man's original state of blessedness through original sin... God's promise and plan of redemption.

In writing of these things, the authors of the Old Testament were divinely protected against error. God did not, however, stand over them and dictate what they wrote. Their writings, therefore, while recording basic truths, are clothed in language forms common to their primitive time, and are influenced by cultural and scientific concepts far less enlightened than our own.

A correct appraisal of the Book of Genesis, and the history of Creation, requires an understanding of the meanings which the Old Testament authors intended to convey, and an appreciation of the language forms, philosophy and mores of their times. An interesting pamphlet explaining these things, will be sent free, in a plain wrapper, on your request. Nobody will call on you. Write for Pamphlet No. AP-48.

E. C. Cochrane, Right, Editor and publisher of the Twin City News-Record, which has been purchased by the Post Publishing Co., shows V. I. Minahan, president of Post Publishing and editor of the Post-Crescent, the plaque which the News-Record won four times from the Inland Daily Press Association for excellence in typography. (Story on Page 1).

Post Publishing Co. Buys News-Record

CONTINUED FROM PAGE 1

changes are made in the operation of the News-Record.

"A better accommodation for Neenah-Menasha people is anticipated from this 'natural' changeover," Cochrane said this morning. "I look forward to the term with Hearst publications, Twin City News-Record being better able to serve the fine public of this fast-growing Paperland."

Cochrane purchased The Daily News-Times of Neenah in 1943 from the Bloom-Sparks family, and the John A. Studley interests in 1944. He bought the Menasha and Record in 1949 from Ira Clough, and after a few months of separate publication merged the two papers into the Twin City News-

Record. There were no other major changes in the ownerships of the local newspapers in this century.

Owned Weekly

Cochrane served for three years with the Scripps League of Newspapers, Seattle, Wash., a short time with Hearst publications, Chicago, worked for other independent newspapers, and was owner-publisher of a weekly newspaper at Marinette before coming to Neenah. He is a graduate of Stanford University, California.

He is a member and director of the Neenah Club, a member and former director of the Menasha Rotary Club, a former member of the Neenah Ki-

wanis Club, a former director of the Neenah Chapter of the American Red Cross, an inactive member of Allenville Grange and former editor of the Wisconsin State Granger, and is active in newspaper groups. Mr. and Mrs. Cochrane have three children, Ned, a February graduate of the University of Miami, Fla., and now with the newspaper; Heather, a freshman at the University of Wisconsin, and Diane, a freshman in Neenah High School.

The News-Record's present circulation is about 3,500, the Post-Crescent's just over 40,000.

To Discuss Grouping

Group discussions on "Grading and Grouping" are planned after talks by teachers Miss Frances Bullham, Robert Damon and Francis Conrad at Roosevelt Junior High School Parent-Teachers Association meeting at 7:30 p.m. Monday.

Gear Stalls Additions to 'Phone Service

Calumet County Advances Assured But Start Is Postponed

Post-Crescent Madison Bureau

MADISON — Extended area service arrangements for the subscribers of the Stockbridge and Sherwood Telephone Co. have been assured, but may be deferred until mechanical arrangements are completed.

The Public Service Commission has approved the proposal of the company for extended area service involving these authorizations:

1. Calls between the Stockbridge and Sherwood exchanges of the firm.
2. Calls between the Sherwood exchange and the Appleton exchange of the Wisconsin Telephone Co.
3. Calls between the Sherwood exchange and the Hilbert exchange of the General Telephone Co.

April Date

The Wisconsin Telephone Co. has indicated that it will be able to provide the two-way extended area service between Sherwood and Appleton in April of next year, when Sherwood and Stockbridge are expected to be converted to dial operation.

But General will not be able to provide two-way extended area service between Sherwood and Hilbert until January of 1962, was said.

Tax Rates Hiked in Both Parts of City

CONTINUED FROM PAGE 1

Appleton Taxpayer's Association recommended bonding for the whole amount.

Added to the budget was \$4,492 for park department workers' salary increases. It was discovered nothing had been put in that budget to coincide with the raises voted by the council two weeks ago.

Income Hiked

Increases to anticipated income were \$30,000 in special assessments; \$22,000 to the surplus transfer; \$600 to workmen's compensation reimbursements, \$10,000 to the utility tax from the Wisconsin - Michigan Power Co. and \$5,000 each to the gas tax allotment, liquor tax and utility tax from the Wisconsin Telephone Co.

Taken out of anticipated income was \$447 from the Town of Grand Chute school tax for Districts 1 and 10, and over-estimate.

Total tax levy for city and school purposes only is \$4,402.838. To this is added county and state charges of \$805.925 for Outagamie County and \$23,604 for Calumet County, making the \$5,232,367 for the total levy.

The contingent fund for 1961 will be \$58,400.

In the committee session strong have no finance officer, no projections were raised by some aldermen to increasing anticipated income so heavily. "You're money." After the council meet-

ing she commented, "I don't think even the 50-cent increase was necessary."

Her contention consistently has been that city finances are poorly handled.

She also said she was against raising aldermen's salaries. Increases from \$80 to \$100 a month were approved two weeks ago and there was no discussion of them Tuesday.

Public Hearing

During the public hearing portion of the council meeting, statements were made by the Appleton Taxpayer's Association, Board of Education and Library Board.

Sherman Frinak defended the taxpayers' recommendation for a \$2.14 tax reduction, and explained his group's analysis of the budget and levy.

He added two items not in the group's report. Instead of asking that neither a city planner nor traffic engineer be allowed, the group recommended one of the two. Also, it asked more careful consideration of approximately \$40,000 for Dutch elm disease control.

It also changed its recommendation on salaries, from a straight 4 per cent increase to \$20 a month or 4 per cent for policemen and firemen, whichever would be greater. For all others it recommended 4 per cent.

Only taxpayers' suggestions to get serious consideration were to hike anticipated income and the \$80,000 for the new No. 4 fire station.

School Board

Franklin L. Nehs, school board member spoke for the board of education, asking restoration of \$40,000 the budget committee cut. There was no discussion of the school budget in the committee session.

Nehs criticized the council for cutting specific items in the school budget, saying school board members are elected and have full control over funds.

Nehs also took issue with the taxpayers' association report, saying that some of its figures were wrong, or used incorrectly, and commented the report was made by the state taxpayers' alliance in Madison, which is unfamiliar with the problems and goals of the Appleton Board of Education.

David Bailin, library board member, made another plea for the bookmobile, which was denied by the budget committee and the council two weeks ago.

Bailin asked that if the city could not afford the entire \$40,450 that \$14,000 be included this year for the vehicle itself.

The bookmobile was not discussed in the committee session.

On the House

Times Change, Says Charlie . . .

On the Other Hand, They Don't

BY CHARLES HOUSE
Post-Crescent Staff Writer

Potpouri — Times don't change. In 1871, a writer recorded that coffee "cures consumptives, swagons fits, the rickets, and it helps digestion, rarifies the blood, suppresses vapors and gives life and gaiety to the spirits."

Apparently, most employers of today give it similar status because, according to a recent survey of office executives, 64 per cent of them agreed that the coffee break has real value. A total of 94 per cent of the polled executives permitted coffee breaks at least once daily, and 84 per cent permitted both morning and afternoon breaks.

The survey showed that 42 per cent of the executives have no time limit for the coffee break, now an American institution. Thirty-six per cent limited the breaks to 15 minutes, 20 per cent limited them to 10 minutes and 2 per cent allowed them no more than five minutes. . . .

House

Fellow in Texas has a good gimmick for getting rich—but not from the likes of me. He has divided his 4,128-acre ranch into two-inch parcels. He sells the little squares to big squares who want to say that they own some land in Texas. Price for the tiny plots is 75 cents each. With each purchase comes a legal deed which can be registered.

I figure that the Texan has divided his land into 3,136,320 two-inch plots. If he sells each one for 75 cents, he will pocket a tidy sum, indeed—\$2,352,240.

Times do change: Vital statistics for Venus di Milo: height, 5 feet, six inches; bust 34 1/2 inches, hips, 36 inches, waist, 28 1/2.

Marilyn Monroe: 5 feet 5 1/2 inches; bust 37 inches; hips, 37 inches, waist, 24 inches . . .

Giveaway department: Anybody want a thoroughbred siamese cat? The Paul Franken family of De Pere will hand the handsome critter over to somebody who will give it a good home. Telephone: EDison 6-8431.

In Birmingham, England, the fire department proudly announced its pre-fighting record. It had promptly answered 5,543 calls—including one which came by mail . . .

Didja know department: Didja know that a grandson of the great Alexander Hamilton is buried in Wisconsin? He was Charles A. Hamilton, a distinguished soldier of the Civil War, and a judge of the circuit court in Milwaukee. He died, aged 75, in 1901 and is buried in Forest Home Cemetery in Milwaukee.

Gossip has it that any day now President - Elect Kennedy will name his new secretary of state. As a point of interest, just one American has ever declined that job when it was offered to him. That was Patrick Henry.

Friend of ours is experimenting with a new kind of drink — vodka mixed with carrot juice. The friend says, "You get just as drunk — but you can see better."

Which, brings to mind some drinking communities in our country. There's a Whiskeytown in California, and in Missouri there's a town named Civil Bend which suggests a community of tipplers. And there's a Bigley's Tipple in Pennsylvania. By way of answers, there's Whynot in North Carolina, a Noer in Arkansas and a Yser in Iowa.

Any citizen of Northeastern Wisconsin can spot an outlander by the way he pronounces the name Green Bay. The non-native

Wednesday, Nov. 16, 1960 Appleton Post-Crescent A14

expedition. The live victims had been Democrats.

Said Judge Gerry, on April 13, 1883: "Stand up ye man-eaters — and receive your sentence. There was seven Democrats in Hinsdale county, but you —, ya went and eat five of them. I sentence you to be hanged by the neck until you are dead, dead as a warning agin reduc'g the Democratic population of the state!"

Container Corp., Mengel Firm Merge

Stockholders of Container Corp. of America approved the proposed merger of Mengel Co., Louisville, Ky., into the Chicago-based paperboard product manufacturer at a Chicago meeting. Container holds about 97 per cent of Mengel's outstanding stock.

Mengel is a producer of corrugated cartons, doors, kitchen cabinets and other wood products.

Members of Castle Dance Club were greeted at the door by Mr. and Mrs. Robert Schmidt. Arriving at

the semi-formal cocktail dance are Mr. and Mrs. Kenneth Abraham.

Centennial Dance, Formal Party Highlight Gay Weekend Calendar

St. Mary Parish celebrated its centennial with a dance Sunday evening in the school hall. St. Mary is the oldest Catholic parish in Appleton. In commemoration of the event a cake was made in the shape of the church. As the candles surrounding it were lit, "The Bells of St. Mary" was sung. Co-chairmen for the dance were Mr. and Mrs. Clyde Coenen. About 150 people attended.

Castle Dance Club held a semi-formal cocktail dance at Castle Hall Saturday evening. "Harvest Moon" was the theme carried out with table decorations of gourds and fall flowers. Chairmen were Mr. and Mrs. Kenneth Abraham, assisted by co-chairmen Mr. and Mrs. Lee Parker.

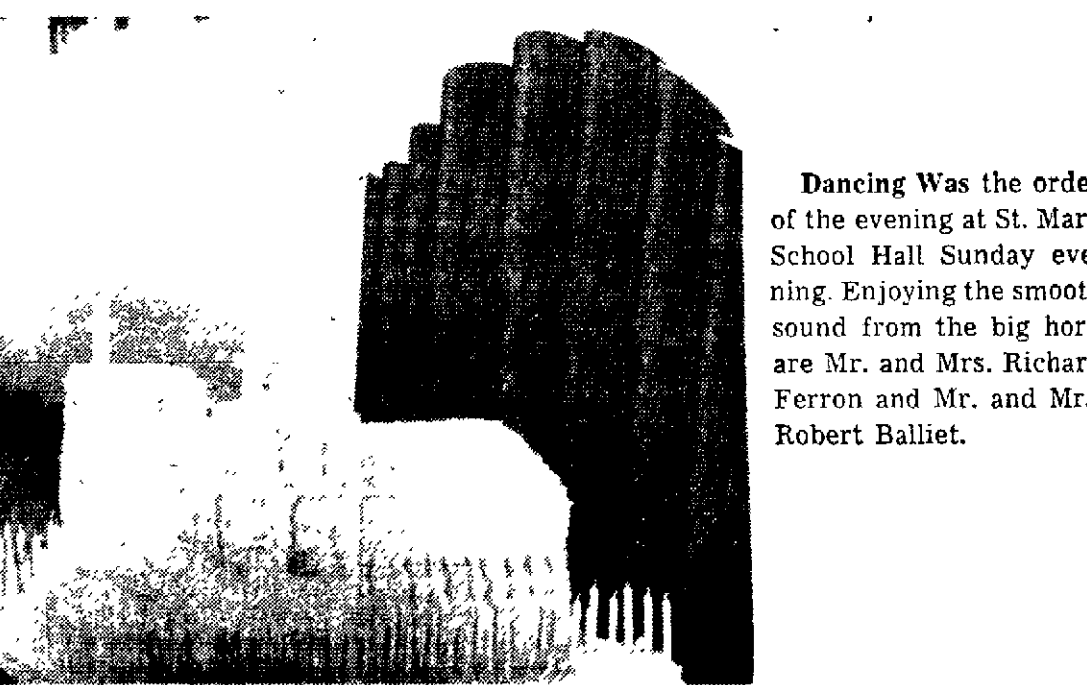

Dancing Was the order of the evening at St. Mary School Hall Sunday evening. Enjoying the smooth sound from the big horn are Mr. and Mrs. Richard Ferron and Mr. and Mrs. Robert Balliet.

During the Evening Couples at Castle Hall enjoyed conversation with friends. Mrs. Ronald Foth, Mr. and Mrs. Lee Parker, and Ronald Foth took time out from dancing to pass popcorn and inspect the table decorations. Fruits of harvest were displayed.

One of the Centers of Attention at the St. Mary Parish Centennial Dance was a cake made and decorated in the shape of the church. Surrounded by candles, the cake was set against a background marking

the centennial year, and wishing the parish Happy Birthday. Mr. and Mrs. Willard Tillman pause to light one of the tapers.

Your Problems Women Talk, Boy Gets Even, Somebody Sues—All in the Game

BY ANN LANDERS
DEAR ANN LANDERS My boy friend and I were at a movie the other night and we sat behind a couple of women who kept talking and laughing. They were not paying any attention to the picture and everyone around them was giving them dirty looks, which they ignored. After fifteen minutes, my boy friend tapped one of them on the shoulder and said very politely, "If you two blabber-mouths don't shut up I'm going to throw you out."

One of the women answered, "We paid our money, the same as you—and if you don't like it you can move."

My boy friend lost his temper and slammed her over the head with a box of caramel corn. She yelled bloody murder and the manager came running. He took our names and made the four of us leave the theater. (He refunded our money).

Today my boy friend got a notice in the mail saying he must appear in court. The charge is assault and battery. The woman was not injured. What can we do?—Need Advice

Dear Need: Get a lawyer. A person need not be rendered unconscious in order to sue for assault and battery.

Noisy people in a theater should be reported to an usher. When a patron takes matters into his own hands as your fiancé did, the fight becomes personal. A theater patron has the right to expect peace and quiet. When he doesn't get it, it's the responsibility of the management to take steps.

May Wedding Planned by Engaged Pair

Mrs. Irving Vincent, Oconto Falls, has announced the engagement of her daughter, Ann, 110 E. Franklin St., to Bruce Con-

rad. He is the son of Mr. and Mrs. Richard Conrad, route 2, Seymour.

The bride-elect is a graduate of Washington High School, Oconto Falls, and is employed at Home Mutual Insurance Co. Her fiancé, an alumnus of Seymour Union High School, attended IBM School in Milwaukee. He is supervisor of IBM at Elm Tree Bakery.

A May wedding is planned.

Miss Ann Vincent

I'd like to make it clear that she is the aggressive one. My husband, like most attractive men is none too adroit at dodging her attentions, however.

A rift would be awkward as we are a "set foursome". What can I do to get her to keep her lips and hands off my husband?—H.L.C.

Dear H.L.C.: Don't demean yourself by asking her to "keep away" from your man. You'll sound like a scared wife, and she'll be greatly complimented at your display of insecurity.

Tell your husband you wouldn't dream of letting another man become so familiar

Loading on Homework Doesn't Help Student

BY ANGELO PATRI

Schools are yielding to pressures from people who are prominent in their fields of activity—not as teachers you may be sure—to her mother. "When I spoke to the teachers he said, 'Well, of course, in secondary schools and colleges if she isn't strong enough to do mass work harder and accomplish high school work she shouldn't be here. As school sessions are here.' But she is there. Did the brief and grow briefer by the year because of the demands made on the schools by the community the only way the teachers see of increasing the pupils' 'work load' is by increasing the 'homework load.'"

Lack Time

There is no sense in giving students homework unless the teacher can correct it and discuss it with the students and where is the teacher to get the time? The notion that teachers work five hours a day is absurd. They are at work by 8:30 a.m.; they may have 20 minutes for lunch if they are lucky. There are hall duties, yard duties, lunch room duties that consume the lunch period. Some teachers get no lunch period at all. The teacher is not through with work when the class is dismissed. There are records to keep for each pupil taught; papers to correct; reports and more reports to write and there is no time and no energy left for correction of homework. So why load it on children, especially the junior highs and the early high schoolers?

Recently, I watched a fresh-living, she has man high school student and has not seen them homework chores. There were in all these pages to be read; there were 27 years and we questions to be answered; there haven't been reference books to be read; answer the questions and give your reference-page and chapter; papers even there were problems in math to be done. The student, in earnest, dutiful youngster, completed

BETTER FACE FACTS

My niece who has been living with us since she was six is to be married in two months. Although her parents are living, she has man high school student and has not seen them homework chores. There were in all these pages to be read; there were 27 years and we questions to be answered; there haven't been reference books to be read; answer the questions and give your reference-page and chapter; papers even there were problems in math to be done. The student, in earnest, dutiful youngster, completed

Campus Group To Sponsor Record Party

Sigma Alpha Iota, national fraternity for women in the field of music at Lawrence College, will look on the light side of music during a "record party" to be held in the recreation room of Colman Hall at 8:15 p.m. today.

Members and pledges of the group will come dressed as their favorite records, which will give them plenty of latitude in choosing their attire. Invited to participate in the fun are all women students majoring in music at the conservatory.

Active members of the chapter have planned special entertainment to add to the evening's merriment. Social chairman of the group is Ann Clark, Oconomowoc; her committee consists of Carol Kade, Janesville, and Phyllis Kercher, Park Ridge, Ill.

Say Vows in Catholic Ceremony

Miss Rosalie L. Siegel and Gordon L. Evers exchanged marriage vows at 9 a.m. today at St. Paul Catholic Church, Combined Locks. The Rev. John De Wild celebrated the nuptial high mass and performed the double ring rite. Parents of the couple are Mr. and Mrs. John E. Siegel, 221 Williams St., Combined Locks, and Mr. and Mrs. John H. Evers, 1117 N. Wilson St., Little Chute.

The bride was given in marriage by her father. She chose her sister, Miss Judith Siegel, as maid of honor. Another sister, Mrs. John Miron, Combined Locks, and Mrs. Thomas Ertl, Appleton, were bridesmaids. The bride's niece, Miss Carole Ann Van Hout, Combined Locks, served as junior bridesmaid.

Donald Evers, Little Chute, attended his brother as best man. George Evers, Appleton, also a brother, and Raymond Brockman, Menasha, a brother-in-law, were groomsmen. Ushering duties were performed by LeRoy Siegel, brother of the bride, and Ronald Beatie, Little Chute, brother-in-law of the bridegroom.

Breakfast was served after the ceremony at the home of the bride. A dinner took place at noon at May-Nor Restaurant. A reception and dance will be held at Van Abel's Restaurant, Hollandtown.

When the young people return from a honeymoon trip to Michigan, they will reside at 225 E. Elm St., Combined Locks.

The bride graduated from St. John High School, Little Chute, and is employed at Appleton Coated Paper Co. Mr. Evers is with Essential Products Corp., Little Chute.

Give Old Socks New Occupation

Don't throw out your husband's—or the youngsters'—old socks. Instead, give them a second life of service when washing Venetian blinds.

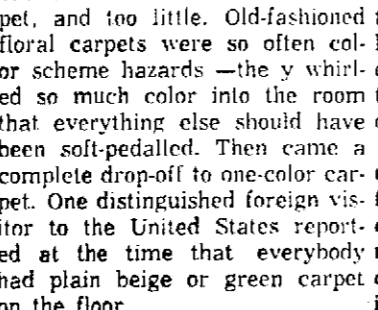

Slip a sock over each hand like a mitten, and you'll be able to suds both sides of each slat simultaneously.

Louise Davis Answers:

You had better be honest with yourself and friends by announcing the engagement as your niece, and do the same when the wedding invitations are issued. I strongly advise facing the facts, then announcing them rather than to publicly announce or imply an untruth. The girl is your niece, not your daughter and the only thing to do is to say it. If this causes a buzz, it will simmer down. The facts are bound to come out in the open eventually and you would be wise to refrain from giving an alibi or "ease history." I am reasonably sure that your husband can give the bride away, but suggest that you first discuss this with the clergyman. When you order your invitations it is advisable to consult a reliable stationer for the correct wording that "Mr. and Mrs. John Henry Smith request the honour of your company at the wedding of their niece, Mary Ann Brown..."

Mrs. Ella E. Ardern, Left, celebrated her 100th birthday anniversary at St. John Home in Milwaukee Monday. She and Mrs. Catherine Gray, 89, reflect over a wedding photograph taken of Mrs. Gray and her husband 65 years ago. Mrs. Ardern, a dressmaker, made the gown Mrs. Gray wore at her marriage.

Hobby Room, Workshop Adds to Living Pleasure

Call it what you will...recreation room, hobby room, den place for a ping pong table, or second living room...it's fast becoming the most lived in room in the house for today's more active families.

Most homemakers are very careful to preserve spic and span neatness in the living room. In this situation, junior is out of luck if he wants to entertain school chums, or if dad wants to check out his fishing tackle or hunting gear for the season ahead.

Home Workshops

Make your recreation or hobby room serve the desires and requirements of every member of the family. For those with excess energy, a home gymnasium should certainly occupy a corner or portion of the room. Others

may want a small workshop, or Games and gymnastics are tire ing, so be sure to have comfort able furniture for lounging and relaxing. Your record player and TV set should have a place in the lounging area of your hobby room.

You'll be pleasantly surprised at the different effects you can achieve when you give your imagination free rein in wall and floor construction and decoration.

Woods which are native to your section of the country are excellent for walls of hobby rooms and second living rooms. Wood paneling gives a room a warm, friendly tone.

An entire wall of bookshelves is interesting and attractive. You can also install draw curtains along the shelves. Simply draw the curtains and you are able to change the decor of the room at will. Make use of wall shelves for storing games and other hobby equipment.

Must Take Wear

Hobby room floors must be able to take a lot of wear. And of course floors must be easy to clean. You have a wide selection of floor materials, including wood of various widths, attractive vinyl and linoleum, tile, brick and others.

Furniture in the hobby or recreation room should be in keeping with the informal, easy-going atmosphere of the room. Delicate little tables and sofas covered with fine fabrics have no place here.

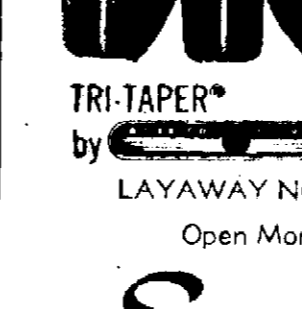

Well designed chairs and sofas can combine sturdy construction with comfort. And the covering should be easy to clean. Occasional spots and stains are bound to occur. Make sure the furniture fabric or covering may be cleaned without a lot of bother and expense. Some furniture covering is moisture resistant and may be wiped clean.

Paper Products Explained to Club

BONDUEL — Bonduel Woman's Club members learned of the advances in the manufacture of paper as Maynard Wussow, production manager of the Shawano Paper Mills, showed samples of the paper products made at the mill. Some 90 per cent of all kite paper is made there, as well as paper for "Who's Who In America," disposable diapers, gum wrappers and anti-tarnish paper, he said. Peggy Eggert, clarinetist from Shawano, presented musical numbers. Hostesses were Inez Soufal, Joseph Taubel on the occasion of Loretta Wartman, Helen Labutzke and Henrietta Meyer.

South Falls For Bit of Deception

After a suit has been played once or twice you can usually tell how many cards of that suit each opponent holds. One opponent may try to give you a false count, but you can usually see through the deception by noticing what the other opponent does.

| | | | |
|-----------------------|------|-----------|----------|
| South dealer | | | |

| ♣ K J 9 8 4 | | | |
| South | West | North | East |
| 1 ♠ | Pass | 1 ♥ | Pass |
| 1 NT | Pass | 3 NT | All Pass |
| Opening lead — ♠ 7 | | | |

West opened the seven of spades, and East's king won the first trick. East returned the jack of spades, and South had to take the ace. West followed suit with the eight of spades, concealing the five.

South fell for this routine bit of deceptive play. He assumed that West had led his fourth-best spade and that West had no spade lower than the seven. If this were so, the spades would be divided 4-4, and the opponents could take only three spade tricks.

Relying on this assumption, South led a club to the ace and then finessed the jack of clubs. West won with the queen of clubs and rattled off enough spades to defeat the contract.

Important Clue

South missed an important clue in counting the spades. East returned the jack of spades at the second trick. If the spades were 4-4, East's original holding would have been K-J-5-4 and he would return the four of spades rather than the jack.

When the evidence doesn't hang together, it should be clear that one of the opponents is lying. South must not rely on a 4-4 spade break.

If South expects a 5-3 break in spades he cannot afford to lose by finesse in hearts or clubs. His best chance is to lead out the ace and king of clubs, intending to try the heart finesse if the queen of clubs fails to drop. The fortunate club drop gives declarer nine safe tricks without a finesse.

Daily Question

Partner opens with one heart, and the next player passes. You hold: S-Q 10 8 7 5, C-8 6 2, D-5 3 2, C-Q 6. What do you say?

Answer: Pass. There is no need to respond to the opening bid when you have only two queens.

R. W. Andersen To Speak at Paine Center

Robert W. Andersen, associated with the Department of Museum Education of the Art Institute of Chicago will lecture on Ecclesiastical Art at The Paine Art Center, Oshkosh, at 8:15 p.m. Thursday.

Andersen, a native of Chicago and a graduate of the Art Institute, has worked as a designer of stained glass windows and church interiors. He presently is staff lecturer of the Department of Museum Education, instructor of the Art Institute's Junior School, and instructor at Adult Evening School, Oak Park-River Forest High School.

Since 1953 Andersen has exhibited his own paintings in one man and group shows. His work has been shown at Rockford College, Rockford, Ill., the University of Chicago and the Art Institute of Chicago.

25th Anniversary

LEEMAN — Mr. and Mrs. Alvin Carpenter were honored with a dinner party by Mr. and Mrs. Hostesses were Inez Soufal, Joseph Taubel on the occasion of the Carpenter's 25th wedding anniversary.

Eight new members will be introduced.

Curtain May Put End to Sun Trouble

BY ROGER C. WHITMAN

QUESTION: We have a problem of sunlight for several hours each day because of a wall window which extends up to the roof peak. Can you suggest any method of covering it without putting a rod across the glass? The lower sections of the window are curtailed.

ANSWER: Have a trolley rod installed against the roof of the house, following the angle of the eaves on either side. Curtaining matching that on the lower sections of the window can be drawn up to the highest point, the "peak," along this rod, during the hours of sunlight. A mechanism similar to that used for draw drapes across a normal window could be used; in this case, it should be installed at an angle. Curtaining should be made in two sections, to fall to either side of window when not in use.

Closing House

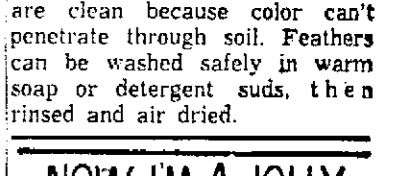

QUESTION: We are planning to let our older home stand without heat during the winter, but will drain all the pipes. Will any harm be done to the plaster or other parts of the house?

ANSWER: No harm can come to the plaster if left unheated during the winter. Be sure to drain all water from pipes, emptying all flush tanks, boilers, radiators, etc. Remove any bottles or other receptacles containing liquids that might freeze. It is usually a good idea to have the refrigerator removed from an electric refrigerator if the house is to remain unheated.

Wash Feathers Before Dyeing

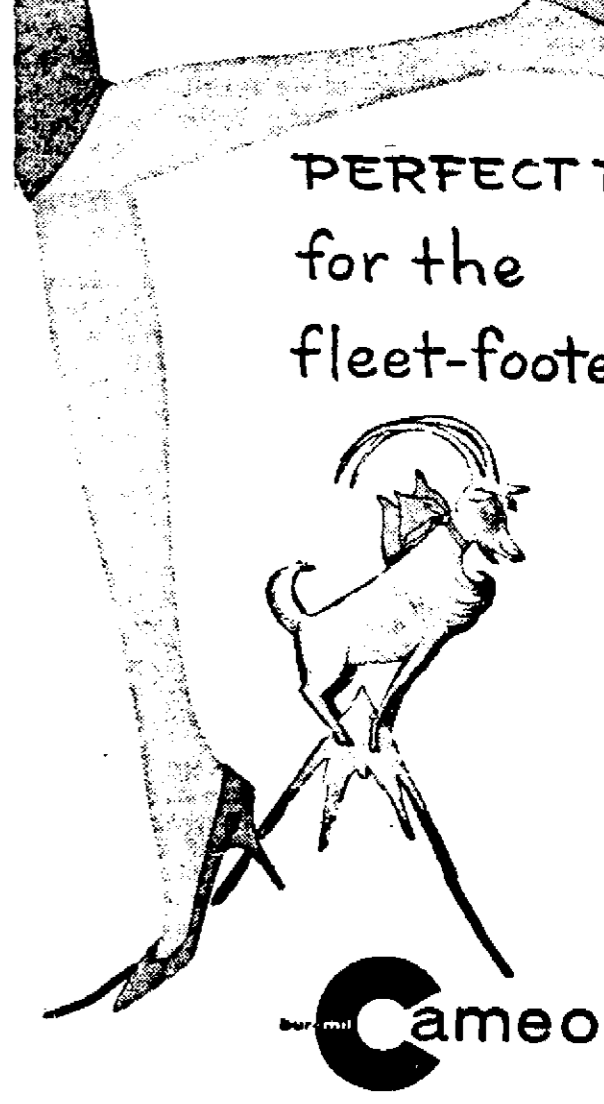

If you plan to tint or dye feathers—perhaps for party costumes—be absolutely certain that they are clean because color can't penetrate through soil. Feathers can be washed safely in warm soap or detergent suds, then rinsed and air dried.

NOW I'M A JOLLY 'JOLLY TIMER'

28th Charity Ball
Scheduled for Dec. 3

Plans for The King's Daughters Infant Welfare Circle's 1960 Charity Ball to be held Dec. 3 at North Shore Golf Club are well under way. Invitations were mailed a week ago inviting guests to the group's 28th annual ball.

Mrs. Howard Bricco
Pair Weds
In Double
Ring Rite

Miss Margaret Bleck, daughter of Mr. and Mrs. Eric Bleck, Clintonville, became the bride of Howard Bricco, son of Mr. and Mrs. Willard Bricco, Clintonville, at 10 a.m. Saturday.

The Rev. J. J. Murphy officiated at the double ring ceremony and nuptial high mass at St. Rose Catholic Church, Clintonville.

Mrs. Robert Kitzman, Clintonville, was her sister's matron of honor and Miss Helen Bleck, another sister, was bridesmaid, with Mrs. Donald Krueger, Neenah, and Mrs. Darrel Bricco, Hortonville, sister-in-law of the bridegroom.

Best man was Darrel Bricco, brother of the bridegroom, and groomsmen were Donald Krueger, Robert Kitzman and Richard Shepard, Clintonville, cousin of the bridegroom.

Riviera Grill in Clintonville was the setting for the wedding dinner and Moose Lodge was the scene of the reception. The newlyweds will reside at 2506 S. Madison Ave. when they return from a wedding trip to northern Wisconsin.

Members of the Committee Working on decorations for The King's Daughters Infant Welfare Circle's Charity Ball Dec. 3 met Monday morning at the home of Mrs. Joseph Benton, 60 River Drive. Putting final touches on some of the arrangements are Mrs. Dan Hardt, Mrs. William M. McGraw, committee chairman, and Mrs. George Cameron.

A Lovelier You
By Mary Sue Miller

Lissome Legline

Increasing the curve of the leg-line takes time. So if your legs looked like broomsticks last summer, don't wait until next summer to improve this situation. Start now!

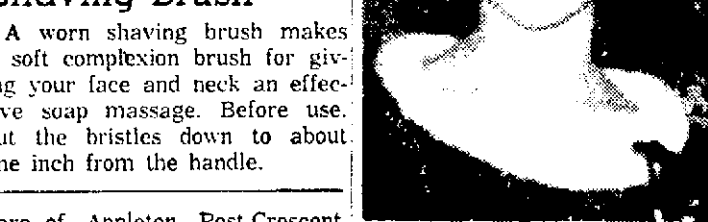

The routines to use are:
Stand on a thick book, letting your heels dangle over the edge. Very slowly stretch your heels toward the floor, then quickly raise them until level with the book. Repeat 20 times. (Builds up the calf and ankle.)
Lie right side down on the floor with your legs straight out and together. Cradle your head in your arm and place your left hand at waist level on the floor. Slowly, inch by inch, raise your left leg 10 inches; raise your right leg to touch left. Lower right leg, count five and lower left leg. Repeat 10 times. Turn on your left side and continue. (Increases the inner and outer contours of the thighline.)
In fair weather, take a leisurely 15-minute stroll. Wear well-fitted flats. With each step, extend the ankle; place the heel lightly on the ground, and quickly transfer

your weight straight through the center of the foot; then "grip" the ground with the toes. (Attracts curve and grace to the entire leg-line.)
(Copyright, 1960)

Parents Tell
Engagement
Of Daughter

Planning to be married Dec. 31 at St. John Catholic Church in Menasha are Miss Janet Woyak and Gordon Brandt. Parents of the young people are Mr. and Mrs. Anton Woyak, 2540 Barbara Ave., and Mr. and Mrs. Walter Brandt, 236 S. Pleasant Lane.

The bride-elect is a graduate of Menasha High School and is employed at Appleton Machine Co.

Miss Janet Woyak
Her fiancé attended Appleton High School and works at Ver-Claire's Service Station.

Mrs. Darrel Smith
Marriage
Promises
Exchanged

The Rev. E. C. F. Stubenvoll officiated at the double ring nuptial rite Saturday which united in marriage Miss Bonnie Affeldt and Darrel Smith, 712 N. Harrison St. The ceremony was performed at 2:30 p.m. at Christus Lutheran Church, Clintonville. Parents of the bride are Mr. and Mrs. Renze Affeldt, 320 S. Outagamie St. The bridegroom is the son of Orvil Smith, 665 Appleton Road, Menasha, and the late Mrs. Smith.

Mrs. Edward Hopp, Appleton, attended her cousin as matron of honor. Miss Ellen Trapp and Miss Carolyn Pruess, Milwaukee, and Miss Barbara Carapata, Menasha, step-sister of the bridegroom, were bridesmaids.

Roger Heinke, Clintonville, served the bridegroom as best man. Groomsmen were Marvin Baerenwald, Milwaukee, Raymond Affeldt, Shiocton, and Edward Hopp. Guests were seated by Leon Schneider, Fond du Lac, and High School and works at Ver-Claire's Service Station.

A reception and dance were held

SEAMS
TO ME
By Patricia Scott

Having proper sewing and pressing equipment is very important but some things are not necessary to the woman sewing at home. Professional tailor's equipment is far more extensive than the average woman needs and to use it properly one must also have a tailor's know-how.

Q. How do you miter a corner with bias tape? I can miter corners very well when making a mitered corner hem, but I have a bad time when binding the edge of something at the corner. If I baste the binding on first, then it comes on better, but I want this for quick easy things such as pot holders and I don't want to spend all that time basting. Mrs. S.M. use.

A. First, you must try this a few times on scraps of fabric and left-over binding. After a little practice, I'm sure you won't have any more trouble. Clip away fabric seam allowance, then press bias tape in half lengthwise and fold over raw edge of fabric. Top-stitch to end of fabric until you reach your corner; then back-stitch 1/4 inch (fig. 1). Unfold the tape and bring it over the next edge. At the corner, tape will fold into a right angle forming upper and lower miter (fig. 2). Slip unfolded tape under fabric edges and continue top stitching as you did on first edge (fig. 3).

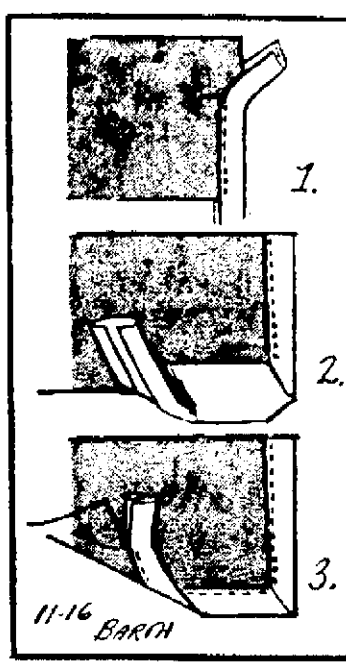

Q. Thank you for the pattern for the tailor's ham a few weeks ago in your column. I would like some help in using it with regard to set-in sleeves on a wool suit. I have been told some sort of paddle is used rather than an iron. I have no trouble getting the sleeve on smoothly, but do think pressing with an iron makes too sharp a crease, which ready-made suits do not have. Mrs. E.E.W.

A. The paddle you refer to is called a tailor's wooden clapper. It is used to beat steam into a seam edge to flatten it. However, after the ceremony at Rustic Resort, Cloverleaf Lakes.

After a honeymoon trip to Illinois and the eastern states, the newlyweds will live at 712 N. Harrison St.

The bride graduated from Clintonville High School. She is employed as a secretary with J. Golper and Co. Mr. Smith is a graduate of Menasha High School. He attended North Dakota State College and Wisconsin State College, Oshkosh. He is employed as a laboratory technician at Galloway Co., Neenah.

Questions
On Sewing

this is not necessary for you to use. First of all, your steam iron can't possibly give off enough steam to allow it to work properly. Also, this is rarely used at the shoulder, but on heavy coats and suits on the front edge. When pressing, do not push iron along or lean hard on it. Instead, lift and press, and use only the tip of the iron where the steam comes out, gently but barely touching the fabric. Do this first on the wrong side, pressing the armhole seam allowance into the sleeve. Then, slip sleeve over the ham and press on the right side, using a press cloth. You should have no trouble getting a soft rounded shoulder if you do this.

Q. I'm a beginner and some sewing terms confuse me. If a pattern envelope says "two-piece sleeve" when describing a dress, what does it mean. What is the difference between a no-piece and two-piece sleeve? Miss T. A.

A. One-piece sleeves are generally used on dresses, blouses, etc., and two-piece for some jackets and coats. A one-piece sleeve is all in one piece. A two-piece has two pieces, with a seam on top of sleeve and underarm or with top and underarm sections.

Miss Scott is always glad to answer questions.

Harrison Club
Hears Panel on
School Problems

SHERWOOD — A school panel was featured at the meeting of the Harrison Community Club at the Harrison School. On the panel were Mrs. Alda Steinmetz, Mrs. Mildred Weber, Mrs. Phyllis Foxgrover, Mrs. Elizabeth Timmers and Principal Ronald Weininger.

The club presented a projector to the school.
Mrs. Ruman Broehm and Mrs. William Pfund were on the refreshment committee. The club meets again Dec. 8 and will view a school Yule program Dec. 16.

Plan Third Party at
Sacred Heart Hall

SHERWOOD — Mrs. Ray Halbach, Mrs. John Harman and Mrs. Ray Huelsbeck are in charge of the third of a series of card parties at Sacred Heart School Sunday night.

The parish is conducting a clothing drive for Thanksgiving. The clothing will be shipped for the relief of the Far East.

hear from her readers, and whenever possible will use their questions in her column, but because of the great volume of mail received daily, she cannot answer individual letters.

'Son of Culion' Got Title by Working With Leprosy Victims

BY HAZEL MCGRATH

MADISON — Harold Baar is the only man in the world who holds the honorary title, "Son of Culion."

No one can deny that he earned it the hard way.

For the last five years Baar has lived in a quonset hut on Culion Island southwest of Manila, helping arrested cases of what Americans like to call "Hansen's Disease" become productive members of island society.

"The Filipinos are more forthright; they call it leprosy," he says.

This year on leave, Baar is taking special courses at the University of Wisconsin: in food industries (to learn how to use the islanders' surplus products in a form saleable outside Culion colony), in poultry raising ("because everyone in the Philippines raises range navigational unit from 1946 to 1949, stationed for a time at Talampulan, the coast guard base 22 miles from Culion. One time we were sent to Culion to show a crew, and somehow we were permitted to show them in the wards of the leprosarium.

"They were the first technicians sound films the patients had ever seen, and we made a big hit. The arrested cases encouraged to stay and make their homes in the big headlines: 'Americans Not Afraid of Lepers.'

"Leprosy today is not the same disease that used to arouse horror and revulsion throughout the world. It is contagious only on prolonged skin contact, and is harder to contract than tuberculosis. The sulphone drugs arrest it, and patients don't have to be isolated because once it is arrested, they can no longer pass it on. I bill, choosing as many extra courses as he could that were

go to the leprosaria, so the government encourages treatment in skin clinics.

"There are still many new cases because 90 per cent of the victims get the disease in the first year, when it flares up, is mistaken for some childhood ailment, and subsides without being detected.

"Dr. Casimiro Lara, a Filipino who was trained at the Mayo hospital, started tests on Culion before the war with a substance called lepromin. Injected into babies, it builds up resistance in about a year's time. He resumed his testing in 1946, and results are promising," Baar says.

In Coast Guard

How Baar got to Culion, and why, is a story that began during World War II.

"I was in a Coast Guard long-range navigational unit from 1946 to 1949, stationed for a time at Talampulan, the coast guard base 22 miles from Culion. One time we were sent to Culion to show a crew, and somehow we were permitted to show them in the wards of the leprosarium.

"They were the first technicians sound films the patients had ever seen, and we made a big hit. The arrested cases encouraged to stay and make their homes in the big headlines: 'Americans Not Afraid of Lepers.'

"What impressed me most there was the need of arrested cases to be helped toward economic independence."

Baar is a native of Oshkosh, and when he was mustered out of the service he enrolled in the University of Wisconsin course in agricultural engineering, on the G.I. bill, choosing as many extra courses as he could that were

likely to be of use when he returned to Culion on the mission he had determined to undertake.

Missionary Course

"After graduation from Wisconsin in 1953, I enrolled in Lutheran missionary courses for two years; I didn't finish because I decided that being a Lutheran minister in a predominantly Roman Catholic country would work against me. As it happened, before the war with a substance called lepromin. Injected into babies, it builds up resistance in about a year's time. He resumed his testing in 1946, and results are promising," Baar says.

In 1955 Baar bought a jeep equipped for farming, with funds supplied by the Lutheran church, and sailed off with it, and a garden tractor and plow, to begin his work as "Culion Agricultural Laboratory Farm Coordinator."

His mission was financed by the Missouri Synod of the Lutheran Church, and CARE contributed 3,000 pounds of equipment.

"It was my job at the Rehabilitation Center, which is 10 miles from the colony on Culion, to encourage patients in whom the disease is arrested to settle in the islands to help support the colony. At that time, produce that could have been grown there was sent from Manila, 200 miles away.

"I helped them become farmers, shoemakers, carpenters, masons, bricklayers, tinsmiths, almost anything they wanted to be, as long as it was family or business units to establish farms or businesses. The government gives them a subsidy, which they must repay, and it's all based on the self-help theory that if a man has no other man can claim.

Mickey Rooney Asks For Relief From Alimony Payments

LOS ANGELES (AP) — Actor Mickey Rooney has asked superior court to give him some relief from his alimony payments.

The actor petitioned Monday for modification of terms of a property settlement with ex-wife Elaine Mahnen, 30, his fourth wife. A hearing was set for Dec. 8.

Rooney claimed a 1959 court order for him to pay her \$1,750 a month was unfair and inequitable. The actor recently claimed that his liens and debts total more than \$87,000.

business or farm he's bound to work harder."

Import Staples

During his five years on Culion, 19 families in Grass Valley were established on an economically sound basis. They now raise rice, corn, many vegetables, chickens, pigs, and goats, and send their surplus food to the colony. Only staples need be imported now.

Culion, which is one of eight leprosaria in the Philippines, was founded in 1906, and was for a long time the world's largest leprosarium. The islands are among the worst endemic areas, and the Philippine republic maintains four stationary skin clinics and 11 traveling skin clinics in addition to the leprosaria.

"Dr. H. Windsor Wade, leprosy research head for the World Health Organization, has been on Culion since 1922. A plant which grows only on Culion and is used in a cure for yaws has been named 'Cycas Wade' in his honor. The honor given him was a more personal one. In gratitude for his years of work among them, patients adopted Baar and named him "Son of Culion," a title no other man can claim.

Laird Doubts Passage of Farm Program

Kennedy Plan Calls For Tight Control Of Production

WASHINGTON (AP)—Rep. Melvin R. Laird, R-Wis., said Tuesday Democrats will push the Kennedy farm program but he doubts that the new Congress convening in January will buy it.

There is no question, Laird said, that President-Elect Kennedy will try to get through his farm plan which calls for tight production controls on most farm commodities.

"Even if he did get it through the new Congress by persuasion," Laird said, "I believe the farmers would turn it down on a referendum."

No. 1 Problem

Curing of the farm ills, Laird said, will be the No. 1 problem for the Kennedy administration even though the new president will have large Democratic majorities in both the Senate and House.

"The Democrats have been whipping us over the head with this farm issue for the last eight years, even though much of the time they have had big majorities in both houses of Congress," Laird said.

"It will be very interesting to see if the Democrats can produce the cure to the farm troubles."

Kennedy Plan

Kennedy has proposed a farm program he said would bring greater stability and increased income through greater management controls limiting production. He promised parity of income for the farmers.

Vice President Richard M. Nixon's approach followed somewhat the Eisenhower program, with greater efforts to move produce to the market place and get rid of crushing surpluses.

"The fact that most of the farm belt went for Nixon is an indication that the farmers themselves are not happy with the prospects of the Kennedy farm plan," Laird said.

"The Democrats succeeded in making Secretary of Agriculture (Ezra Taft) Benson the scapegoat for the inadequacies of farm legislation which was passed by Democratic Congresses prior to Eisenhower taking office."

Laird said it is his belief that farmers in general are not apt to accept tight controls to limit production. It is his view that they want to be able to produce as much as they can on their lands and move farm goods to the market instead of into government warehouses.

Supreme Court Will Not Review Pipeline Okay

WASHINGTON (AP)—The Supreme Court Tuesday refused to review a Federal Power Commission authorization to Northern Natural Gas Co. to extend its pipelines to more than 300 communities in Nebraska, South Dakota, Iowa, Illinois, Wisconsin and Minnesota.

The review was asked by Minneapolis Gas Co. and Metropolitan Utilities District of Omaha, customers of Northern. They protested that on the basis of rates now charged Northern's customers, the new service would not yield to Northern in the first three years as high a percentage of profit as the present service.

This situation, the present customers contended, would tend to keep up rates now paid to Northern.

The appeal to the high tribunal was filed after the U. S. Court of Appeals here upheld FPC.

A Question Answered

The question is frequently asked, "Do Chiropractors do anything to understand the phenomena of disease except the giving of adjustments?" It is a reasonable question.

Chiropractors are schooled in every department of the human body. Although they do not prescribe medicine, adhering strictly to drugless methods, they are nevertheless, familiar with medical theories. Chemistry is a required subject in all Chiropractic colleges. Every subject and practice pertaining to the human anatomy receives its proportion of study hours. Dissection is a part of the curriculum in most schools. Aside from this Chiropractors with the medical doctors are required by state law to pass an examination in the subjects basic to medicine before either can be examined by their respective state boards. The subjects include Anatomy, Preventive Medicine and General Hygiene, Physiology, Pathology, Physiological Chemistry and Bacteriology.

So thorough a preparation qualifies the Chiropractors as a health counselor in every sense of the word. His advice and judgment in sickness is serving many thousands of persons in a dependable and highly successful manner.

Atlas Missile Right on Target

CAPE CANAVERAL Fla. (AP)—A power-packed intercontinental range Atlas missile streaked 5,000 miles down the Atlantic missile range early today.

The Air Force reported the Atlas America's most potent military rocket achieved all test objectives in plunging its nose cone on target near Ascension Island in the South Atlantic.

Ships and planes began a search for a data capsule that popped out of the 1½-ton cone and was parachuted into the sea.

The cone was coated with improved materials designed to afford better protection for hydrogen warheads carried and operational Atlases now stationed at bases in California and Wyoming.

3 Milwaukee Youths Killed in Accident

NEWCASTLE Wis. (AP)—An auto crash Monday took the lives of three of six young Milwaukeeans who authorities said had run away from home and were headed west to get married.

The dead were identified as Mardelle Rutter, 16, the driver, David A. Bergeman, 19, and Charles Walter Kruse, 20.

Diane Schilling, 15, was reported in serious condition in a New-castle hospital. Two others, James S. Shoppshire, 17, and Elaine Beth Schmidt, 16, were injured but not hospitalized.

Highway patrolman George Wilcox said the car, driven by Miss Rutter, missed a curve at an intersection and overturned in a pit.

Bergeman was thrown from the car and landed 54 feet from where the vehicle came to rest. He died of a fractured skull. Miss Rutter died shortly after being admitted to a New-castle hospital. She suffered a broken neck. Kruse, who suffered extensive injuries, died about four hours after the accident.

The car belonged to Kruse's mother.

Brewery Seeks Injunction

Miller Firm Says Schlitz Attempting To Defraud Company

SAN FRANCISCO (AP)—The Miller Brewing Co. of Milwaukee, contending it had agreed to pay \$11 million for the local Burgermeister Brewing Co., Monday asked for a court injunction to prevent the Schlitz Brewing Co. from purchasing the West Coast brewery.

Superior Judge John B. Mollari set a show cause hearing for Thursday on Miller's request. Miller said that on Nov. 10 it

agreed to buy Burgermeister and all its assets with the entire sum to be paid by Dec. 31. The firm claimed that Schlitz "now is engaged in a scheme with Burgermeister to cheat and defraud Miller so that Schlitz may purchase and acquire Burgermeister."

Schlitz officials said at Milwaukee that the court action came as a complete surprise. A spokesman said "Burgermeister invited us to come to San Francisco to make an offer on their brewery. Burgermeister informed us that they had made no commitment to sell the brewery to the Miller Brewing Co., or anyone else."

Schlitz said that in line with the request "we presented an offer to negotiate for the purchase of the brewery," but only approved the proposal to discuss a possible sale without making an offer to buy.

Daughter to Mr. and Mrs. Gordon Ainsworth, Pulaski.
Son to Mr. and Mrs. Wallace Beilfuss, Bonduel.

Pair Hurt in Two-Car Crash
Two persons were injured in a two-car crash at Division and Summer streets shortly after noon Tuesday.

Miss Barbara H. Jenkins, 16, 915 N. Rankin St., was charged with failing to yield the right-of-way. Her car collided with one driven by Gwyn Johnson, 39, 816 Timmers Lane, who got a neck injury. Miss Jenkins' passenger, Jean Bauer, 16, 831 E. Hancock St., received a bruised side.
Robert W. Kauth, 21, 1800 S. Kernan Ave., was held overnight at the Appleton police station after he drove his car into the rear of one halted for a traffic signal at Wisconsin Avenue and Oneida Street about 8:40 p.m. Tuesday. Driver of the other car, Dorothy H. Luedike, 36, 2321 N. Superior St., received a knee injury.

Charter Members of the Northeastern Wisconsin Section of the American Chemical Association met at a 30th anniversary meeting Tuesday night. From left are Dr. Harry Lewis, vice president of the Institute of

Paper Chemistry; Abraham Lewenstein, Appleton Coated Paper Co.; H. A. Rothchild, retired, Kimberly-Clark Corp., Neenah; and C. R. Hackbart, Kimberly-Clark, Appleton. Dr. Lewis was main speaker.

Plan Campaign For Muscular Dystrophy

960 Volunteers to March on Homes of Fox Cities Saturday

Armed with slotted cannisters, about 960 volunteers will march on homes of Appleton, Neenah, Menasha, Kimberly, Little Chute and Combined Locks Saturday to solicit funds for Muscular Dystrophy Association of America.

Roger La Berge, Appleton, is general chairman of the Winnebago-Outagamie County 1960 Thanksgiving march for muscular dystrophy, according to M. K. Orr, Green Bay, executive secretary of MDA.

Mrs. Eleanor Mader, Appleton, is co-chairman for the Fox Cities march. Other co-chairmen are Fire Chief John Zick, Neenah; Fire Chief Edward Heim, Menasha; and Clarence Sterne, Oshkosh. James Bauer, of Appleton State Bank, is treasurer. Stuart Thompson, Menasha, is commerce and industry chairman.

Supports Research
Members of the Appleton Moose Lodge and the George Walter Brewing Co. union will distribute cannisters, of which City Treasurer Ray Feuerstein is in charge. Appleton Fire Chief Alfred Arnold is in charge of central collection points.

St. Norbert Has Given 10 Asians Scholarship Aid

Ten students from Asia have been awarded scholarships by St. Norbert College in the last 10 years, according to the Rev. Dennis M. Burke, O. Praem., college president.

Three of the scholars have gone on to receive Ph.D. degrees and four others are in graduate schools. Two are at St. Norbert now.

John D. Bahng, Korea, earned his doctorate at the University of Wisconsin and is an astronomer and research associate at Princeton University. Viet Xuan (Peter) Phung, Indochina, is a radio-chemistry researcher with Broadview Research Corp., San Mateo, Calif. Benjamin Peng-Nien Chu, Hong Kong, earned his Ph.D. at Cornell University, where he is a chemistry research associate.

Advances in Science Education are Outlined

Children Study Subjects Earlier Now, Institute Vice President Tells Chemists

Changes in the equipment, schools stopped or was never started because of inadequate equipment." He said this was not quite the case in colleges, where foundations made funds available.

Courses and books also underwent drastic changes, Dr. Lewis said. Science foundations took over projects to update and revise the books.

"High school students who take chemistry from these new books will see chemistry today's college students will never see," Dr. Lewis declared.

Different approaches to the subjects are offered in the new books in such fields as chemistry, biology, physics and mathematics, he added.

Conferences Help
Dr. Lewis said one of the most important steps toward progress in science was the beginning of the conferences for high school and college science teachers. These summer programs permit research by instructors. "Since 1956, 50,000 high school teachers have attended National Science Foundation conferences," he said. Intensifying the high school science program had a decided effect on the college program. In many colleges, Dr. Lewis pointed out, the freshman chemistry course has been dropped altogether to make the first taste of college chemistry more interesting and challenging.

As chemistry has moved down through the education system it has left room in the fourth year

Thieves Take \$1,430 in Furs, Gems at Home

New London Man Reports Theft at Northport House

NEW LONDON — Stanley Tischler, owner of the Elwood Hotel, has reported the theft of \$1,430 in cash, furs and jewelry from his river home in Northport.

Tischler reported to Sheriff Ray Abrahamson that \$180 in \$5 and \$20 bills, a three-diamond, white gold ring valued at \$400, a diamond watch valued at \$300, a mink stole valued at \$300 and an Alaskan seal jacket valued at \$250 were taken from a drawer in the Northport home's bedroom.

Abrahamson said there was no apparent forced entry into the house.

The theft was discovered about 7:30 p.m. Tuesday. The Tischlers left the river home at 10:30 a.m. Saturday and had not returned until Tuesday night.

Tischler said the stolen articles apparently were selected from the drawer. Passed up were rings and watches with a total value of \$4,300.

Menashan Guilty of Indecent Liberties

OSHKOSH — Clifford Kainz, 31, 703 First St., Menasha, Tuesday afternoon pleaded guilty of taking indecent liberties with a 13-year-old Menasha girl on Monday.

Municipal Judge Arnold J. Cano ordered that he be sent to the sex deviate center of the state department of welfare for a 60-day pre-sentence social, physical and mental examination.

Kainz was arrested after an investigation by Menasha police.

Routine Checkup Cooperative Venture of Doctor, Patient

BY JOSEPH G. MOLNER, M.D. (I'm taking up from where I left off yesterday. Here are the basics: Periodic physical checkups are good for everybody. But there aren't enough doctors to check everybody. However, not everybody will ask for such a checkup, and I think it's up to what doctors we have to take pains with what pa-

Dr. Molner

tients we have who do ask for checkups. I doubt whether the average patient realizes how much a physician can tell about a person without the patient knowing it. Seeing the patient walk in gives a doctor some ideas. His color, vigor or lassitude, skin texture, posture, breathing (asthmatic or normal), fingernails, voice (including cough, hoarseness, etc.), present some ideas.

No Guessing Game

Just as important is the information the patient gives. Never go to your doctor with the attitude of "Here I am! Now you figure out how I am!" This isn't a guessing game. This is a matter of detecting the state of your health! So tell the doctor any unusual things you've noticed about yourself. But don't, of course, waste time trying to think up things that aren't real.

Tell him about any lumps, pains, itches. Any difficulty in breathing, walking, sleeping, swallowing. Tell him whether your appetite is good or bad, whether you eliminate normally or don't. Tell him anything about your body or your habits that has changed. And let it go at that.

He in turn will, I trust, use his stethoscope, his eyes, and his ears. For a modest cost he can add a urinalysis, and suggest a chest X-ray either at your hospital or, if available, through one

State Highway Commission Photo

This is the first of 18 modern comfort stations which will be built along new interstate highways in Wisconsin. The pairs of comfort stations will be about 45 miles apart and will be equipped with telephones. Parking space for cars is provided. The state highway commission says the comfort stations are designed for travelers, not for use as local parks or picnic grounds.

of the mobile TB units which do so much good work.

It's my feeling that the way to do the most good at the least cost is to get both the doctor and patient in the habit of having a checkup once a year. Maybe less often with young, healthy patients, and perhaps more often as we reach advanced years and have more of the symptoms that develop as we grow older.

Arrange Time

Since these checkups are routine, give your doctor a break. Tell him you just want a checkup and let him fit it into his less busy times — if he has any.

If you have an emergency, tell him so on the phone, if it's not an emergency, tell him that, too.

And for doctors, here's my view: Do the most basic tests each time. Weight, observation, evaluation of the patient's comments, blood pressure, heart lungs, and — well, you know what I mean. Then add the other things, such as X-ray, BMR, and others in rotation. By preference, I'd say a blood count, urinalysis, and (at the proper age level) the Pap or smear test each time, for patients of appropriate age and sex.

In short, keep costs within modest limits, depend on your good sense, and make this a co-operative venture. The patient can't wait until he's sick, and physicians can't expect the patient to pay for the works each time.

Good sense on both sides is all I'm urging. We can all do it, can't we?

See Skin Specialist

MED: The brown streak on the shoulders sounds like a skin blemish or even a birthmark. See a skin specialist.

Removal of tonsils is a serious matter. You will find my views on tonsils in my pamphlet, "Don't

Trifle With Tonsils." For a copy write to Dr. Molner in care of this newspaper, enclosing a long self-addressed, stamped envelope and 5 cents in coin to cover cost of handling.

Reports Hint Pope to Name New Cardinals

VATICAN CITY (AP) — Reports circulated in the Vatican Tuesday that Pope John XXIII would name new Cardinals before Christmas.

The reports, which could not be officially confirmed, named four Italian but no foreign prelates as likely to be created Cardinals at a Consistory next month.

Democrat Pays Off Election Bet, Pushes Peanut About Campus

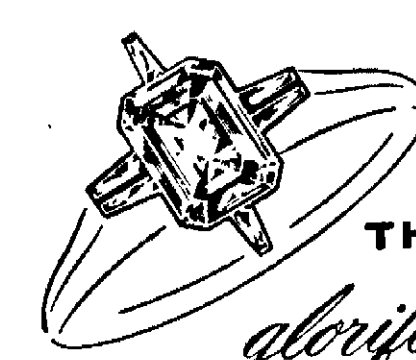

WINSTON-SALEM, N.C. (AP) — An election bet was paid off at Wake Forest College Monday and it was a Democrat who paid.

Larry James of Elkin, N.C., president of the college's Young Democrats, had bet that President-Elect John Kennedy would carry 35 states. He paid off by nudging a peanut 2,000 feet around the campus plaza with his nose.

Actually, he pushed two peanuts. One of them wore out. Republicans made a last-splash stand for Vice President Richard M. Nixon. At least once, somebody doused the sidewalk with water.

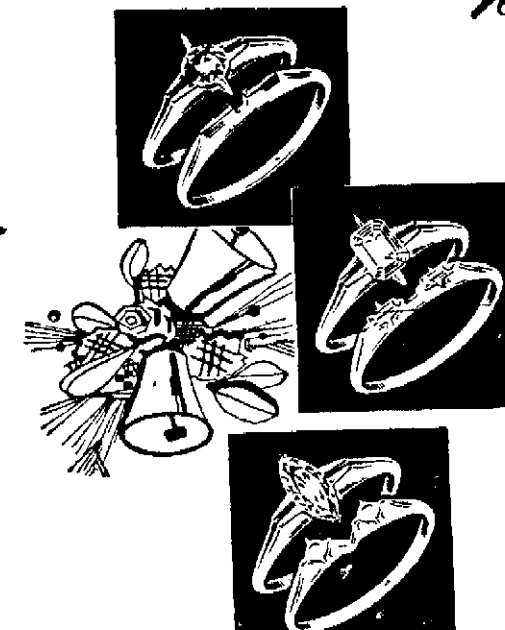

WEYAUWEGA—Everett Wilde, a former Waupaca County resident who is now postmaster at College, Alaska, spoke at a meet-

ing of the Weyauwega-Fremont Lions Club. Wilde showed pictures taken in the city which is the home of the University of Alaska. John Sheridan was in charge of the program. Wilde was in charge of the program.

THE DIAMOND

glorified as never before!

FLIGHT by Granat

A slim wisp of a ring with a large blazing diamond reflecting its splendorous radiance like the queen of the heavens! Our exciting "Flight" design gives full prominence to a magnificent diamond in the shape of your choice... round, emerald-cut, or marquise. Enchant your Bride with a "Flight" engagement ring and matching wedding ring.

Fancy Finds Figures in Creamy Curves of Clouds

A Roiling Cumulus Reaching toward its icy limits presages a summer's thunderstorm to an unromantic observer, but in fancy's eye a dramatic scene unfolds. Can't you see the little fellow in the foreground presenting a clenched fist to his soaring antagonist? A hungrier romantic could even see a gigantic kernel of popped corn.

Castles on the Clouds

I am sitting on the hilltop
Where I often sit and dream
Where I often go to ponder
Up above the racing stream

I am idly looking upward
And in fancy I can see
Many things that I have dreamed of
On the clouds that onward flee

There are wondrous golden cities
Peopled as of long ago
There are trees and hills and valleys
And the trees wave to and fro

There are seas and ships and islands
But the sights that hold me fast
Are what seem like grand old castles
Out of pages of the past

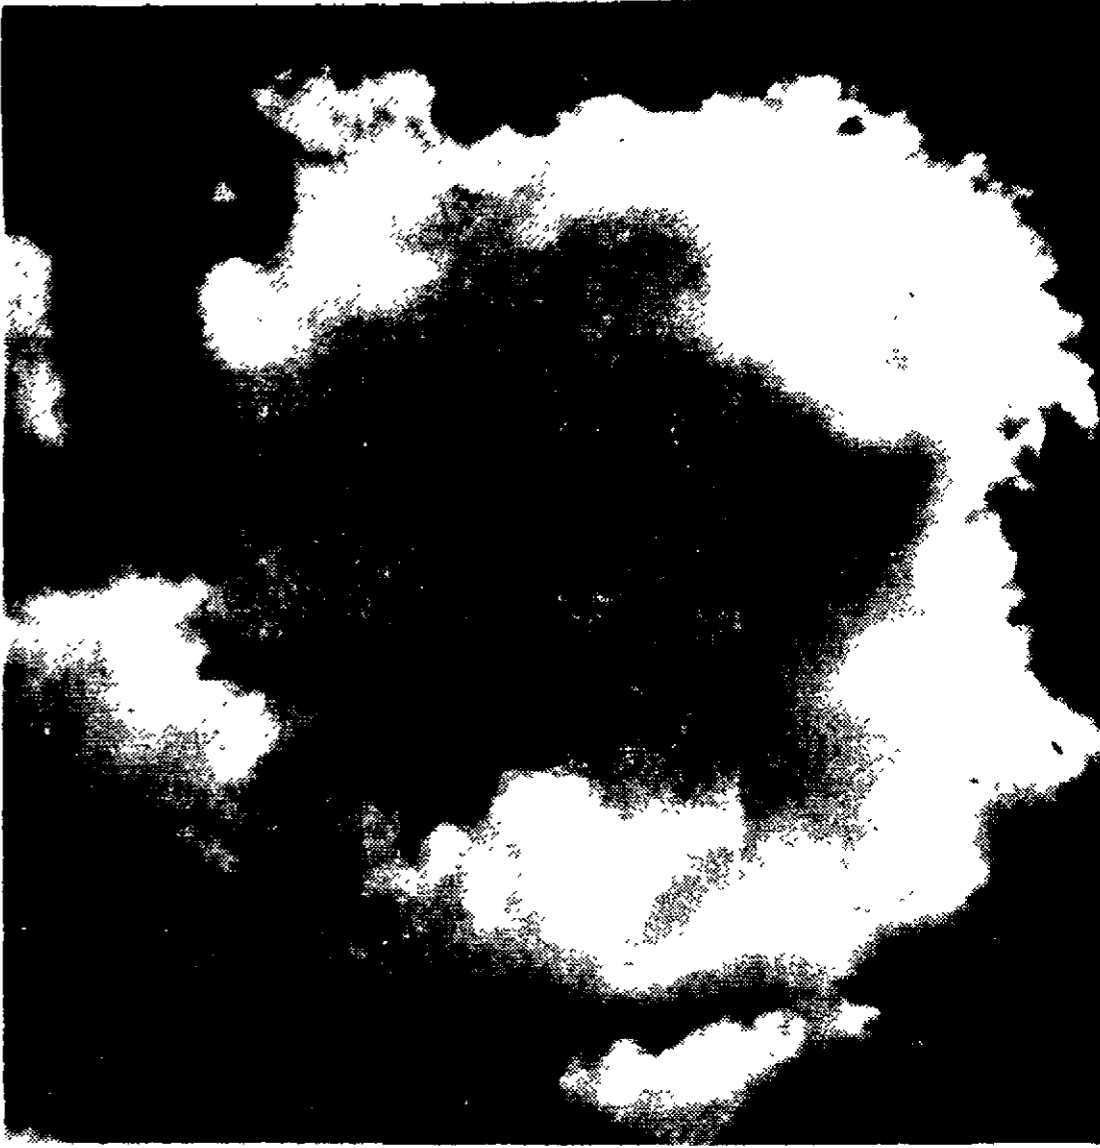

There is one away off yonder
High up on the mountain side
I can see the knights in armor
Ready to defend their pride

There's another drifting slowly
All its battlements aglow
All its turrets bristling gaily
Like the sun upon the snow

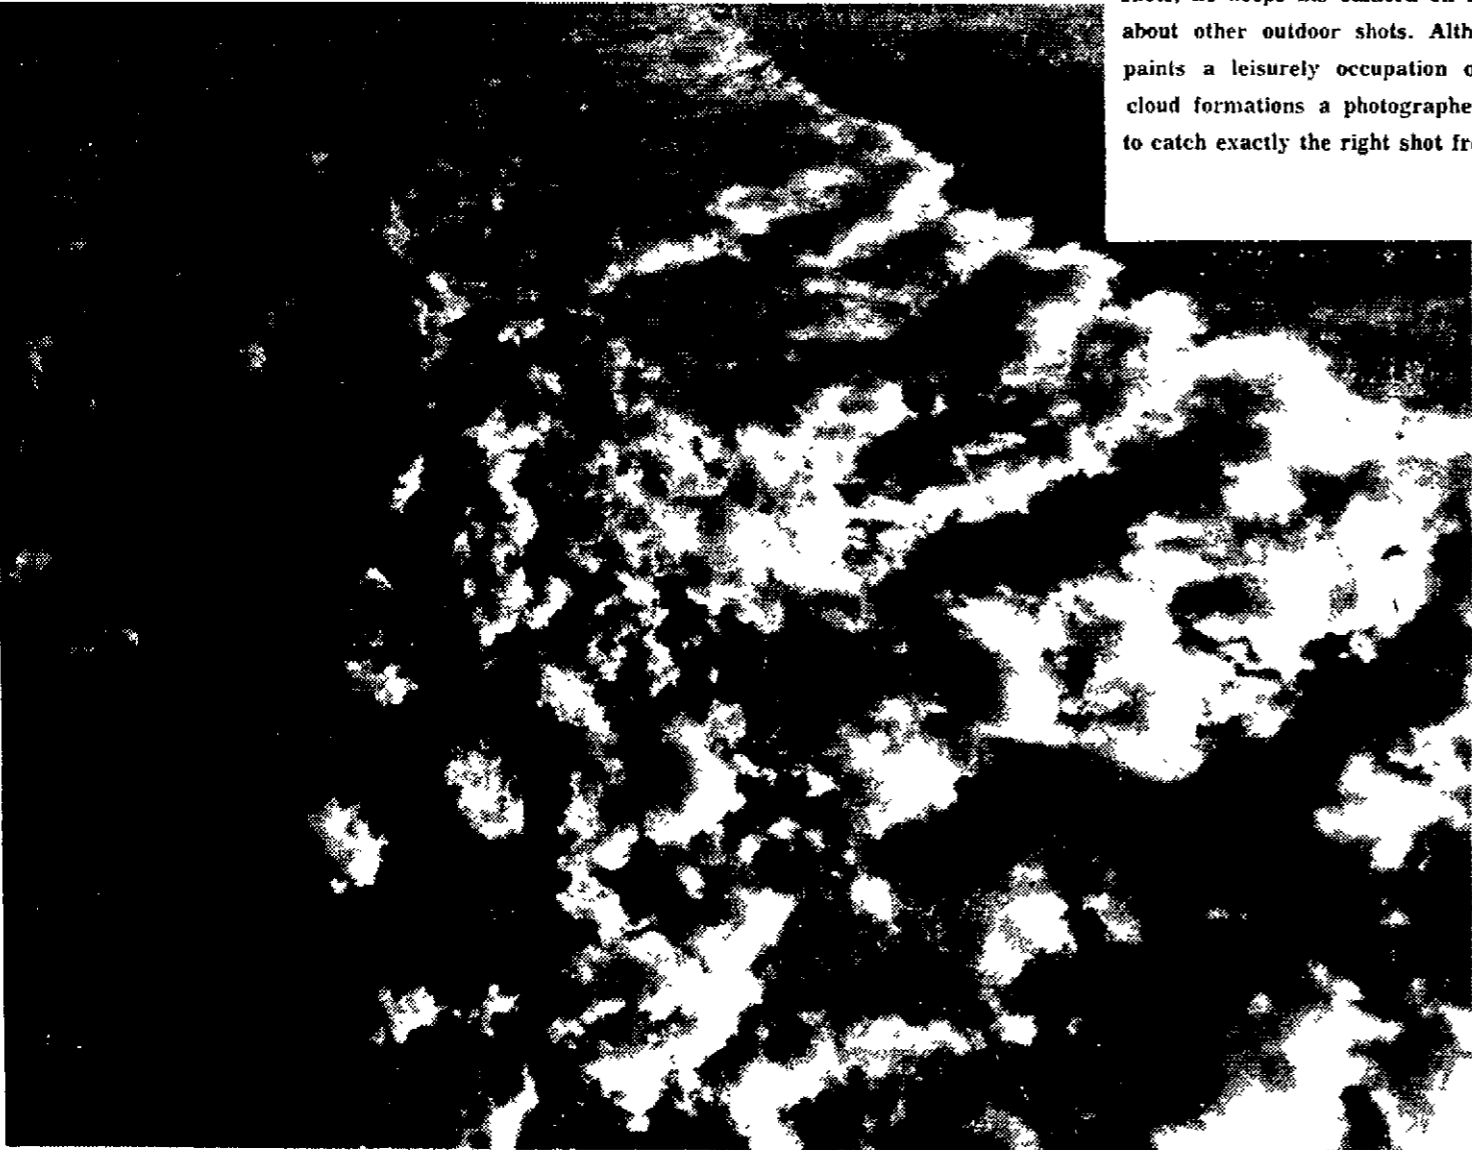

And the clouds keep drifting drifting
Passing on in grand review
While I watch in silent wonder
Till they wave to me adieu

Albert Edward Finch

These "cloudscapes" are the work of A. J. Mueller, head of the Post-Crescent photography department and are the result of many days of cloud gazing and patience. All of the pictures were taken from the ground, usually from a hill in the tree plantation area of Waupaca County. When Mueller is really on the prowl for cloud shots, he keeps his camera on a tripod and ready while he goes about other outdoor shots. Although poet Albert Edward Finch paints a leisurely occupation of discovering fanciful shapes in cloud formations a photographer, at times, has to move quickly to catch exactly the right shot from the fast moving formations.

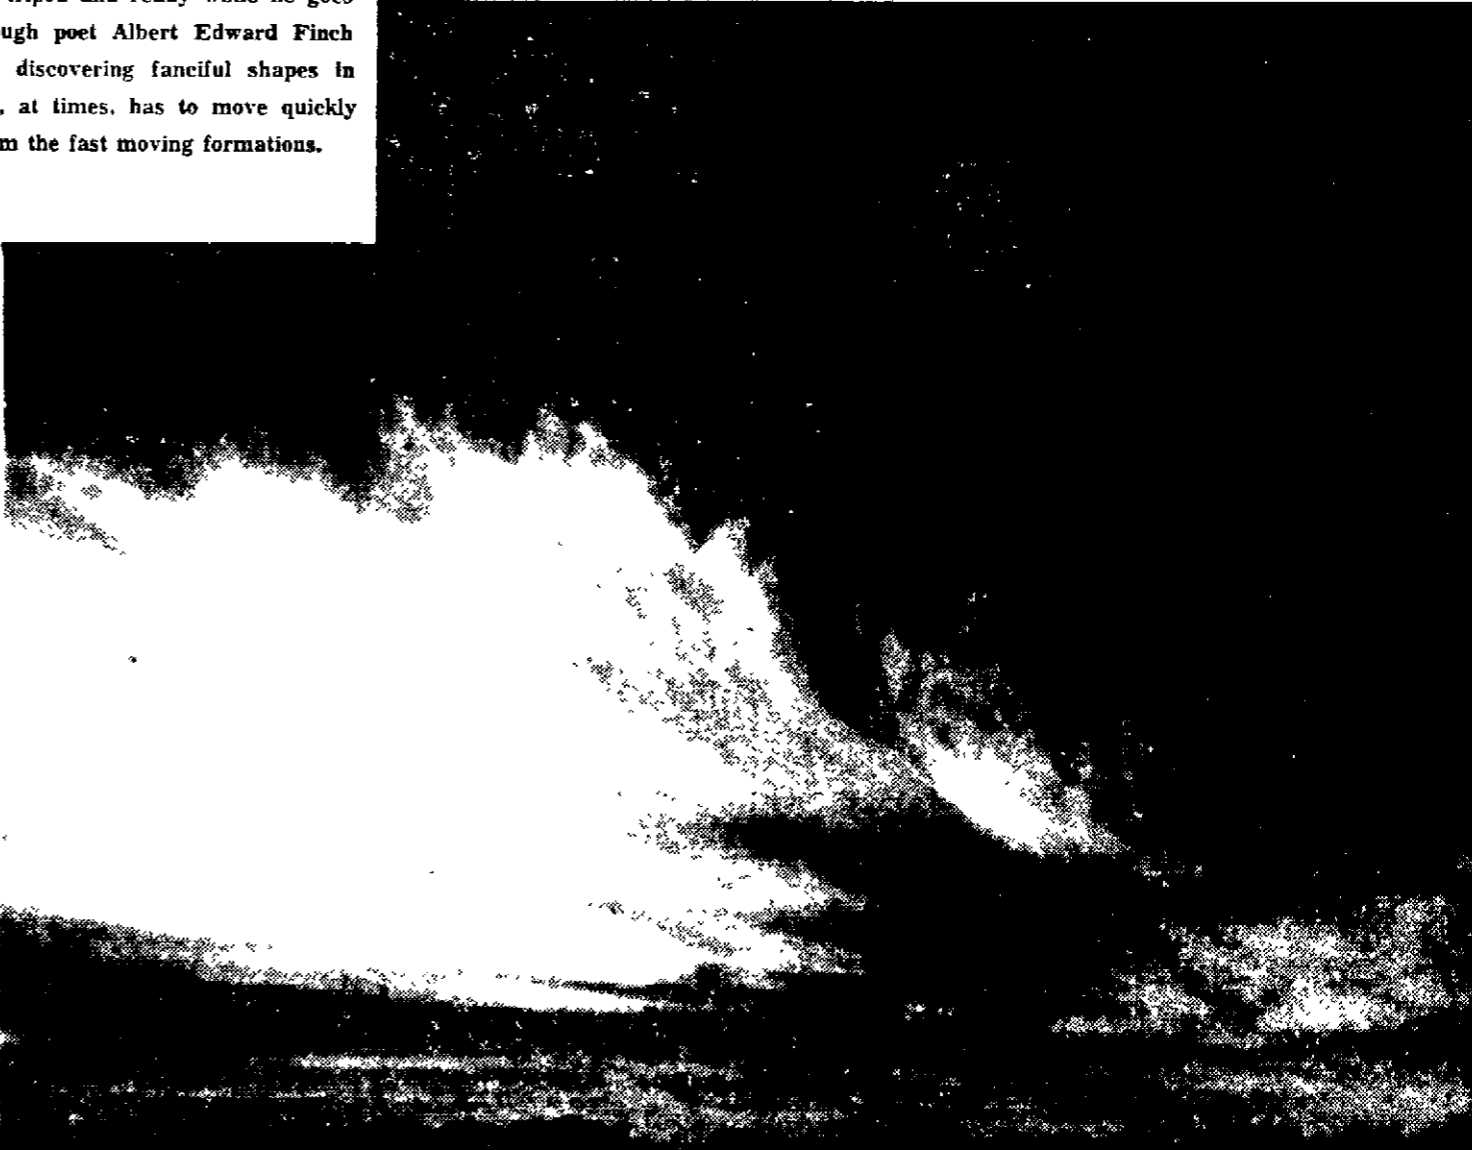

'Tis a Well Known Fact that Ireland is a heavenly place and now we present the proof. This fracto-cumulus of fair weather has had the good luck of being shaped in the very form of the Auld Sod. The ragged edge of the formation, however, would warn the observer that there is considerable turbulence and wind in the neighborhood, which may very well go along with the Irish looks of the cloud.

Jacob's Ladder of Biblical Renown seems to be shedding pieces of glory as it reaches toward heaven in this architectural formation. The perfect perspective of this formation enhances the feeling of its reaching heavenward, but don't look for a real formation like this, we turned the picture over for the effect.

spective of this formation enhances the feeling of its reaching heavenward, but don't look for a real formation like this, we turned the picture over for the effect.

Icy Particles Threaded on huge strings actually make up the designs of the very high cirrus, but a lonesome woodman looking up out of the gloom of

a gathering forest dusk the cloud can become the bright tresses of the girl he left behind.

This Bank of Clouds Must be formed on the shores of a huge heavenly lake or sea. Can't you see the

white caps rising out of the surf to thunder against the shore? Or perhaps your eye is wholly at sea and be-

hold a school of porpoise frolicking in the sun. To dash some cold water on the fancy, let it be known

the formation is made of incipient thunderheads reaching out of an alto-cumulous overcast.

New Gimmick Planned for Scare Movie

William Castle Has
Made Career, Tidy
Fortune From Ideas

BY BOB THOMAS

AP Movie-TV Writer

HOLLYWOOD (AP) — William Castle, never prone to understatement, says the gimmick in his latest scare epic is the best in the history of the theater.

This covers a lot of ground, since theater history spans from Sophocles to the Three Stooges. Yet Castle says his idea for "Homicidal" has never been tried by any of his artistic predecessors. Just what is it?

"Ah, I never reveal my gimmicks before the picture is released," said the movie maker.

Castle, a square-jawed, wire-haired film veteran but no square, has made a career and tidy fortune of out-gimmicking his competitors.

Various Gimmicks
"It started with 'Macabre,'" he related with relish. "I had no gimmick on the screen; the thing was the insurance policy on any patron who might be frightened to death."

He marched upward to "The House on Haunted Hill," for which he employed a skeleton sailing over the patrons' heads. Then came "The Tingler," which was literally so, the theater seats being wired for shock.

His latest accomplishment was "Thirteen Ghosts," which were visible via special spectacles but unseen by the naked eye.

"Columbia ordered only 1,600,000 of the glasses, which I told them was not enough," said Castle triumphantly. "The final order will be 13 million."

ASTOUNDING RECORD

Now comes "Homicidal" with his gimmick supreme. It is his most ambitious effort to date — "Imagine, 20 shooting days! I've only had 10 or 11 before."

Despite the sneers of critics, Castle has compounded an amazing record.

"The four pictures have cost a total of \$750,000," he declared. "They will make a gross profit of \$8 million."

3 Schools Participate In College, Career Guidance Programs

WAUPACA — Waupaca High School will participate with New London and Clintonville in a program for college and career guidance next month and in February. Guidance Director Roman Danielsen has announced.

College night, which will be Dec. 7 at Clintonville, will be handled by Perry Farrell, guidance director there.

The University of Wisconsin, the state colleges, private colleges and beauty, nursing, business, vocational and technical schools and the armed services will be represented at the meeting.

Career night is scheduled Feb. 1 at New London's Washington High School, where Joe Wells is guidance director.

Carol Heiss, 1960 Olympic Skating champion, studies her script as she prepares to make her first movie, "Snow White and the Seven Stooges." Stage 15 at Twentieth Century-Fox Studio, where Sonja Henie skated through a series of money-making films 20 years ago, is being iced up again for the new star.

British Actor Critical of American TV

Robert Morley Says
Sponsors Meddle Too
Much in Productions

BY CYNTHIA LOWRY

AP TV-Radio Writer

NEW YORK (AP) — "American television," said actor Robert Morley, "is far worse than it was a year ago. It is a shame, too, because today it is your most significant export, a barometer of your prestige abroad."

Morley, a British theatrical star and playwright, is in New York for the first time in 12 months to play a lead in tonight's CBS show of the Month, an adaptation of the venerable play, "Heaven Can Wait," a comedy.

The performer, a witty man who obviously enjoys making outrageous remarks (perhaps one rubbed-off from playing Oscar Wilde so often on the stage and in motion pictures) suggests that it would be "impossible to make a film under the conditions imposed on American television producers."

Silly Situation

"It is like an author trying to write a book with four sponsors breathing over his shoulders," he said. "and that is ludicrous. Television programs should be created like any other art forms. It can't be run by a committee—nothing really can be created by a committee. The way it works out is that one man is writing a show while 17 people around him are busy keeping their jobs. Sponsors really shouldn't be allowed any hand in it. And in England they are not."

Morely — who among other things finds it "ridiculous" that American television producers go to all the expense of importing one actor from Europe to play a role — cannot understand why there is such a shortage of good writers for television in this country.

"In England there is a school

New 'Don Giovanni' Opera Albums Tops

Paisello's 'Barber of Seville'
Also Standout in Latest Issues

BY L. J. KRAMP

AP Newfeatures

There are seven "Don Giovanni" albums available now, and the two newest by RCA Victor and Angel rank with the best. They stand out among recently issued opera albums, along with a "Barber of Seville" that wasn't written by Rossini.

RCA Victor, having issued extraordinarily good "Turandot" and "Il Trovatore" albums earlier this season, has followed up with a "Don Giovanni" that is equally fine in sound quality and unusually attractive because of Birgit Nilsson's and Leontyne Price's singing.

Combined with good performances by Cesare Valletti as Ottavio and Fernando Corena as Leporello, and by Erich Deidsdorf conducting the Vienna Philharmonic, this is a superior album throughout, and better in stereo than the popular Deutsche Grammophon version by Fischer-Dieskau.

2 Great Stars

The Angel "Don Giovanni" features the Australian soprano, Joan Sutherland, as Anna, and Elizabeth Schwarzkopf as Elvira, and both are in top form, making this album preferable to their followers. Added to this is dramatic conducting of the Philharmonia Orchestra by Carlo Giulini. The male singing by Luigi Alva and Giuseppe Taddei is less satisfying. Giovanni Paisiello's "Barber of Seville" is an old masterpiece that was lifted and rewritten by Rossini in 1815 and hasn't been mentioned much since.

Now it is available in a two-disc album by Mercury that is highly recommended, not because it is a refreshing novelty, but because it is brimful of gay and beautiful music, performed well by an Italian

of new writers concentrating on television," he said. "There are plenty of original dramas—about two a week. And we don't give them enormous sums for their work—and that's another trouble spot in American television: You give too much money to a few and not enough to the majority, and nothing runs a writer quicker than too much money."

In spite of his grumbling, Morley really enjoys his visits to this police Nov. 12. He was fined \$17.75 for driving 44 miles an hour that he spends most of his time in a 235 mile zone, and \$12.75 for driving on the wrong side of the highway.

CLINTONVILLE — Clement H. Hupke, 50, route 2, Clintonville, pleaded guilty to two charges after being arrested by Clintonville police Nov. 12. He was fined \$17.75 for driving 44 miles an hour that he spends most of his time in a 235 mile zone, and \$12.75 for driving on the wrong side of the highway.

Kennedy-Nixon Meeting Good For America

President-Elect's Invitation Prompted By Broad Politics

BY DAVID LAWRENCE
Washington — Why did President-Elect Kennedy take the initiative and pay a visit to Vice President Nixon? Some of the Kennedy staff are pleasantly surprised at the extent of the favorable reaction to the incident.

Basically, the American people believe in sportsmanship. In an athletic contest the loser and the winner always shake hands afterwards.

Political Reason

The underlying reason, however, was political in its broadest and best sense. The country revealed a sharp division in the election. The race was closer than either candidate really expected. There is nothing more important after such a contest than to promote good will on both sides. It is naturally Kennedy's concern more than it is Nixon's, but each has much to gain from such a manifestation of good will.

Kennedy first wants to reassure conservatives that he isn't as haywire on economic policies as the Democratic platform adopted at Los Angeles might imply. He would like to keep the fires of opposition from starting before he has a chance to express his viewpoint on major policies. He doesn't, moreover, want the country's businessmen to slow up their

Libraries of St. Mary School and Xavier High School were given encyclopedia sets by A. H. Lemieux, right, Appleton, Britannica representative. Accepting 15 volumes of Junior Britannica for the grade school and 24 volumes of Encyclopedia Britannica for the high school are, from left, Sister M. Ethel, OSF, Xavier librarian; the Rev. Adam Grill, pastor of St. Mary Church; and Brother L. Peter, FSC, Xavier principal.

planning or feel they have to wait for months to find out which way the new administration will turn — to the left or the right or to the middle way.

The least change is likely to occur in foreign policy. Broad and sweeping phrases about "bold and imaginative ideas" have been bandied about for the last several years by Democratic speakers, especially in the so-called liberal group. But in a few weeks some sure conservatives that he isn't as haywire on economic policies as the Democratic platform adopted at Los Angeles might imply. He would like to keep the fires of opposition from starting before he has a chance to express his viewpoint on major policies. He doesn't, moreover, want the country's businessmen to slow up their

Will Have Eggheads

President-Elect Kennedy has a somewhat conservative background, but he has always had an open mind about liberal ideas and he will have around him some of the same type of "egghead" advisers that Franklin Roosevelt had in his famous "brain trust."

But while there is a tendency to make comparisons already with FDR and to talk of a "100 days" of action, the parallel really is at

more theoretical than real. There is no such crisis today in the economic life of the country as was present in 1933. When Roosevelt took office, he faced a closing of all the banks and the problem of 12 million unemployed. He had made matters worse by refusing to co-operate with President Hoover before inauguration. The then president-elect shunned a personal meeting with the president and gave the impression that he feared to become involved in any action that might make him responsible for a further decline of the economic situation. It was bad judgment. Rumors of a program to devalue gold were in the air, and Roosevelt, who knew little about such things, depended on impractical advisers.

Kennedy is not likely to make such mistakes. He knows a good deal about Washington, as he has been immersed for 14 years in federal affairs, whereas FDR came directly from the governorship of New York. While he had some experience in the Navy Department as assistant secretary, he wasn't at all familiar with economic or

international policy problems that were before him in 1933.

Nixon has indicated he will help the president-elect in any way he can, but political history tells us that the vice president will maintain an independent course and begin quietly to prepare for the 1964 presidential contest. The Republican standard bearer showed a grace and good will toward his opponent which won him friends even among those persons who didn't vote for him. His final speech of the campaign was a masterpiece of non-partisanship. He is a more potent figure in national politics today than any other Republican. He may be expected to carry on a dignified and constructive opposition during the next four years — which is as it should be. This is something which is fully understood abroad where they call it "the loyal opposition." America, therefore, has gotten a plus out of the Nixon-Kennedy meeting.

General Box Net 5.6 Per Cent Less Than '59 Period

A "cost-price squeeze" sharply sliced third quarter net income of General Box Co., Chicago from that of the 1959 period, while sales showed a 5.6 per cent decline.

Net income for the three months ended September 30 totaled \$32,857 against \$81,502 in the year-earlier period. Sales declined to \$4,398,456 from \$4,661,450.

Nothing that "general softness" in the durable goods industries during the third quarter caused a decline in volume below "normal" levels, T. W. Regan, president, said the company, in common with most container and packaging manufacturers, experienced lower profit margins." He added that reduced profit margins are expected to continue during the rest of the year.

Profits also were adversely affected by start-up expenses at four new corrugated container plants and a foam plastics plant, he said. The plastics facility, he observed, marks the company's entrance into the plastic packaging materials field. Production is slated to begin in January.

Bears Claim Baltimore TD Was Illegal

Say Movies Show
Moore Bumped
Caroline on Pass

CHICAGO (AP) — The Chicago Bears keep watching the movies and hollering louder over what they claim was an illegal touchdown which gave the Baltimore Colts a 24-20 victory Sunday in the final minute of play.

George Halas, owner-coach of the Bears, said it was against National Football League rules to discuss controversial plays but that a statement by Baltimore Coach Weeb Ewbank, after the game, forced Halas to disregard the rule.

Ewbank said Bear defender J. C. Caroline was trying to bump Lennie Moore before Moore took a 39-yard pass from quarterback John Unitas for the game-winning touchdown.

Saw It Differently

"I saw the play differently," said Halas, "but decided to withhold comment until I had checked the game movies. Now to set the record straight and refute Ewbank's comment on Caroline, we are releasing pictures of the play recorded by our end zone cameras. The pictures clearly show Caroline running alongside Moore, with eyes up playing the ball.

"Then Moore pushes Caroline and knocks him down," continued Halas, "and Moore makes the catch in the end zone. There is not the slightest doubt Moore committed the foul. Had it been detected, the Colts would have been penalized 15 yards to their 46 yard line, and they would have had fourth down with 29 to go and only 17 seconds to play. At a conservative estimate, the odds are 1,000-1 Unitas would have hit on a touchdown pass from the 46-yard line — which is where the Colts would have been instead of lining up for the extra point after the illegal touchdown."

Halas said he intended to discuss the matter with Pete Rozelle, commissioner of the National Football League, but he had not decided about filing a formal protest.

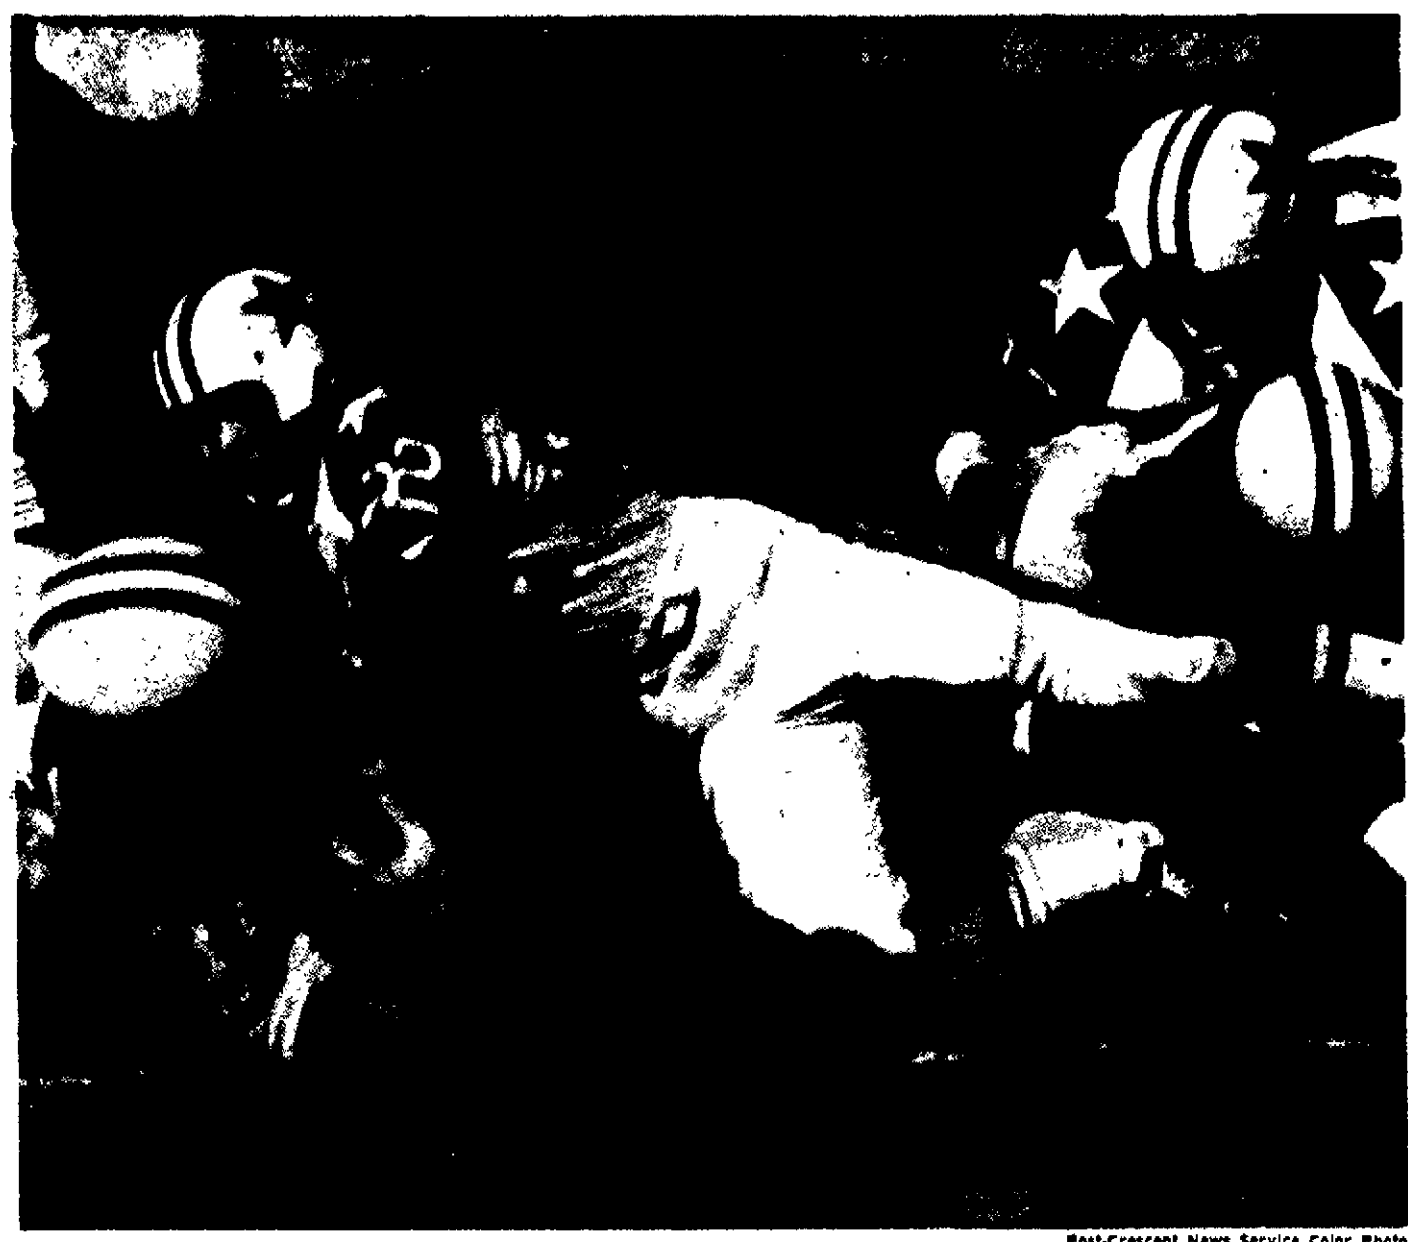

Order Sale of Athletics to St. Louis Men

CHICAGO (AP) — Formal sale of the Kansas City Athletics baseball club to a St. Louis syndicate headed by investment broker Elton Stein was scheduled today.

Probate Judge Robert J. Dunne ordered the sale Tuesday for a reported \$3.5 million after an out-of-court agreement had been reached by co-executors of the estate of Arnold Johnson, who owned 52 per cent of the club before his death last March 10.

Mrs. Warren W. Humes, remarried widow of Johnson, and the City National Bank of Chicago — co-executors of Johnson's estate — had disagreed what was to be done with the stock.

Mrs. Humes wished to retain the 52 per cent but the bank insisted it be sold in order to pay taxes and debts of \$1.5 million on Johnson's estate.

Jim Taylor, who is running a close second in the National Football League ground gaining race, scores from the 4-yard line in this scene from last Sunday's

41-7 Packer victory over Dallas. No. 22 is the Cowboys' Billy Butler, former Packer. At the right are Dallas's John Gonzaga and Green Bay's Forrest Gregg.

Packers Favored by 13 Points Over LA; Scoring Leader Hornung Hits 100 Mark

Cruise Warns Bays to 'Watch Out'

GREEN BAY (AP) — The Green Bay Packers have been installed a 13-point choice over the Los Angeles Rams for Sunday's meeting at Milwaukee County Stadium.

But Coach Vince Lombardi and his staff are concerned about a warning of "watch out" from chief scout Wallace Cruise.

A report from Cruise after Los Angeles' 12-10 loss to Detroit said that the Rams still are getting indoctrinated under new coach Bob Waterfield's system.

"It's just a matter of time and then watch out," Cruise reported.

Recall 1959 Game

Recalling last year's game when the Rams ran over the Packers 45-6 in Milwaukee, Lombardi noted Tuesday that Los Angeles has a flock of fine backs and a huge line.

In sizing up the lines, Lombardi said: "Believe me, we have the smallest offensive and defensive lines in the league."

Assistant coach Phil Bengston nodded in agreement and pointed out that the Rams "have more guys over 250 in their defensive line than any other club."

"They've got all kinds of Big Daddies," Bengston added.

The Packers are faced with a "must win" situation as a victory is needed to push them into a tie with the Baltimore Colts in the NFL's Western Division. The Colts, who are idle Sunday, have a 6-2 record, while the Packers are 5-2.

The Rams have only a 2-5-1 mark, but probably are respected as much as any other team in the league by the Packers. Green Bay has not beaten Los Angeles either in Green Bay or Milwaukee since 1956.

The Packers will be out to break that hex. And they won't care whether a victory is by one point or by the two touchdowns the oddsmakers believe.

Red Sox Sign 3 Coaches for '61

BOSTON (AP) — The Boston Red Sox today announced that coaches Billy Herman, Sal Maglie and Rudy York have been signed for the 1961 season.

Viking Cage Prospects Brighter; 6 Top Scorers Of 1959-60 are Back

Several Gridders Still Expected to Strengthen Roster

BY MIKE DREW
Post-Crescent Staff Writer

There are signs of better days ahead in Lawrence College basketball.

Last season's team posted a 5-17 record, not good but the best in five long, cold winters on the Fox River campus.

Only two lettermen of last year's club, John Van Meter and Bob Blust, aren't drilling with the 1960-1 outfit. Neither ranked among last season's top six scorers.

Plans To Re-Enroll

The 6-2 Blust, still in school, has used up his eligibility. He lettered with three different Vikings quintets. Van Meter, a promising 6-5 sophomore last winter, decided to spend this year touring Europe. He plans to re-enroll in the fall.

The Vikings had been drilling in the evenings until Monday, when afternoon practice began. They open their season Dec. 2 against visiting Coe.

Back are the top six scorers

Chuck Knocke (5-9), Jim Rasmussen (6-4), Jim Schulze (5-8), Loren Wolf (6-4), Jim Jordan (6-2) and Joe Lamers (6-3), plus a seventh letterman, Marty Gradman (6-3).

Also on the varsity are: Paul Lange (5-9), Dan Taylor (5-8) and Pete Bylow (6-2), members of last year's frosh team; John Krueger (5-10), a senior, and John Hackworthy (6-2), a junior who played on the varsity before suffering a broken ankle last winter.

Three Gridders

Three stars on the Vike football squad, all of whom could be in the race for a starting guard job, are also expected out. They are sophomores Gary Just (6-0) and Fred Flom (5-11) and junior Dave Thomsen (5-10).

Thomsen and Bylow were regulars on a strong Neenah High quintet of 1957-8. Just starred on Green Bay West's 1959 state tournament team. Menasha's Flom was a prep scoring flash at Wayland academy.

Among the members of last season's frosh club who aren't out are: former Appleton High performer Howie Hamann (6-4), Menasha guard Dave Robinson and Tom Krohn, 6-2 Wauwatosa sophomore. Krohn, a top pointmaker as a freshman, suffered a serious injury to his shooting hand.

Several Weeks

Except for the football players (including Schulze and Lamers) the Vikes have been drilling for several weeks, on an irregular basis.

Coach Don Boya, who is starting his fourth season, thinks he has the best depth in his tenure here. "All seven lettermen, and Hackworthy, are in the battle for starting jobs," he opines.

Averaged 13.8

Kaukauna's Lamers, who had a great fall, sparked in his first practice Monday which pleased the coach. "He'll have to carry quite a load for us," opined Boya.

"Also, Loren Wolf has to reach top form if we are to go anywhere," Boya asserted.

Wolf, former all-Wisconsin star from Shawano High, averaged 13.8 points for his nine games last fall.

Taylor Close Second in League Rushing

BY ART DALEY
Post-Crescent News Service

GREEN BAY — Jim Taylor and Paul Hornung!

Don't mention one without the other. Look what they've done between 'em in the first seven games this season:

Rushed for 1,086 yards, scored 160 points, and caught 26 passes for 202 yards.

One picks the other up. Last Sunday, for instance, Hornung was off his usual track, what with 17 yards in 13 rushes. Taylor responded with 121 yards in 15 trips. In Baltimore the previous Sunday the Colts held Jim down to 56 yards in 20 trips. But Paul flashed with 89 in 17.

'Lock' On Rushing

Taylor and Hornung have a "lock" on Packer rushing and they rank as one of the two best ground twosomes in the league.

Jim Brown and Bob Mitchell of the Browns have totaled 1,106 yards in seven games but most of that bulge came last Sunday when Brown reeled off 173 yards in 28 attempts.

Brown's big day moved him into first place in the league with 694 yards, while Taylor is second with 661—33 behind. Mitchell is seventh with 402, Hornung tenth with 39.5.

No two teammates in the league.

Trouble is Expected Over AL Expansion

Frick Casts Skeptical Eye On Plans

NEW YORK (AP) — The American League goes into its expansion meeting Thursday with Baseball Commissioner Ford Frick casting a skeptical eye on its plans and Congress threatening to take antimonopoly action if a club isn't placed in Los Angeles.

The league wants to place a team in Los Angeles next year and will work on an attempt to complete the proposal and put it to the joint major league meeting in St. Louis on Dec. 7.

Rule 1 of the major league agreement which prohibits the invasion of territory of one league by the other without the unanimous approval of both leagues, will come up for amendment. The American League is expected to propose the amendment and the National probably will veto it. That leaves the deciding vote in Frick's hands.

Frick said he would not vote for the amendment unless "a fair and workable plan is agreed upon by both leagues."

He obviously was referring to the Hank Greenberg syndicate which intends to operate in Los Angeles. Frick maintained that Walter O'Malley, who moved the Dodgers to Los Angeles, has spent about a million dollars for the shift and is entitled to get some of it back from any AL team that wishes to share the territory.

"Greenberg's outfit wants to pay nothing, do nothing," said Frick. "I won't stand for it. I don't want anybody thinking that just because I'm for expansion I'm going to vote for it on that basis."

Frick added that he thinks the situation confronting the majors is serious.

Not Impossible

"But," he pointed out, "it is not an impossible situation. They have until next month to iron it out. I hope they can settle things quietly before then and I'll be able to let them know beforehand that I'm going to vote for it."

If the matter cannot be resolved in time to open the '61 season, there is a possibility that the AL might operate with only nine teams—the old seven, plus

Two Foxes' Directors Resign Posts

At least two new directors will be named tonight at the annual stockholders' meeting of the Fox Cities baseball club.

Clarence Below and Bob Cole, whose terms are expiring, have both indicated they will not seek reelection. Terms expire for a total of seven directors each year.

Tonight's meeting in the circuit court room of the Outagamie County Courthouse begins at 7:30 p.m.

Wed., Nov. 16, 1960 Page C1

Deer Season Will Climax State's '60 Hunting Activities

9-Day Hunt to Open Saturday; —2 New Regulations in Effect

BY JAY REED
Post-Crescent Outdoor Editor

Wisconsin's 1960 hunting activities reach a king-size climax Saturday when the nine-day gun season for deer opens at 6:24 a.m.

Every indication points to a re-

duced kill over the 105,000 animals bagged last year.

The party permit system, one of the most hotly-contested conservation regulations to come along in recent years, will be in effect north of Highway 29. (Under the permit rule, a party of four hunters is allowed to kill a fifth deer of either sex provided they have purchased a \$5 permit.)

In Most Areas

The three-inch spike buck regulation will be in effect in most areas of the state except for two blocks of counties along the Mississippi river and in southeastern Wisconsin.

Along the Mississippi in Grant, Crawford, Vernon, LaCrosse, Trempealeau, Buffalo, Pepin and Pierce counties, hunters will be able to take a deer of either sex the first two days, Saturday and Sunday. The remainder of the season will be spike bucks only.

In the southeastern counties of Jefferson, Walworth, Waukesha, Racine and Kenosha, the season will be limited to three days, Sunday, Monday and Tuesday with either bucks or does legal game.

Outagamie and surrounding counties of Waupaca, Winnebago, Calumet, Manitowish and most of the southern section of Brown are areas where hunters may be armed only with shotguns.

Population Down

Outagamie County Conservation Warden Chuck Wranosky says the county's deer population is down over previous years. He has predicted a kill of 300 deer or less in this county.

Two new regulations will be of concern to hunters this year. One requires that in transporting a deer to a registration station the animal must be exposed to public view so as to make it readily identifiable.

The regulation also specifies that the snapped tag be located in a portion of the vehicle where it can't be manipulated by the occupants.

The other new regulation makes it mandatory for two members of a hunting party to be present when a party deer is registered. Previously, only one member had to be on hand.

There are conflicting views as to why the kill may drop below

Jeanne Kloes, Shirley Helser, Betty Cutler Jolt Hefty Triples

Don Lund Hammers 613 for Hahn's Major League Honors

Jeanne Kloes exploded a 579 for first place Appleton Floors threesome for first place Subway (25-2-4-1/2) in Hahn's Ten Pin Toll Bar (23-2-6-1/2) in the Five-by-Eight League at Hahn's Tuesday night. The triple ties one by Pat Lutz Sept. 29 as the fifth high-est thus far in the Appleton women's league season.

Jeanne Kloes now has three of the campaign's best six aggregate scores. She topped games of 191 and 203 along the route Tuesday.

Shirley "Butch" Helser rattled a 205 for KC Bar for game honors and finished with a blazing 557. Another of her games was a 196.

Betty Cutler hammered a 560

Midwest Grid Briefs

Gophers Stress Pass Defense In Workouts

Nine Hoosiers on Bench With Injuries; Purdue 'Doubtful'

CHICAGO (AP)—Midwest football briefs:

Minnesota — Pass defense received major attention in the Gopher camp. Purdue defeated Minnesota on passes and the Gophers expect Wisconsin to throw even more than the Boilermakers.

Ohio State — End Tom Perdue is still on the doubtful list for the Michigan game because of a head injury. The Buckeyes worked on various defenses for the Michigan game.

Michigan — Halfback Dave Ramsey worked out with a heavily taped ankle but there is doubt he will play against Ohio State.

Indiana — Getting a team together for the Purdue game is the main Hoosier problem. Nine men were on the bench because of injuries. The group included starters Chuck Campbell, Jim Haas, Jack Johnson, Doug Dove and Joe Maroon.

Purdue — Preparations for the Old Oaken Bucket game against Indiana included working on three defensive formations which the Hoosiers might spring—the single wing, the winged-T and the spread.

Northwestern — Halfback Al Kimbrough probably will miss the Illinois game because his injured ankle is not responding to treatment.

Illinois — Quarterbacks Johnny Easterbrook and Mel Meyers worked on sharpening Illinois' passing game Joe Krakowski, nursing an injured shoulder probably will play on defense.

Iowa — Matt Szykowny, a sophomore passing ace, is scheduled for heavy duty against Notre Dame Saturday. Szykowny passed for 98 yards in relieving Wilburn Hollis against Ohio State.

Notre Dame — Contact drills saw the Irish emphasize rushing in view of Iowa's strong running game. Sophomore Bill Ahern, a former guard, worked out at fullback. He's the ninth man to appear as offensive fullback for the injury riddled Irish.

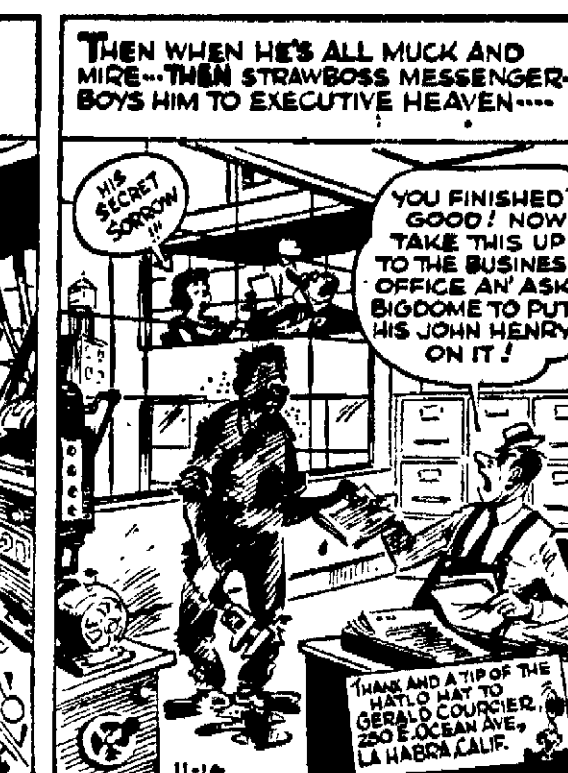

Former Manager of Basilio Fined for Failing to Pay Taxes

SYRACUSE, N.Y. (AP) — Joseph Netro, former manager of boxer Carmen Basilio, has until Dec. 20 to pay a \$5,000 fine for failing to file federal income tax returns on \$73,003.

Netro was fined in U.S. District court Monday on income-tax charges.

Hayes is expected to be okay for the Cleveland game, the Steeler spokesman said.

Elgin Baylor Scores Record 71 Points

Shatters Own Mark of 64; Pistons and Celtic Jinx

"Give it to Baylor. Give it to in the dressing room. They tried to feed me so much when the crowd started chanting that I asked the boys to let me make my own plays."

That's the cry 10,132 basketball fans took up in Madison Square Garden Tuesday night after Elgin Baylor of the Los Angeles Lakers Strangely, Baylor said he got a scored his 59th point against the bigger thrill when he set the New York Knicks to break the previous record with his 64 points Garden individual high scoring a year ago.

There were still about six min-utes left to play and the fans lost 17 in a row to the Celtics wanted Baylor to break the NBA since Nov. 9 1958. The Royals record high of 64 points for one had taken it on the chin from the game that Baylor himself had set. Warrriors 13 straight times since little over a year ago, Nov. 8, Feb. 13, 1959.

1959, against the Boston Celtics. Robertson's 44 points on 17 field Break it the former Seattle All-stars and 10 free throws at Cin- America did. He finished with 71 points was his best showing as a points on 28 field goals on 48 at- pto. He outscored Philadelphia's tempts and 15 of 19 free throws. star Wilt Chamberlain, who fin- when he was taken out 28 sec- ished with 36 points.

It was incidental that Los Angeles beat the Knicks 123-108 in the feature of the Garden double-header after the Detroit Pistons had wiped out a 20-point deficit to beat the Boston Celtics 115-114 in overtime.

Baylor's feat also overshadowed the 44 points scored by Oscar Robertson in Cincinnati's 124-115 victory over Philadelphia. The Warriors' second straight defeat after a nine-game winning streak. "I got very nervous when they announced I had set a Garden record at 59 points," Baylor said

was not interested in 100 per cent control of the team.

"We recognize the value of local interest in the team," he observed.

Giants May Sign 2 Jap Players, Says Stoneham

SAN FRANCISCO (AP)—Horse ace Stoneham, owner of the San Francisco Giants, said Tuesday the Giants are on the verge of signing a Japanese pitcher and the third baseman.

The Japanese players would start with the Giants' Tacoma club in the Pacific Coast League.

"I can neither spell nor pronounce their names," Stoneham quipped, "but both are exceptional people."

In New York, Bergen said he al prospects.

Elgin Baylor of the Los Angeles Lakers relaxes on a bench in Madison Square Garden Tuesday night after scoring 28 field goals and 15 free throws for a record-shattering 71 points in a 123-108 win over the New York Knickerbockers.

Hornung Hits Century Mark

CONTINUED FROM PAGE 1

are even close to the Packers' twin scorers. Hornung has scored 100 marks on eight TDS, 25 extra points and nine field goals. Taylor 60 on 10 touchdowns. Jim got three TDs and Paul 17 points on Dallas. These two have scored all but 42 of the Packers' points, and Tom Moore has 24 of those.

Hornung is just 39 points short of breaking Don Hutson's record of 138 feet set in 1933. That would seem like a sure bet but it will depend on the Packers' fortunes on the rocky road ahead.

John McHale Is Shopping in AL

Braves Reportedly Dicker for Yanks' Duren

MILWAUKEE (AP)—Milwaukee General Manager John McHale is shopping in American League circles on a visit to New York today in an effort to strengthen the Braves for the 1961 season.

McHale flew to New York Tuesday and had a conference with Roy Hamey, general manager of the Yankees on Tap. There is no secret what McHale is looking for—a pitcher, an infielder and an outfielder.

One report was that McHale was attempting to dicker with the Yankees for relief pitcher Ryne Duren, a fire-balling right-hander from Cazenovia, Wis., who had a 50-50 1960 season.

There also was a report that the Braves would like to line up a trade for second baseman Bobby Richardson, a World Series star.

Before returning to Milwaukee, Braves general manager also is expected to talk trade with the Cleveland Indians, the Baltimore Orioles and the Detroit Tigers.

Preston Carpenter May Not Play Against Browns

PITTSBURGH (AP)—A punched shoulder nerve may keep Pittsburgh Steeler end Preston Carpenter on the sidelines for next Sunday's National Football League game with the Cleveland Browns.

Carpenter hurt the shoulder Sunday against the New York Giants. A Steeler spokesman said the injury causes Carpenter considerable pain when contact is made at certain spots.

Also hurt in Sunday's contest, was Steeler linebacker Rudy Court Monday on income-tax charges.

Hayes is expected to be okay for the Cleveland game, the Steeler spokesman said.

Deer Season Set to Open

CONTINUED FROM PAGE 1

last year's figures. The Conservation Department says the state's deer population is good in most areas and even higher in other regions than in previous years. The Department says the concentration north of Highway 29 of the party permit will cut deeply into the total kill.

The department's original party permit request had the line a good deal farther south cutting, in fact, through the northern half of Outagamie county. The Conservation Department recommended the permit system be withdrawn but strong pressure from Forest Industry spokesmen spawned a compromise line.

Cite Heavy Kill

Residents in the north, contrary to Department opinion, say the deer herd is way down over last year and the year before. They cite the heavy kill of the last two years plus the permit concentration, as reasons why fewer deer may be killed this year.

Lakewood, Mountain, Lady-smith, Phillips, Park Falls, Hayward, Cable and Eau Claire are among the magic names which will draw the great majority of deer hunters north again this year. Whether the deer population is up or down, it appears there will be at least as many hunters out as last year. This would place the number in the woods between 300,000 and 400,000.

If all the signs are right, a good many of them will never so much as fire a shot.

Registration stations:

Oulagamie County — Adams Service, Seymour, Herb's Service and Rink's Service, Appleton, Ray School's Station, Hortonville, Ray's Standard, Black Creek, Vics Station, Alond.

Waupesa County — Cliff's Station, Weyauwega, Dick's Station, Waupesa, Fischer's Station, New London, Greulzmark's Service, Clintonville, Glenn Myers, Tabor, O'Connell Service, Embarras, Pete's Station, New London, Smith's Service, Fremont, Speed's, Marion, Slurm and Jensen, Manawa, Waller and Nes.

Winnebago County — Hiebel Service, Neenah, Larry's Standard, Omro, ECA Headquarters, Oshkosh.

Calumet County — Conrad's Station, Kiel, Giv's Auto Service, Hilbert, Shaul's Service, Chilton.

Brown County — Art's Station, Denmark, Herb's Service, Naze Service, and

Harold Nelson Authors 578 'Rainbow' Set

Harold Nelson pasted a 578 for the White team in the Rainbow Couples League at the 41 Bowl over the weekend. The Yellows and Blacks (10-5) share first and place Wilbert Fredricks slapped a 564.

The top effort in the Elks Major wheel was a 571 by Benne Ruten for the Iowa team. The Ohio (20-7) outfit leads by 312 games. Other honor scores Wally Winter, 564, Loren Spence 557. Cigarette Couples League action at Hahn's was paced by Glen Rohm and his 560 for the Mailboxes. Larry Shebilske thumped a 232 for the first place Hit Parades (11-4). The Raleighs share the top spot.

The leading effort in the 41 Bowl Couples Beer League was a 558 by Jack Sturges for the Millers. Glen Nau rattled a 551 for the Pabsts.

Glenn Harke Wins Ground Gaining Title in WSCC

OSHKOSH — Glenn Harke of Stout is champion ground gaining of the Wisconsin State College football conference with 664 yards in 118 carries for an average of 5.6 yards per crack.

Final statistics released Saturday also showed that Mike Liebenstein of Stevens Point was runner-up with 575 yards in 107 carries. Two others gained more than 500 yards. They were Russ Knutson and Don Lee of Eau Claire, with 560 and 580 yards respectively. Fied Pongratz of La Crosse gained 461 yards and Harry Nordento of Whitewater 474.

See the new 1961 BOATS AT JOHNSON DEALERS ONLY!

Come one, come all, to your Johnson dealer... Nov. 17th through the 20th! See sleek new hulls in shining new colors. See amazing new materials and equipment. See thrilling new concepts in speed, power and styling. See all this, and more, months ahead of the regular public showing. So visit your Johnson dealer—and bring the whole family. Be the first to peek at the wonderful water world of 1961.

Johnson world's largest-selling outboard motor. First in quiet dependability.

SEE THE GREATEST SEA-HORSE EVER... THE 1961 V-75!

Proven in use for a full year. Eight great new features for longer life and even better performance that add still more to your boating pleasure.

Full 75 hp at only 4500 rpm. Speeds of over 40 mph on many boats.

Uniquely constructed Key-switch electric starting. Automatic choke. Full gear shift... forward, neutral, reverse.

Also seven other new 1961 Sea-Horses, from 3 hp to 75 hp... each one made to meet a particular power need.

Midwest Swami Picks Gophers to Beat UW

BY CHARLES CHAMBERLAIN
CHICAGO (AP)—The Ol' Swami makes his last fling of the football season before beating the posse out of town (record thus far: 43-16-2 for .729):

Minnesota 21, Wisconsin 14—One of those traditional season wind-ups with the Gophers trying to shake off their upset by Purdue for a victory that would give them a share of the Big Ten title with Iowa. Minnesota hasn't won in the Badgers' lair since 1948. Ron Miller's passing may make it closer than expected.

Northwestern 18, Illinois 17—Flip the coin here. This finale has been at Illinois the last three years with the Illini winning each

time. Now it shifts to Northwestern. Could be the Wildcats turn to win, with the Dick Thorn-ton to El Kimbrough airlift the difference.

Iowa 35, Notre Dame 14—The Hawkeyes, ranked No. 2 in the AP poll, will be out to make it big with the hope of regaining the No. 1 spot and enhancing a possible Rose Bowl invitation. Also, it could be Forest Evashevski's last game as coach. The Irish now have lost seven straight.

Ohio State 20, Michigan 10—A Donnybrook, with the Buckeyes trying to show their home fans they aren't as bad as that 35-12 licking by Iowa indicates. The Wolverines are likely to find out they aren't.

Purdue 21, Indiana 7—The Hoosiers may have been saving up all season long for this Old Oaken Bucket scrap. But the Boilermakers, guided by one of the finest quarterbacks around, Bernie Allen, have too much manpower.

Michigan State 7, Detroit 7—A chance for the Spartan reserves to frolic.

Nov. 26—Southern California 17, Notre Dame 14—The Irish close their worst season in history.

13 Gridders Have Died This Season

LOS ANGELES (AP)—Thirteen players have received fatal injuries as a direct result of 1960 football competition, compared with 16 at this time last season.

So says the annual mid season report of Dr. Floyd R. Eastwood of Los Angeles State College, reporting for the American Football Coaches Association's Committee on Injuries and Fatalities.

Dr. Eastwood said Tuesday night that one reason for the decline may be the delay his committee experiences in receiving reports of injuries sustained in sandlot games. Five sandlot fatalities had occurred at this time last year, but only one has been reported so far in 1960.

Five football deaths last year were due to heat stroke, while two have been reported this season.

Miller Seeks 2 Individual Big 10 Titles

Perils Conference Aerial Mark Set By Coatta in 1951

MADISON (AP)—Ron Miller, sophomore signal-caller for Wisconsin's football team, will attempt to capture two conference titles in Saturday's finale with Minnesota.

Although sidelined intermittently since mid-October with injured ankles, the sensational rookie has collected 903 yards in six conference tilts, making him an apparent shoe-in for Big Ten passing and total offense titles.

He also stands a chance of being the first sophomore since Paul Giel of Minnesota to gain over 1,000 yards in conference competition. The Gopher sophomore turned the trick in 1951.

Miller's 903 yards include 860 by passing, making him a threat to such conference aerial marks as the 1,030 yards passed by Wisconsin's John Coatta in 1951. Another leader was Len Dawson of Purdue, who passed for 1,019 yards in 1954, 961 in 1955.

All time marks by Wisconsin performers also are threatened by the sophomore back. With two non-conference contests added to his totals, Miller has 1,317 yards on offense, with 1,245 by passing. The record of 1,410 yards by passing was set by Jim Haluska in 1952.

Miller's passing total of 1,245 yards represents 87 competitions in 164 attempts, a 53 per cent average. He has had 12 intercepted and 7 went for touchdowns.

Other Badger quarterbacks threw 38 aeriels, complete 16 and had one intercepted. None were scoring tosses.

AFL Names Kemp As Week's Best Offensive Player

DALLAS (AP)—Jack Kemp, tireless quarterback of the Los Angeles Chargers who engineered a 24-21 victory over Houston, was named today as American Football League player of the week on offense.

He tried 37 passes, completed 18 for 296 yards and two touchdowns and ran for 50 yards.

Russians Defeat U. S. In Table Tennis Test

BALTIMORE (AP)—A team of Russian ping-pong experts trounced a group of American stars Tuesday night, and confidently predicted that the Soviet Union soon would lead the world in table tennis.

In an exhibition game at the Baltimore Table Tennis Club, Sony, 1874, Braddock, Pa., stopped three Russian teen-agers defeated three Americans 9-0.

Dick Wiesner Is expected to start in the backcourt for Xavier High School tonight in its season-opening basketball game at Fish Creek Gibraltar.

Ben Agajanian, at 41, Still Is Place-Kicking Specialist

By BOB MYERS
Associated Press Sports Writer

LOS ANGELES (AP)—Considering that some of his teammates were only 3 or 4 years old when he started in professional football, Ben Agajanian must be regarded as an amazing article.

Now 41 and a trim 200 pounds, Ben is the place-kicking specialist for the Los Angeles Chargers of the American Football League.

He is just about the oldest player in pro ranks in the country, and in his 18 years he has played in every major and bush league in the U. S.

Aggie shrugged off reports he might retire.

Too Much Fun
"Quit? I'm having too much fun," he said Tuesday.

His greatest years, in widely separated stretches, were with the New York Giants in 1950-51-52 and 1955-56-57 and part of 1958.

The Philadelphia Eagles, Washington Redskins, the Rams and the Los Angeles Dons of the old All-America Conference, Pittsburgh, the Hollywood Bears (1942)—Agajanian has played for the best.

He decided early that he would last longer as a kicking specialist.

This year Aggie has kicked six field goals. His three field goals, one for 46 yards, beat the Denver Broncos.

He lost all but the little toe of his right-kicking-foot in a freight elevator accident in 1941. Today he can joke about such a tragedy.

A father once asked him how to make a placekicker out of his son.

"Cut off his toes," answered Ben.

Boston — Tom McNeely, 198, Arlington, Mass., outpointed George Logan, 188, Boise, Idaho, 10.

McKeesport, Pa. — Alonzo Johnson, 1874, Braddock, Pa., stopped Tony Anthony, 1762, New York, 6.

Auburn's Dyas Cited by AP as 'Back of Week'

AUBURN, Ala. (AP)—The night before he set a new collegiate field goal record, Ed Dyas disappeared from the Auburn campus.

Spectators at a high school football game spotted him later in the evening surrounded by seven small boys he had rounded up and taken to the game as his guests.

That's typical of the studious pre-med student whose spectacular performance against Georgia last Saturday won him acclaim as the Associated Press' Back of the Week.

The 205-pound fullback from Mobile, Ala., kicked three field goals to give the Tigers a 9-6 victory over Georgia and establish a national record for the most field goals in a college career—16. Dyas has booted 12 of them this year, another collegiate record.

Despite his kicking accuracy, the mild-mannered gridiron hero, who turned 21 Friday, isn't essentially a field goal specialist. He has gained 393 yards rushing for heavily through graduation. Boya, a 5.2-yard average, and has expects Monmouth and Beloit to score two touchdowns.

Cage Outlook Is Brighter For Lawrence

CONTINUED FROM PAGE 1

to rank second high on the team behind Knoke (14.4).

Rasmussen set the school scoring record with 403 points as a sophomore but slumped to 277 last Saturday won him acclaim as the Associated Press' Back of the Week.

"We'll be small," observes Boya, "and we don't have great speed. We have a tough schedule and we'll have to battle for every win again."

Schulze and Just sustained knee injuries during football season, which could hamper them in the early going. Schulze wasn't moving with his usual quickness Monday.

Cornell and Knox shared the MC title but both lost, Boya has been through graduation. Boya, a 5.2-yard average, and has expects Monmouth and Beloit to be two of the stronger clubs with

St. Olaf and Grinnell solid and Ripon improved.

Lawrence and Ripon will play a pair of Illinois colleges in 2-night doubleheader over the holidays. The Vikings meet Lake Forest Dec. 29 and Elmhurst Dec. 30, switching foes with Ripon. Both nights' activity will be in Alexander gym.

That gives Lawrence 11 home games in their 21-tilt schedule. The other non-conference affair is at St. Norbert Jan. 18.

The schedule:
Dec. 2—Coe
Dec. 3—Grinnell
Dec. 9—at Knox
Dec. 10—at Monmouth
Dec. 16—Beloit
Dec. 17—Cornell
Dec. 22—Lake Forest
Dec. 30—Elmhurst
Jan. 6—at St. Olaf
Jan. 7—at Carleton
Jan. 14—Ripon
Jan. 18—at St. Norbert
Feb. 4—at Cornell
Feb. 10—at Coe
Feb. 11—at Grinnell
Feb. 17—Knox
Feb. 18—Monmouth
Feb. 25—at Ripon
Feb. 28—at Beloit
March 3—St. Olaf
March 4—Carleton.

211 W. CHICAGO AVE.

Government Cracks Down on Syndicates

BY VICTOR RIESEL

CHICAGO—Little noticed — or mourned — by a less affluent society, a pleasantly increasing number of crime combine hoods are disappearing or turning up badly bruised. Among syndicate citizenry missing from their usual shake-down routes are some who until recently were assigned to the invasion of the labor movement.

Riesel

No one really knows why the mob is cracking down on its own with such grim intensity now. Even "informed circles" say the directors of the syndicated crime baronies are deeply concerned over a new tactic developed by U.S. Atty. Gen. William Rogers and his Criminal Division chief, Malcolm Wilkey.

The department has created a network of 82 U.S. attorneys who are experts in syndicated crime. Twenty-six of these specialists operate as a unit in the Justice Department's headquarters. This selected group has a daring and unprecedented task, Rogers says.

Analyze Weaknesses
"... they are engaged in the continuous analysis of the vulnerable points in the lifetime careers of over 250 known racketeers in the U.S."

Working on the personal histories

of the men who make up the hierarchy of the world's only organized criminal syndicate are the agents of the FBI, the Narcotics Bureau, the Internal Revenue Service, the Immigration and Naturalization Service, the Customs Service and even the Alcohol and Tobacco Tax Unit of the Treasury Department. This puts at the disposal of the selected 26 the knowledge of some 10,000 special agents.

Not only are the hoods' past lives an open book, but the most powerful mob leadership can't make a move now in any one of several score cities without being under surveillance of federal agents. These investigators also work with another band of organized crime specialists.

Melt Steel Nerves
This second group inside the Justice Department is made up of 56 men "specially designated to concentrate full or part time on organized crime in the various districts." They usually are assistants to regional U. S. attorneys who now are under directives to devote a "substantial part" of their time to the crime magnates.

Such close surveillance would make many a man nervous. The syndicate is used to heat. However, this heat is beginning to melt some of the steel nerves and the boys are policing themselves more carefully now. They want no more stepping out of line or creating an incident.

The record shows that at least 50 of the 100 top national criminal leaders are in prison or have been convicted and are out on appeal or are under indictment. Two and a half years ago the Justice Department announced it would get the entire 100 and then go after another big batch.

Heavy Casualties
On the industrial front, the casualties for the mob have been heavy, too. The men sent into the labor movement by the syndicate are, of course, lesser lights more easily put out. But the Justice Department record is good—148 convictions have been won in the last seven years.

These prosecutions have come under the Taft-Hartley Law and the anti-terror and anti-extortion Hobbs Act.

In addition, the Justice Department has used the FBI to run down McClellan Committee leads. This has brought 12 convictions and "18 pending indictments."

Also there were 18 convictions of labor officials on income tax charges including fraud and evasion.

It's slow work. But it slows down the invasion of the labor movement. It delays the spread of rotten boroughs in which the rank-and-file is exploited and sold out. These are the fortified points from which the mob combines and private crooks conspire against vast national unions.

Whitewater State '11' Tied for 16th Place in NAIA Rankings

KANSAS CITY (AP)—Whitewater State of Wisconsin, with a 7-0-1 record, is tied for 16th place in the National Association of Intercollegiate Athletics small college football poll announced today.

The Wisconsin school shares the ranking with Iowa's Luther College, which has an 8-1 record. Lenoir Rhyne remains first. The leaders have a 9-0 record following in order are Florida A-M, Humboldt and Southern Illinois. The Illinois school also has an 8-1 record.

Los Angeles — Ricardo Lara, 119, El Paso, outpointed Chu Corona, 119½. Los Angeles, 10, had been signed.

Post-Crescent News Service Photo

A Plaque, Honoring seven famed "Packer Backers," was presented to the Green Bay Stadium commission between halves of Sunday's game between the Bays and Dallas. Dominic Olejniczak (left), president, presented it to City Atty. Clarence Nier, on behalf of the Packer Corp. The tablet honors "Curly" Lambeau, long-time Packer coach; and former corporation presidents A. B. Turnbull, Ray Evrard, Dr. W. Webber, Kelly, L. H. Joannes, Emil Fischer and Russ Bogda.

Boxer in Hospital After Knockout

BOSTON (AP)—Professional boxer Tommy Garrow of Claremont, N.H., is expected to be released from a hospital today after being treated for injuries received in a fight Tuesday night.

Garrow, 26, a long-time preliminary fighter, was knocked out in the fourth round of a bout with Psalm Johnson, Hartford, Conn. He did not stir for several minutes after being decked with a long right hand blast. He was carried from the ring on a stretcher. The diagnosis in the ring was concussion, but hospital attendants said later it was not so serious.

Musicians on Club So Anthem Not Played

NAPA, Calif. (AP)—The School Board was set to beat the band. How come, board members wanted to know, "The Star-Spangled Banner" wasn't played at St. Helena High School football games? Supt. Melville O. Johns explained. Most of the football play-

Blanda, Kemp Tied for AFL Passing Lead

DALLAS (AP)—George Blanda, the Houston veteran, has gone over the 2,000-yard mark but can't shake the persistency of young Jack Kemp of Los Angeles in the struggle for the American Football League passing championship.

The two met head-on at Los Angeles Sunday, as Los Angeles won 24-21, and out of the duel came a tie for the lead. They replaced Denver's Frank Tripucka, who dropped to third.

Blanda and Kemp each had 47 points under the AFL's six-point rating system (completions, yards, touchdown passes, percentage of completions, per cent intercepted and average yards gained).

Kemp has completed 137 passes for 1,789 yards and nine touchdowns. Blanda has connected on 147 for 2,044 yards and 21 touchdowns.

ers are in the band. And when the varsity takes the field, the junior varsity takes showers.

Florida Gridder Says Gambler Wanted to Fix Cage Tilts Too

GEINESVILLE, Fla. (AP)—A Philip Silber told him players at fullback who pretended to go to other colleges were doing the same thing and that there probably was nothing illegal about it. Silber has pleaded guilty to bribery and turned state's evidence on similar charges against his alleged accomplice, Aaron MacBeth, University of Florida player who worked with authorities to trap two New Yorkers accused of bribing him.

That was the testimony of Jon MacBeth, University of Florida player who worked with authorities to trap two New Yorkers accused of bribing him.

MacBeth testified Tuesday that in addition to promising him \$1,500 to see that Florida beat Florida State by fewer than the gambler's 12-point spread, MacBeth said Silber asked him if he knew of a basketball player and a football player for next year who would do the same.

Thousands Watch Fire In Big Chicago Hotel

CHICAGO (AP)—Thousands of persons jammed vantage points in Grant Park and along Michigan Avenue Tuesday to watch firemen put out a small fire in the Conrad Hotel, the world's largest.

Pillars of black smoke and flames billowed from the tower section of the 2,700-room, 30-story hotel. The blaze started in the kitchen ventilation chute and Wilson, a southpaw, graduated sparks apparently ignited the tar from Jefferson High School in covering of the tower section's Daly City where he pitched a no-hitter each year. He also played two years at Sam Mateo College.

ated damage at \$3,000.

Bob Scheffing Considered By Tigers

Braves Coach Has Had Interview With Detroit Brass

DETROIT (AP)—The Detroit Tigers, who have had a merry-go-round of seven managers in nine years, have another carousel spinning.

Bob Scheffing is the latest in a long line of job hunters prominently mentioned as front runner for the post Joe Gordon vacated Oct. 3.

Published reports Tuesday night had Scheffing in line for the job. The former Chicago Cub manager, currently a Milwaukee coach, follows Paul Richards, Casey Stengel and Bill Rigney atop the Tigers' ever-changing list.

Richards never officially was approached and Tuesday signed a new contract with Baltimore, the team he had in the thick of the 1959 American League pennant fight.

Stengel, let loose last month after guiding the New York Yankees to 10 pennants in 12 years, withdrew as a Tiger candidate last week.

Rigney, ex-San Francisco pilot, became a top candidate over the weekend and remains in the running.

Was Dark Horse
Scheffing, fired by the Cubs after the 1959 campaign, has been a darkhorse all along.

He told The Associated Press from his Scottsdale, Ariz., home he discussed the job with a Tiger delegation Friday in Los Angeles.

"But no agreement was reached," said the 45-year-old ex-catcher. "The whole thing was left open. They said I'd be hearing from them. Nothing was signed."

Scheffing said the meeting was a routine interview for a job. "I'd like to have it," he said. "But I haven't heard from them."

The Tigers admitted Scheffing was high on the list of candidates. But Rick Ferrell, aide to president John Fetzer, said nobody had been signed.

Public Works In '61 to Cost Near \$228,720

Council Approves
Plan to Finance
Jobs by Bond Issue

KAUKAUNA — The Common Council approved an ambitious public works budget calling for expenditures of \$228,720 in 1961 with the stipulation that as much as possible be handled by the proposed \$61,000 public works funds budgeted and the remainder to be discussed separately later for payment through a bond issue.

The tentative program calls for 17 storm sewer projects to cost \$37,020. Major single job will be \$15,200 for the DSK plat north of Highway 41. Others include \$4,500 for Orchard Drive, \$3,300 for Plank Road, \$9,700 for two Green Bay Road projects, \$6,100 for Washington Street, \$4,560 for Grant Street, a similar amount for Garfield Street and \$3,400 for McKinley Street.

A Plank Road job was estimated at \$4,800; Ann Street at \$2,000; Main Avenue at \$5,000; Riverside Park at \$4,000; Continued separation at \$5,000; Hendricks Avenue at \$4,600; Boyd Avenue at \$1,800 and \$8,500 for Augustina Street.

Sanitary Sewers
Seven sanitary sewer projects are planned, costing a total of \$38,600. Major project here is the DSK plat calling for expenditure of \$15,000. Other projects include Main Avenue, \$7,500; Ann Street, \$1,400; Crooks Avenue, \$5,000; St. Mary Place, \$3,500; Hendricks Avenue, \$5,000 and Ann Street, \$1,200.

Other items include \$34,000 for one mile of concrete paving, \$6,000 for sidewalks including \$5,000 for replacement work, \$6,000 for a Riverside Park Shelter and \$7,100 for new equipment including a sewer rodder and 15-ton truck.

Grant total of public works projects in the 1960 budget was \$84,030.

Vacancy to Open On Library Board

KIMBERLY — The term of Darrell Larson on the village library board will expire Dec. 5, 1960, according to Katherine Lochschmidt, village clerk.

Persons desiring to sit on the library board can make application to the village clerk prior to Dec. 5. The village board will select an applicant for a three-year term.

By Marty Links

"Sure. Taffy, Gregory is trustworthy, honest, dependable and loyal—but not to you."

Council Proposes '61 Budget of \$1,699,417

\$2 Per \$1,000 Tax Hike Necessary to
Meet Anticipated Levy of \$915,319

KAUKAUNA — The Common Council Tuesday night adopted a tentative 1961 budget calling for a total expenditure of \$1,699,417 which \$915,319 is to be raised by tax levy on a proposed tax rate of \$39 per \$1,000 valuation. This compares to a 1960 budget of \$1,466,272 of which \$842,624 was raised by tax levy on a tax rate of \$37 per \$1,000 assessed valuation. Revenues other than property taxes will bring in \$534,508 compared to \$542,768 last year and the city anticipates a balance of \$125,869 to start 1961 and a balance of \$123,719 to start 1962.

Budget Breakdown
Major 1961 budget item is high school operation which will cost \$599,565 compared to \$419,287 last year. State and county taxes in 1961 will amount to \$155,464 compared to \$155,617 in 1960. General government in 1961 was estimated at \$105,606 compared to \$106,218 in 1960 and protection of persons and property was increased from \$174,270 this year to \$176,950 in 1961. Streets, bridges and public works projects are

Aldermen Vote Pay Increases For Employees

4 Per Cent Hikes
Effective Jan. 1
As Recommended

KAUKAUNA — Council members approved pay increases of 4 per cent for city employees with the exception of the mayor, aldermen, utility commissioners, fire and police commissioners, school board, and part time help Tuesday night.

The increases will take effect Jan. 1, 1961 as recommended by the Finance Committee. Also approved was longevity pay of \$48 after five years and \$72 after 10 years for fire and police personnel and a \$60 per year clothing allowance for police officers. These too start Jan. 1.

Hire Help
The treasurer was authorized to hire help during the tax collection period and the aldermen voted to increase insurance coverage on a quonset storage building and its contents to \$20,000.

Aldermen authorized the Purchasing Committee to advertise on a new car for the city nurse, bids to be opened Dec. 19. The bid price is to include allowance for the old car.

Emmet Rohan, city attorney, reported negotiations for the purchase of the Grissman property for extension of Eighth Street were progressing although slowed by legal difficulties concerning unpaid mortgages, bringing the abstract up to date and settling a joint tenancy question.

Contingent appropriations were listed at \$2,119.20 in the 1960 budget compared to \$3,905 in 1961.

Total cost of operating the city and schools for 1961 is \$1,543,953 compared to \$1,310,655 in 1960. Anticipated revenues for the high and grade school were listed at \$210,670, for the vocational school at \$28,908 and for the library at \$1,300.

A public hearing on the proposed 1961 budget has been set for Dec. 6 in the council chambers. The clerk expects to complete proposed budget, ready for taxpayer inspection, within a few days.

213 Tops Women's Hollandtown Loop

HOLLANDTOWN — Judie Feldkamp pounded a 213 singleton to pace action in the Hollandtown Women's League at Van Abel's Alleys.

15 Game Schedule Set Up For City Basketball Loop

KAUKAUNA — Six teams will be represented in the City Basketball League this winter and a 15-game schedule has been arranged, according to James Gertz, recreation director. Activity will start Sunday at the high school gym. All games are set for Sunday afternoons and the split season will be discontinued this season, the winner determined on an overall record. Members of college teams and high school students are ineligible.

Kaukauna

In The "Heart of the Valley"

Kimberly - Little Chute

Wednesday, Nov. 16, 1960 Appleton Post-Crescent C8

A 10-man limit per team has been set and once a player competes with a team he must remain with that team throughout the season. Two officials will be the sole judge of disputes and WIAA rules will govern play. **Players Eligible**
To be eligible a player must live, work or go to school in the city during the regular season.

Teams will be permitted to start a game with four men present. Competing will be Badger Northland, headed by Marcel Lamers; Gustman's headed by Ed Vanden Heuvel; Kappell's led by James Rausch; Kaukauna Merchants with Ken Roloff as captain; Miller Masonry with Ron Miller as captain, and Thilmany with Paul Jahnke as captain.

Village Finds No Need for Commission

No Requirement For Police, Fire Group, League Says

LITTLE CHUTE—Despite passing the 5,000 mark in population, the village will not be required to set up a police and fire commission as previously thought.

The matter was cleared up in a letter from the League of Municipalities which was reported to the board Tuesday night.

Village Atty. Urban Van Susteren said the letter was contrary to his interpretation of the ordinance regarding the establishment of a commission. However, he suggested, the board should follow the advice of the League and continue with the present set up which has police and fire matters regulated by a village board committee.

Other Changes
The village is planning for other changes necessitated by the new population figure.

Trustees were read a letter from the Kaukauna Electric and Water Department which stated that it would allow only temporary decorations to be installed from its utility poles and that no strings could be attached from pole to pole across a street.

The utility explained that this was necessary so that workmen would not have any difficulty climbing poles in doing repair work and that no heavy strain would be put on poles by stringers.

Water and sewer permits were approved for Harvey Van Vreede, 100 W. Main St. and Mrs. John Huting, Washington Street. Purchase of two new snow tires for the squad car at a cost of \$68.38 was approved.

Annual Party For Christmas Set by Legion

LITTLE CHUTE — Plans for the annual Christmas party for youngsters of the village and children of Legion members were discussed at a Legion meeting Monday evening.

No date was set, but named to a committee to set up the affair were Carl Hammen, James Peeters, Arden Tousey, Raymond Sanders and Orville Bevers.

New members were introduced and Ray Winus, membership chairman, reported 588 members were listed for the aerial roundup but the Post has since gone "over the top" in membership with a high of 608.

Oratorical contest plans were completed and a discussion held on the county council dinner and Christmas party to be held Dec. 14 at Hortonville. A \$5 donation was approved for Boys Town and members were informed. Marvin W. Roth, state commander, would be guest speaker for the December meeting.

206-550 Pace Women's Loop

KAUKAUNA — Rita DeBruin pounded a 206-550 to lead women in the Friday League at the Bowling Bar.

Other honor counts included a 191 by Elaine Dietzen and a 507 by Carol Van Zeeland.

Glenn Schaus registered a 550 set for the lone honor count in the Sunday Mixed Doubles Loop at Bowling Bar.

French Send More Riot Troops Into Algiers

PARIS (AP) — The French government Tuesday ordered more special riot troops sent to beef up its already strong forces in Algiers.

At the same time, reports spread through official quarters that President de Gaulle is planning another trip to Algeria. There was talk that he may be planning to make sweeping changes there soon to forestall any right-wing action against his policy of self-determination for Algeria.

Estimates of the number of reinforcements varied from 700 to 1,100. The majority appear destined for Algiers itself to curb any outbreaks like the uprising last week.

Memorial Service Held at Holy Name Society Breakfast

LITTLE CHUTE — Memorial services for 10 departed members were conducted by the Holy Name Society of St. John Catholic Church at a breakfast meeting over 175 men attended.

Freshmen at Kimberly High School have co-presidents this year since two tied in the student election. Class officers, left to right, are Steve Mayer and Dennis Kroner, co-presidents; Sharon Joosten, treasurer; and Claire Lodholz, secretary.

Focus on Health Sudden Murderers Subject for Studies

Murder, age, athlete's foot, suicide, and hot weather diets are topics this week with a focus on health.

The Sudden Murderers

The sudden murderers who kill without apparent reason usually have abnormal brain activity, British researchers report.

They charted the electrical activity in the brains of known murderers in English prisons. Among those who murdered while trying to commit some other crime, one in four showed brain abnormalities—roughly the same as other prisoners.

Among those who killed after considerable personal provocation, only 17 per cent showed abnormal. But in those who murdered without motive or provocation except for the stress of sexual excitement, resentment or exhaustion, 73 per cent had brain abnormalities.

Hot Weather Eaters

The hotter it is the more you need to eat, Army researchers report.

Men living in 105 degree desert heat ate some 400 calories more per day than did men living in air-conditioned comfort. They also gained weight, probably due to drinking more water.

Child Escapes Injury When Struck by Car

KAUKAUNA — Susan Newlin, 6-year old daughter of Mr. and Mrs. Alvin Newlin, 218 Elm St. Kaukauna, escaped with minor bruises when she was struck by a car on Island Street about 4:45 p.m. Monday, according to Kaukauna police.

The report stated Susan dashed from between parked cars into the path of a vehicle driven by Miss Ruth Lamers, 22 route 3, Kaukauna. The car skidded 24 feet on wet pavement before halting. The girl was treated by a local physician and released.

Orion Reynebeau Jolts 243 Line

LITTLE CHUTE — Orion Reynebeau rattled a 243 singleton and 599 series for the top counts in the American Legion League at the Recreation Alley.

Other honor scores included a 367 series by Virgil Reynebeau 550 set by Ken DeBruin and a 563 series by Vern Friebe.

225-562 Lead in KRA Couples League

KIMBERLY — Joseph Van Hout hit a 225 game and Tom Roider registered a 562 series to set the pace in the KRA sponsored Couples Bird League at Jerry's Lanes.

Verone Gloudemans posted a 193 game and 514 two to lead women bowlers.

ed for Algiers itself to curb any outbreaks like the uprising last week.

Supper Planned
Following the memorial service a business meeting was held and it was announced that a father-son supper is planned for March.

Holy Name men were requested to register for the retreat at Monte Alverno retreat house and Henry Dericks is handling reservations. Another retreat is planned for June at Chambers Island and Peter Hermesen is in charge.

In the closing part of the program, the Rev. Martin Vosbeek, Holy Name spiritual director, stressed the importance of the roll, having passed away within the last year, included Joseph Versteegen, John Vander Zanden, John G. Williamsen, John Schomer, John Joosten, Fred Hietpas, William Reybrock, Peter

Kimberly Homemakers Plan 2-Day Baby Sitting Clinic

KIMBERLY — Plans are underway for a 2-day baby sitter nurse. She will demonstrate care of babies and small children at a clinic to be offered during Christmas vacation by members of the Kimberly Homemakers Club. The clinic will discuss what is expected of baby sitters by parents.

Mrs. W. J. Betters is project baby sitters by parents. The second two-hour session placed on file for Homemakers in grade schools and dates for the in the sixth, seventh and eighth will be handled by a police officer of a sitter. Registration slips clinic established later, according to grades, the first two-hour session and a trained first aid officer will be distributed at the three to Mrs. Betters.

HOW TO PLAY

This is a game which pits your football skill against that of the experts who have handicapped the games. Select any group of 6-8-10-12 or 15 games, or all 20 if you like, and black in the squares adjacent to the teams you pick to win. If points are shown as a plus beside a team, those points must be added to the actual score of that team in determining whether you have picked a winner. If you think any game will be a tie (after handicap points are considered) black in the squares adjacent to both teams.

WHO MAY ENTER

Anyone may compete for Gridiron Goldmine basic prizes except employees of RCA Whirlpool, RCA Whirlpool Dealers and their immediate families.

How Many Entries

Wednesday and Thursday during the contest, or you may enter original, hand drawn exact size facsimiles; facsimiles duplicated by any process other than hand-drawn are not eligible.

Submission of Entries

Mail your entries to RCA Whirlpool, P.O. Box 1166, Green Bay, Wis. All entries must be postmarked by 12 mid night Friday night.

General

All entries must be neat, legible and suitable for grading by a mechanical process. RCA Whirlpool assumes no responsibility for failure to receive any entry. Gridiron Goldmine judges reserve the right to reject any entry because of illegibility or detachment. Their decision shall be final. Entry blanks will be published each and binding. All entries concerning the game, and rules shall be conclusive. All players, by the act of entering, agree to abide by the above rules.

Mail Entries to RCA Whirlpool

P.O. Box 1166, Green Bay, Wis.

These Days

Cutting Down Duration, Costs of Campaign May Reduce Confusion

BY GEORGE E. SOKOLSKY

NEW YORK — The most impressive fact about the recent tight election was that it cost too much in time in money and in human energy. As for time from the primaries of fort which started two years ago to election day men who should have been fully engaged at their work were chasing about the country seeking delusions making deals exhibiting themselves in the hope that they might be elected.

No one will ever know not even the candidates what the election actually cost. There will be formal reports but these will represent only a small share of the total. In the first place there are all sorts of separate organizations and committees with which the candidates have little contact. These organizations are usually devised to make it possible for those who wish to contribute large sums to split them up. Also there is much handling of cash money under the table. This can never be proved and that is why it is done that way.

There are always men who

contribute to both parties and to a variety of candidates and committees. By this device they had, on their own account, make their way to heaven no achieved slight or no distinction matter who is elected. (I am of course not limiting this discussion to presidential candidates.)

Could be Honest
There ought to be a law such as the British have limiting campaign expenditures. It is not significant if the law limits campaign income because much of that can never be proved. But expenditures can be found. The largest bills are for television and travel. These can be accounted for. If a rigid inflexible figure were made law and an over expenditure made a felony the election could become honest. As it is no man who does not have access to unusually enormous sums of money can be elected to the presidency.

The time to discuss this is now when nobody is running for office and when no partisanship is involved. Even the reported figures for this election when they shall be published will be disgraced and should be thoroughly investigated. The Roman empire collapsed when public office went to the highest bidder. We do not want to reach that state here.

It would seem that one month of campaigning is enough if not too much. Only the television companies gain by prolonged campaigning. Otherwise the prolonged campaign benefits nobody and is in fact a bore. After the first three or four speeches it is all repetition. It is not so that I could make the Nixon and Kennedy speeches by heart. The candidates themselves must have been holed by the repetition of the same slogans the identical run of words none of them meaning very much but all of which had to be said with vehemence and vigor.

If the campaign were cut down to one month by law all candidates would be exultant. They would perhaps have the time to write their own speeches and even think about what they say. They would say what they mean. They would not be reading docu-

ments which they had never seen before, written by persons who make their way to heaven no achieved slight or no distinction matter who is elected. (I am of course not limiting this discussion to presidential candidates.)

Most speech writers are inexperienced persons on the fringe of public relations or in the professional disciplines. Most of them never achieve any stature and have only memories of 'making other

A month of speech-making is ample I think that if there were a week of silence just before election day it would be very beneficial. The people could then make up their minds without the cacophony of political speeches. They might sit back and read what had been said. They might analyze what had been said. They might read the party platforms or they might do nothing about it at all depending upon their subconscious to guide them.

Surely that would be better than the present preposterous method when the candidates talk so much that they drown in a sea of words.

(Copyright 1960)

Review of Exemptions Suggested by Tax Unit

MADISON (AP) — The Legislative Council's taxation committee has recommended a review of tax exemptions now afforded non-profit organizations on their real property.

The committee said Monday it would like special attention paid the limits now set on acreage that can be exempted by hospitals, churches, art centers and labor temples.

Sen. Lynn Stalbaum (D-Racine), the committee chairman, had suggested that all non-profit organizations operating such structures be limited to 10 acre exemptions.

Sen. Robert Knowles (R-New Richmond) said he would not endorse Stalbaum's "blanket" suggestion to standardize limits and recommended the entire matter be reviewed. Knowles' recommendation carried.

News That Shaped Our Destiny

Shown here front page of one of the leading revolutionary newspapers reporting the signing of the Declaration of Independence. Despite its austere appearance, it had aggressive politics.

No headlines — no pictures, yet this newspaper packed a wallop as it relentlessly urged our forefathers to fight for liberty.

We've come a long way since then. Now the miracle of electronic communication brings us the news as it happens, photography, modern typography and art reproduction graphically illustrate and punctuate ideas.

But no matter how the world changes, our American heritage can only be upheld through a free press.

Through the printed page the citizens examine the issues, go over them point by point among themselves and make their wishes known at the polls.

Of course, today's newspapers have expanded to meet other public needs. They offer entertainment, advertising, illustrated and helpful articles, as well as a wider variety of news.

But in the last analysis, American newspapers remain, as they were in the pioneer days of John Peter Zenger and Benjamin Franklin — champions of the people and undaunted voices of liberty.

Man Attacks Bay Woman With Knife

Boy Finds Mother Bleeding in Yard As Assailant Flees

Post-Crescent News Service
GREEN BAY — A Green Bay woman received severe cuts Tuesday night when a big or strong man attacked her with a butcher knife at her home.

Mrs. Clarence Vieaux, 53, was in poor condition today at St. Vincent Hospital with severe cuts about her head and face and bruises on her arms, hands and legs.

Police are searching for her unidentified assailant, thought by detectives to be a big man because of indications the woman put up a considerable struggle as he harmed her. The attacker may bear marks from the scuffle in and outside the south side residence, police said.

Mrs. Vieaux's son, Robert, 16, found her lying in their back yard at about 11:30 p. m. and started dragging her, bleeding, toward the rear door of the house, the boy told Detective Capt. W. R. Gilsdorf. Robert then ran next door and asked neighbors to call a doctor and police and ran back and placed a blanket over his mother.

Robert said he had been sleeping for some time when he was awakened by the slamming of a door. His mother was to have driven her husband to his job at Fort Howard Paper Co., Ashwaubenon, for the midnight shift. They normally would leave home at about 11:15 p. m., the boy said.

Robert said he put on some clothes and dashed downstairs, where he saw the kitchen furniture disarranged. He noticed that the kitchen door and another entrance door were open. Then he heard his mother's screams for help from outside.

As he went outside, he saw

When dragging his mother from the spot where he found her, Robert found a kitchen knife, described by Gilsdorf as a butcher knife, with the blade snapped off about two inches above the handle. Robert told investigators he thought the knife was from their kitchen.

Mrs. Vieaux's head was badly injured and her glasses were broken. Detectives said the family car was back in place where she left it after driving her husband to work.

Detectives have not been able to question Mrs. Vieaux, but they said the attacker must have been inside the house at the start of the struggle because of the upset condition of the kitchen furnishings.

John Gunaca Wins Parole

MADISON (AP)—John Gunaca, a onetime United Auto Workers union officer convicted on assault charges stemming from the Kohler strike, has won parole from a Wisconsin prison and will be permitted to return to his home state of Michigan.

The State Department of Public Welfare, in announcing the parole today, said it had attached a condition that Gunaca avoid further union activity.

Gunaca was sentenced June 15, 1959 to two concurrent three-year terms in Waupun State Prison for assault to commit great bodily harm. The victims of the alleged 1954 attack were William Bersch and his son, both of whom were non-striking workers at the Kohler plant.

In recommending Gunaca be granted freedom, the parole board said it noted he had no prior convictions either before the offense driven her husband to his job or during the time he was at at Fort Howard Paper Co., Ashwaubenon, for the midnight shift. They normally would leave home at about 11:15 p. m., the boy said.

The board also said Gunaca had compiled an "outstanding" prison record. "His attitude and performance had been consistently good," it said.

The board called the likelihood where he saw the kitchen furniture disarranged. He noticed that the kitchen door and another entrance door were open. Then he heard his mother's screams for help from outside.

Gunaca was within eight months of his compulsory release date.

College Avenue is taking on its annual Christmas atmosphere as street department workers put up decorations on 49 light standards. The \$10,000 worth of decorations are owned by the Appleton Chamber of Commerce.

Dominican Educators to Meet Here

"Aspects of Written Communication" will be the theme of sessions and exhibits at the 15th annual Dominican Education Conference at St. Mary School, Appleton, Saturday.

Sister Mary Anacleto and Sister Mary Clementia have made plans for the morning and afternoon meetings.

At a 10 a.m. assembly, the Rev. Adam Grill, St. Mary Church pastor, will welcome school supervisors, principals, guests, sisters and lay faculty members from St. Peter School, Oshkosh, St. Anne, Wausau, St. Patrick and Annunciation, Green Bay, and the host school.

Clear thinking, creative writing, manuscript and cursive handwriting will be considered in the addresses by the Rev. Alfred A. Lisson, Xavier High, Appleton; Sister M. Cecilia, O. P., professor of English, Edgewood College of the Sacred Heart, Madison; Sister M. Felice, O. P., community school supervisor and principal, Saint Patrick, Green Bay; and Herold Compton, Zaner-Bloser Co.

Sister Marie Julia, Wausau, is regional vice chairman of the conference; Sister M. Victorine, Oshkosh, secretary; and Sister M. Geron, Appleton, chairman of the music participation during the program.

Wiley Sees Threat to American Way of Life

MILWAUKEE (AP)—Sen. Alexander Wiley, R-Wis., said today many new needs, "Wiley said that 'the rapid growth of the American city has threatened to change our way of life, our daily habits and even our personal philosophy.'"

Wiley, in a speech prepared for the annual convention of the Wisconsin League of Municipalities, said the cities and towns must be

County Police Photo by Sgt. George Elise

Joseph Hofacker, 25, Route 2, Appleton, father of two, was killed about 8 p.m. Tuesday when his car hit a culvert on Highway 47 two miles north of Appleton, rolled over and then broke off a utility pole. County police said the roadway was wet and slippery. (Story on Page 1).

Spector Freight Reports Net Loss

Spector Freight System, Inc., Chicago, has reported an operating loss for the 36 weeks ending Sept. 10, but said the motor freight carrier is now operating profitably.

The company sustained a net

loss after tax credits of \$291,979. Revenues for the period were \$30,988,032, an 8 per cent decline from the \$33,905,179 for the comparable period a year earlier.

The company stated that "operations during the balance of 1960 will be profitable, reducing but not erasing the loss for the first nine periods."

One factor influencing the figures, officers said, was the drain on working capital and management time involved in converting, into a sound business Steffke Freight Co., operated under temporary management authority granted by the Interstate Commerce Commission. Steffke figures are not consolidated in the report, but operations of the companies are linked. Steffke operates a Fox Cities terminal.

Nigeria Installs New Governor Generals

LAGOS, Nigeria (AP)—Tom Nnamdi Azikiwe, 56, was installed as governor general of newly independent Nigeria.

The first African ever appointed to such a position within the British commonwealth, Dr. Azikiwe, popularly known as "Zik," succeeds Sir James Robertson. Nigeria was granted independence within the commonwealth on Oct. 1.

To Speak on Spelling

W. A. Stolen, of Webster Publishing Co., Madison, will speak on effective teaching of spelling at the Richmond School Parents-Teachers Association meeting at 8 p.m. Thursday. A school open house also is planned.

New Walk Replaced By Church

Appleton City Council received notice Tuesday that 70 feet of sidewalk at All Saints Episcopal Church has been replaced.

The church was ordered to have a new walk replaced, because it was not installed by a licensed sidewalk contractor.

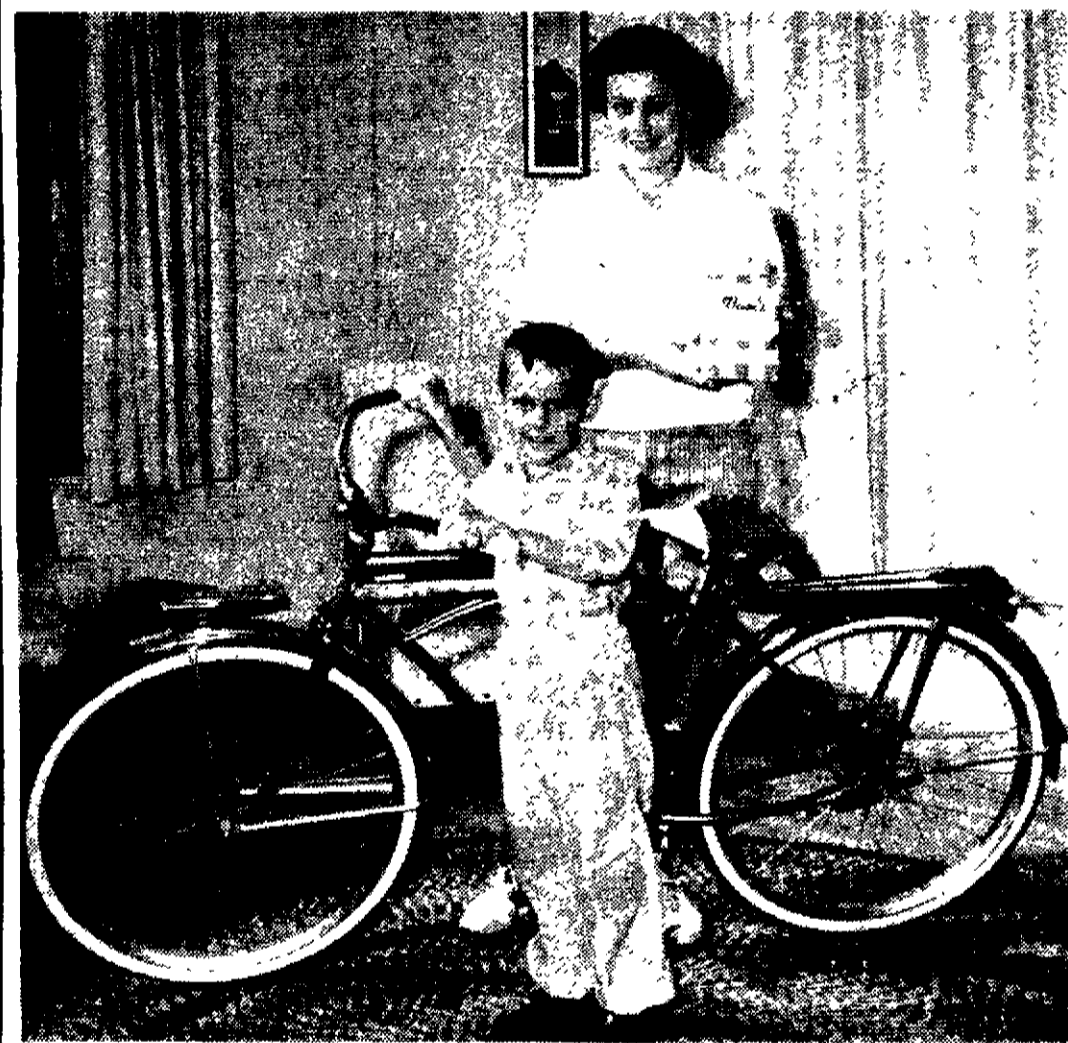

Al Utschig installed the walk when he was doing some other work at the church. The city engineering department claimed the walk was defective and said there were seven violations of the sidewalk ordinance. But the contractor said his work was not faulty and refused to have it done over.

The new St. Bernadette's parish was given permission to have sewer and water service installed to its Cass Street property from Walter Avenue. The church must pay all expenses, and the work will be supervised by the engineering department.

In other action the council approved snow removal rates previously submitted by the board of public works. They had been sent back to committee because some aldermen thought there were inequities. Charges are 10, 30 or 50 cents a lineal foot depending on where the snow is taken from. No changes were made.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor breath". Get FASTEETH at drug counters everywhere.

POST CRESCENT News of the Twin Cities Menasha - Neenah

Steffens Chastises Park Board for Rejecting Opinion

Would Help Menasha Group
If It Requests His Advice

MENASHA — City Atty. Richard J. Steffens has chastised the park and recreation board for asking his opinion on the proposed park use ordinance, then disregarding it.

In a letter to Linus Pfankuch, board vice chairman, and to common council members, Steffens advises the board: "In the future, if you want any opinions from the city attorney upon which you already know the answer, then kindly do not ask the city attorney for an opinion."

The board had sent a letter Oct. 26 to Steffens outlining objections to his opinion of Oct. 14.

Steffens told the board "an opinion does not mean rubber stamping" of its actions. "You should be advised that city ordinances are only drafted by the ordinance and resolutions committee of the common council and the city attorney."

Hits at Making Ordinances

The attorney challenged the board's right to enact ordinances. He said the June 17, 1959 council ordinance creating the board gave it power to make rules and regulations, not ordinances.

He had told the board last month the section prohibiting public speeches in parks was unconstitutional. The board disagreed and in another section of its letter said: "Since none of the board has had legal training, we ask you (Steffens) to review these regulations." The city attorney then asked on what grounds the board can disagree.

The board said it had adopted some parts of its ordinance as copied from Milwaukee County. To that Steffens answered the Milwaukee County Corporation council's opinions are "as effective in the city of Menasha as

Plans for the Development of the Red Cross Bloodmobile program were discussed at a meeting of the Badger Regional Blood Center Tuesday at Fellowship Hall of the First Presbyterian Church in Neenah. Left to right above are James N. Fosshage, assistant administrative director of the regional center; Wayne Long, Neenah, chairman of zone two of the region; L. J. Petersen, administrative director; Dr. Merile O. Hamel, a regional director; and Miss Iva Amundson, chief nurse.

County Withdraws Kidnapping Charge

Custody Hearing Set in Indiana
On Children Taken From Neenah Home

OSHKOSH — Dist. Atty. Jack Steinhilber said this morning a warrant for the return to Wisconsin of Freeman Bazaar, 43, Dayton, Ohio, is being withdrawn as a custody hearing on his three children is to be held next Wednesday at Marion County in Indiana.

The Winnebago county warrant charges Bazaar with the kidnapping of his three children, ranging in age from 6 to 12 years, with him.

Scientific Equipment Found Near Neenah

NEENAH — A National Science Foundation parachute and equipment, sent out by the University of Minnesota, was recovered by Donald Piette, Jr., 66 Lawson St., Menasha, while rabbit hunting off Highway 41, outside of Neenah Monday.

The equipment, encased in a fibre glass material, was flown at a high altitude and used for cosmic ray measurement.

Set Goals of Town's Park Commission

NEENAH — Goals of the newly established Town of Neenah Park and Recreation Commission were discussed Tuesday.

Short-range goals include setting up playground programs next summer at Lakeview and Tullar schools. For the more distant future, the commission wants to reserve land in the town for parks, playgrounds, forest preserves, public access to Lake Winnebago for boating and swimming, and possibly to consider a golf course.

Children With Father

A letter to Steinhilber from Bazaar's attorney stated that Bazaar had the three children, ranging in age from 6 to 12 years, with him, and was providing them with adequate living conditions, education, medical care, clothing and religious training.

A petition is pending in the Indianapolis court which had jurisdiction for the divorce, for him to receive custody of the three children. The letter also said the children want to live with him.

Mrs. Rohloff has been advised to appear at the Indiana court to hear next week at which the custody is to be determined.

Neenah Power Cut as Storm Strikes State

CONTINUED FROM PAGE 1

partment but no equipment was used. A power company extinguishers was used to put out smoldering insulation.

The fire and police departments as well as the power company were flooded by telephone calls from people apparently interrupted in their watching late TV shows.

51 Men Called

Fifty-one men were called in to work on restoring service. All but four came in from Appleton.

In addition to power being out in Neenah, scattered areas in the Town of Menasha also were without power for a short time including the Waverly Beach area and in the vicinity of Midway Road.

Several Menasha plants, including Wisconsin Tissue, Wooden Ware and the Strange Co., also were darkened for a short time. The power company services Menasha industry.

Alternate Power

Llewellyn said it was fortunate there were alternate sources of power for this area. Only the island section is served directly by the substation.

When the substation will be restored to operation is not known. Officials said the exact extent of damage will not be known until the transformers can be thoroughly inspected. Repair work started today.

Wind Damage

At Belleville in Dane County tornado-like winds caused nearly as much damage as a tornado which struck the community in 1955.

Mrs. Irma Miller, 51, of Cedarburg, was killed when struck by a car as she stepped onto a highway near her home to avoid a puddle. It was raining at the time.

The Clark County sheriff's office at Neillsville said violent thunderstorms lashed the area. Wind toppled a barn on the Ralph Peschinski farm, killing three cows and blew the windows out of the farm home.

Mrs. Clifford Ammons of Chili in Clark County said she saw what looked like the tail of a tornado.

Tips House

Winds of possible tornado velocity were reported by Marathon County authorities as the strong gusts tipped an unfinished home on its foundation and injured a carpenter. A barn was ripped apart about two miles southeast of Stratford but no injuries were reported.

In Madison, winds knocked over trees, snarled traffic and hit utility power lines. Authorities said winds reached gusts of up to 50 miles per hour.

At Fond du Lac, a tree toppled over and hit a 4,000 volt power line, interrupting service to the southeastern portion of the city.

Winneconne Library Observes Book Week

WINNECONNE — The Winneconne Public Library will observe children's national book week through Saturday. The theme "Hurray for Books" is being carried out in posters, flyers and colorful mobiles.

A large collection of 1960 books in the Extension Department of the library will be on display until Saturday. The books are being loaned.

Accept Chamber Offer On Traffic, Business Survey in Menasha

4-3 Vote Sustains \$4,800 Study; Council
Approves Two Commission Appointments

MENASHA — The offer of the Gollner, Paul Laemmrich and Ray Chamber of Commerce to finance Zielinski against the study. Vote half of a \$4,800 traffic, parking and business survey was accepted by the Menasha council Tuesday night.

Vote was 4-3, with Aids. John

Hearing on Neenah Budget To be Dec. 7

NEENAH — Hearing on the proposed 1961 budget for the City of Neenah will be on Wednesday, Dec. 7, the council decided Tuesday night.

It authorized the clerk to publish the tentative budget which totals just over \$4 million and calls for a \$55 tax rate, an increase of \$1.50 per \$1,000 of assessed valuation.

Mayor Bell said he met Tuesday afternoon with three representatives of the Taxpayers Association to review the proposed budget and added that association representatives might be present at the hearing or send correspondence to the council.

Approve Contract

The council also authorized the mayor and clerk to sign a revised contract with Kenneth L. Schellie and Associates for a study of the parking, traffic and business districts of Neenah at a cost of \$9,000.

Half of the cost will be provided by special donations arranged through the Chamber of Commerce. The revised contract calls for these donations to be made out to the city rather than the chamber so that they may be deducted for income tax purposes. Upon receipt of these donations, the city officials will sign the contract.

Orientation Session For Area Red Cross Units Held in Neenah

NEENAH — An orientation session for Red Cross chapters of Waupaca, Winnebago, Calumet, Sheboygan and Fond du Lac Counties was held at Fellowship Hall Monday by officials of the Badger Regional Blood Center at Madison.

Officials explained how the blood is used, how collections are going and how to better the program. The meeting was attended by volunteers who work in the local blood bank programs and by chapter directors.

Leave Decoys on Lake Too Long; Pair Fined

OSHKOSH — Fines of \$15 and costs were imposed by Municipal Judge Arnold J. Cane Tuesday morning upon Charles Parsons, 23, 519 Riverview Drive, Winneconne, and Donald Wagner, 23, 320 1/2 Sherry St., Neenah, after they pleaded guilty of leaving waterfowl decoys on Lake Butte des Morts in the town of Winneconne longer than 20 minutes after the rising out in posters, flyers and colorful mobiles.

They were charged with leaving the decoys 48 minutes after from the Extension Department of the library will be on display until Saturday. The books are being loaned.

Funeral services for Ronald M. Toennessen, 21, 738 Pleasant Lane, Menasha, will be Thursday at St. Mary Catholic Church, Menasha. Toennessen died Monday morning in a motorcycle crash on Appleton's Memorial Drive bridge Sunday afternoon.

7 Cars Damaged In Crash; Driver To Face Charge

OSHKOSH — Six cars parked in front of the Webster Stanley School on Hazel Street across from Menominee Park were damaged when a seventh car driven by Karl Friedrich, 52, 1720 Menominee Drive, Oshkosh, struck one of them and started a chain reaction about 8 p.m. Tuesday.

Police said damage amounted to more than \$5,000. Friedrich was hospitalized with facial cuts and a lip laceration and was kept for observation.

Oshkosh police also said Friedrich is being charged with drunken driving. He was headed north and the parked cars were all facing south.

mission — John Dahlke and Joseph Brady. Two other such meetings are to be held in the state.

Utilities Personnel Attend Accounting Meeting in Menasha

MENASHA — Accounting personnel of the Wisconsin Municipal Utilities Association attended a workshop Monday to simplify accounting procedures used in their operations.

John Jedwabny, assistant secretary of the Menasha Water and Light Utilities, is secretary of the association. Twenty-six utilities from northeastern Wisconsin were represented.

On the panel were Ed Malinowski of the Sheboygan Falls Utility and two employees of the Wisconsin Public Service Com-

Rejects Island Idea

No Extra Parking Pennies From Christmas Shoppers, Council Rules

NEENAH — Christmas shoppers will not have to put pennies in parking meters and that he could sympathize with them. However, he added, the parking meter charges would have to extend to the entire city instead of just the island area.

Fara
on the special nights the stores will be open during the Christmas season, the council decided Wednesday night.

The council received a letter from Vern R. Duerrwachter, Chamber of Commerce president, who said he was writing on behalf of a group of merchants on the island.

Dinius
The committee in its recommendation for denial pointed out the city had a public parking lot on Bond Street.

Ald. James Dinius thought charging for parking on those special nights would confuse the out-of-town person who would not know which nights parking was

He said he knew the problem was caused by persons who park their cars for several hours while they were howling. The committee reported there were only three active establishments in that area and that one had its own parking lot.

Public Lot
The committee in its recommendation for denial pointed out the city had a public parking lot on Bond Street.

Ald. James Dinius thought charging for parking on those special nights would confuse the out-of-town person who would not know which nights parking was

Tropical Fish Club Formed at Brigade

NEENAH — A tropical fish club has been started at the Boys' Brigade with Bill Wingen as activity leader.

The boys will study tropical fish, their breeding habits, how to make and repair aquariums and how to raise fish food.

Recommendation
The council recessed during the session for a special meeting of the public protection committee boys will be able to make use of to which the letter was referred. The committee returned to ask that the letter be rejected.

Ald. Peter Fara, chairman of that committee, said he understood

Okay Moving Greyhound Bus Stop in Neenah

E. Wisconsin Ave. Location to be Tried Temporarily

NEENAH — Relocation of the Greyhound Bus stop from its present place in the 300 block on N. Commercial Street to a new site on E. Wisconsin Avenue was approved by the Common Council Tuesday night.

John Mollon, agent for the bus line, is moving his travel agency office to a site on E. Wisconsin Avenue and the Greyhound buses now may stop on the south side of E. Wisconsin Avenue just east of the crosswalk in the middle of the block.

A parking meter now in that area will be removed but parking meters will be restored to the N. Commercial Street area where the bus stop formerly was located.

The change will be on a trial basis only and the buses will be allowed to stop in the inside traffic lane to discharge and load passengers.

Eliminate Left Turn

The change was recommended by the public protection committee which also asked for an elimination of left turns at S. Commercial and Jackson Streets after S. Commercial Street is reconstructed.

Ald. Kenneth Parman cast the only dissenting vote to the motion to install a stop sign on Aylward Street at the Marathon Street intersection which was requested by the Neenah Foundry Co.

Parking on S. Commercial Street on the east side between Doty Avenue and Wisconsin Avenue will be prohibited between 2:30 and 6:30 p.m., adding one more hour

to the prohibition which formerly began at 3:30 p.m. The change was made because of congestion at the National Manufacturers Bank's drive-in window.

The council also set a 2-hour parking limit off the north side of Stone Avenue and gave its approval to the moving of a house from Menasha down N. Commercial Street and out Main Street with the provision that it be done only between the hours of 1:30 and 5:30 a.m. on either Saturday, Nov. 19, or Saturday, Nov. 26.

'What Is Charm?' Topic of Dean at Winneconne

WINNECONNE — Miss Charlotte Wollaeger, dean of women at the University of Wisconsin-Milwaukee, spoke on "What Is Charm?" at the Monday meeting of the Civic League.

Miss Wollaeger defined charm as an inward thing giving its mental and emotional aspects. She suggested 14 points among them being proud of our femininity, keeping an alert mind, having the right attitudes and having the same manner toward all people. The speaker was introduced by Mrs. Richard Safford.

A free will offering was taken

Rummage Sale

NEENAH — St. Margaret Mary Christian Mothers and Altar Society will sponsor a rummage sale from 6 to 9 p.m. Friday. Toys and clean clothing may be brought to the cafeteria. Mrs. Ervin Mrotek is in charge of arrangements

to be used for prize money in the Christmas decorating contest to be held in the village in conjunction with the Business Men's and the Chamber of Commerce. Mrs. Norbert O'Connor is the league's representative. Miss Marian Behlendorf, Oshkosh, will talk on floral arrangements at the Dec. 5 meeting.

Mrs. Francis Martin Spellman the former Miss Judith Ann Van Alstine, daughter of Mr. and Mrs. R. D. Van Alstine, Route 1, Neenah, was married Saturday to the son of Mr. and Mrs. Raymond Spellman, 3242 Shorewood Drive, Oshkosh, at St. Margaret Mary Catholic Church, Neenah. When they return from a wedding trip to Florida, Mr. and Mrs. Spellman will live at 221 W. Melvin Ave., Oshkosh.

Economics Club to Hear Travel Talk

MENASHA — Mrs. Gilbert Rankin, Manitowoc, will present "With My American Foreign Students in Europe" at 2 p.m. Friday for Economics Club of Neenah - Menasha at Elsha D. Smith Library.

Mrs. Rankin, who is associated with the American Field Service, will speak and show slides of her 3-month trip to Europe, where she visited homes of exchange students in 10 countries. She will be accompanied by Miss Graciela Fernandez - Izern, exchange student from Argentina in Manitowoc.

On the tea committee are Mrs. H. J. C. Rosenow, chairman, Mrs. William Clifford, Mrs. L. B. Larson and Mrs. Lucille Peterson.

Lenz-Gazecki Unit to Hold Two Dinners

MENASHA — Two December dinner meetings were scheduled by Lenz-Gazecki American Legion Auxiliary Monday evening. The Menasha unit will be host to the county council meeting Dec. 6 and will entertain Oshkosh, Omro, Winneconne and Neenah units at a dinner.

Mrs. Clarence Andersen is chairman of the entertainment committee and table decorations will be made under the direction of Mrs. Erwin Becker.

A holiday party and dinner was planned for Dec. 20 with Mrs. John Scanlon as chairman.

OES Honors Past Chaplains

WINNECONNE — Mrs. Lyman Riley, assisted by Mrs. Eileen Mayer and Mrs. Allen Luce, presented the program honoring past chaplains at the Order of the Eastern Star meeting Tuesday evening.

The chapter has been invited to a Christmas party and reception in Kaukauna Dec. 3 honoring Mrs. Elaine Haas, Grand Marshal.

An election of officers will be held at the next regular meeting.

The lesson "Teenagers Today and Tomorrow" was presented by Mrs. George Sasse and Mrs. Kenneth Hale at the Young Moderns Homemakers meeting held Tuesday evening at the home of Mrs. Robert Beiser.

The new constitution was approved and adopted. Mrs. Robert Hale gave a report on small electrical appliances.

The Christmas party will be held Dec. 20 at the home of Mrs. Donald O'Connell. Assistant hostess will be Mrs. Jack Pinnow. Small gifts will be exchanged, and will be judged by the originality and beauty of the wrapping.

NEENAH MENASHA

School Janitors Ask 12 Per Cent Pay Increase

**Gegan to Meet
With Staff, Report
At Next Meeting**

MENASHA — Maintenance employees of Menasha schools have asked the board of education for a 12 per cent pay increase.

In a letter to Supt. M. J. Gegan, dated Oct. 27, Martin Speidel, spokesman for the maintenance staff, wrote that the staff has discussed forming a union or joining one. In the last 10 years, he wrote, the maintenance men have been forgotten.

He said city truck drivers make more money than do the janitors at the high school.

Report Back

Board Pres. John Fitzpatrick asked Supt. Gegan to meet with a committee from the maintenance department and then report at the Dec. 12 meeting.

In other business the board announced that the term of Frank Robinson on the vocational school board will expire Dec. 31. The board of education will either reappoint Robinson at its December meeting or appoint a replacement.

The vocational school board consists of four members, two in the employer classification and two in the employee category. All are appointed for four-year terms by the board of education.

Robinson represents the employer half of the vocational board.

"Rubber Stamp"

Board member T. R. Neely objected to the board being merely a "rubber stamp" for vocational board members. "I tried several years ago to set up a joint meeting," he said, "but for some reason it failed." He added that no one on the school board really knew what the vocational board did.

Mrs. Fern L. Gaertner corrected Neely and said there had been several joint meetings in the three years she has been on the school board.

Fitzpatrick said he didn't know why anyone should be opposed to compulsory.

New Officers of the 32-Member future teachers of America Club of Menasha High School were installed recently. From left are Gretchen Herrbold, president; Diane Gilbertson, historian; Jane Hyde, vice president; and Lynn Stevens, secretary-treasurer. Faculty advisors are the Misses Carol Walker and Daisy Acker.

At Neenah Library

Plots and Espionage After World War I Told in Book

NEENAH — Between World War revolution from the nearly 1920s and World War II, relations between Soviet Russia and the West. The story of the rise and fall of Ivar Krueger, known as the Swedish match king and one of the counterplots and conspiracies while diplomacy on the highest level was at times merged with the crudest espionage, subversion and terror.

Out of this tangled web of conspiracy and intrigue, Geoffrey Bailey has recounted an amazing story called "The Conspirators" which is available now at the Neenah Public Library. It is an extraordinarily true story of espionage, revolution and counter-

reappointing someone if that person had done his job.

The board has sent a reminder to parents of boys going out for basketball, stating that

accident insurance is no longer compulsory.

Former Neenah Man Enters Seminary

NEENAH — Gordon Bruce Schumacher, Neenah, has entered the Austin Presbyterian Theological Seminary, Austin, Tex. He is the son of Mr. and Mrs. Dewey Schumacher, 628 E. Randall St., Appleton.

Schumacher graduated from Neenah High School and received his bachelor's degree from Texas A & M. He is married and has four children.

He served as a fighter-bomber pilot in the United States Marine Corps with active service in Korea in which he received three air medals, a naval unit citation and the Korean Presidential citation. He was discharged after five years of service with the rank of captain.

determine why people want what they do. An appraisal of the current American stage is offered by John Gassner, well known critic, in "Theater at the Crossroads."

John Gould tells the struggle of Future Teachers of America are Pres. Franklin D. Roosevelt against polio in "A Good Fight" by Mary Astor and "I Swear and Vow" by Stefan Olivier.

Among the new novels at the Neenah Library are "Where the High Winds Blow," the story of a powerful industrialist by David Walker, and "Strangers and Brothers," the first novel in a series of the same name, by C. P. Snow.

Other new novels added are "Glad Tidings" by Joyce Warren, "The Incredible Charlie Carewe" by Mary Astor and "I Swear and Vow" by Stefan Olivier.

Name New Plant Manager At Foundry

**W. M. Hofert, Jr.,
Chosen for Post,
Aylward Announces**

Neenah—William M. Hofert Jr., of Chicago has been named plant manager of the Neenah Foundry

Co., E. J. Aylward, chairman of the board, announced today.

Hofert already has begun his duties at the foundry and has moved here with his wife and daughter.

Previously he had been general foundry superintendent at the McCormick Works plant of International Harvester Co. at Chicago. He had been with International Harvester since 1939.

Hofert received his bachelor of science degree in chemical engineering from the University of Wisconsin. He was born and raised in the Chicago area.

Winneconne Open House Set Monday

**Board to Discuss
Building Needs
At PTA Meeting**

WINNECONNE —Central School will be the site of a Winneconne Community School District open house between 7:30 and 10:30 p.m. next Monday. A film, "How Good Are Your Schools?" will be shown at 8, 8:30 and 9 p.m. Coffee and cookies will be served in the cafeteria.

The PTA will meet at 8 p.m. Thursday in the Central School cafeteria. The school board will present a discussion as to what is needed in the way of building additions to supply the needs of the district. The discussion will be illustrated through charts, facts, figures and maps.

Recently installed officers of the Future Teachers of America are Suzanne Schmoker, president; Mary Woizeski, vice president; Gladys Fenner, secretary; Karen Umland, treasurer; and Carol Korn, historian.

Miss Mary Roherty, district li-brarian, reported on her trip to Brazil. The committee in charge of the program and refreshments included Suzanne Schmoker, Mothers' Voizeski and Karen Umland. The Winneconne Community schools junior high school students collected \$130 this year for UNICEF. The money was collected in by Mary Astor and "I Swear and Vow" by Stefan Olivier.

George Raft's Wife Sues for \$43,686

LOS ANGELES (AP) — Film actor George Raft, 55, has been sued for \$43,686.57, which his estranged wife alleges he owes her under terms of a property agreement.

Grayce Raft, from whom the motion picture actor has been separated for years, filed the suit in Superior Court Tuesday. Her complaint stated that her claim is based on an agreement she and Raft signed in New York City May 6, 1949.

Disregards Noise on Back Porch, Woman Finds Machine Gone

KNOXVILLE, Tenn. (AP) — Christine Tabb didn't investigate the noise on her back porch Tuesday because, she later told police, she thought it was the garbage collector making his morning rounds.

Later, when she decided to wash a few clothes, she learned the washing machine had been stolen.

Two Retired Persons Fill in for Teacher

NEENAH — Helping out at Neenah High School during the illness of Edwin Zenisek, who was hospitalized while attending the state teachers convention and is now recuperating at his home, are Anton Dare and Albrecht Gross, Prin. H. O. Borgen said today. Dare, a retired master tool and die maker, is teaching the machine shop classes and Gross, retired from Kimberly - Clark Corp., is teaching the drafting classes.

Board Names Jacobsen to Fill Vacancy

**Ex-Menasha Town
Chairman Succeeds
Resigned Member**

MENASHA — Oliver Jacobsen, former chairman of the Town of Menasha, was named by the town board Monday night to fill the unexpired term of George Strohmeier who resigned from the board last week.

Jacobsen had been town chairman until April, 1959, when he declined to seek reelection.

Town Chairman Amos Page and Supv. Harvey Grundman, along with A. W. Scholl of the McMahon Engineering Co., Tuesday viewed sewage treatment plants in Illinois which would be comparable to the type the town board has been considering building in the Maplewood district.

The town board also voted to establish 35-mile an hour speed limits in the residential areas of the township where the law permits such a limit.

Installation of lights in the Palisades area at places recommended by the Wisconsin Michigan Power Co. was approved by the board. The board also voted to hire an auditor to audit the town books.

Jacobsen

**Cub Pack 75 Gives
Space Mask Awards**

NEENAH — Winners of the space mask contest Monday night sponsored by Cub Scout Pack 75, Lakeview School, were Larry Gallo, Bill Aylward and Paul Roth.

New members inducted were Mark Meiller, Dan Drawnek, Robert Larsen, Bill Aylward, Cory St. Pierre, Don Schroeder and Mike Peck. Five awards were presented.

Chicago Man Returned for Sentencing

**Dominic Fognini
Convicted Last Year
For Theft of Suits**

OSHKOSH — Dominic Fognini, 43, Chicago, was returned from Chicago Tuesday night for sentencing on grand larceny charges involving the theft of eight suits of clothes from the former Spoo and Son here on May 28, 1959.

The state supreme court had upheld the conviction of Fognini in circuit court and the next step was expected to be the ordering of the sentence imposed upon him by Circuit Judge Russell Hansen, who heard the case in place of Circuit Judge H. F. Arps.

The sentence was stayed pending the appeal to the state supreme court. The county sent its records on the case to the supreme court but no briefs had been submitted by the defense counsel to back up the appeal.

Since no defense had been filed, the attorney general's office asked the supreme court to verify the conviction. He was found guilty of the charge by a jury in October of last year.

Fognini was returned by Under-sheriff Arvin Schrader, Sgt. Kenneth Hetue and Marvin Peppier of the county police.

Cashing a forged \$62.50 check at the Krambo Store in the Valley of Fair Shopping Center.

Sentences Youth to 18 Months for Forgery

OSHKOSH — Dale Jost, 19, 1335 Katherine St., Appleton, was sentenced by Municipal Judge Arnold J. Cane this morning to 18 months at the Green Bay Reformatory for forgery.

He pleaded guilty Oct. 26 of

Neenah Police Capt. Lawrence Malouf talks with officers of the Wisconsin Police Protective Association board of directors during the association's quarterly meeting Monday at the Valley Inn. From left to right are Capt. Malouf, Donald Dodge, Racine, president; Louis Wrasse, Wauwatosa, treasurer, and Raymond Crary, Madison, secretary.

Steffens Hits Rejection of Legal Opinion

CONTINUED FROM PAGE 1

(mine) in the city of Milwaukee. . . .

"I have no doubt," Steffens wrote, "that public meetings and speeches in parks can be regulated as long as standards are set up. My objection to the ordinance was that standards were not in the ordinance. I merely insist that these standards, whatever they are, shall be incorporated as part of the ordinance. If that is done, it will be legal."

On the section regulating amplifiers, Steffens also asked clear-cut provisions. The ordinance had said amplifier users must have permits from the board, and volume must be low enough that sound would not be heard beyond the park limits.

Steffens said despite the way

Milwaukee County rules on distributing election handbills or cards, Menasha has no right to outlaw it.

The board's request to Steffens to have the state attorney general review his opinion "is a most completely ludicrous statement." "It demonstrates a complete lack of understanding of municipal operation. In the first place, the attorney general does not check the city attorney's opinion (but he is) adviser to the legislature, governor, state agencies and district attorneys."

If the park and recreation board wants to regulate beer drinking of non-residents of Menasha in parks, then it must outlaw all beer drinking, Steffens said, since the parks are public.

When the park group objected to Steffens' citations of federal courts, he reminded that some sections "deal with federal rights." "I know of no higher source of the law."

Much of the park ordinance can be salvaged and rewritten so the city can have a "workable, orderly, enforceable and constitutional ordinance," he said. Steffens volunteered to help the board achieve it.

OSC Students Enter Tourney

**Debate, Forensics
Meets Scheduled
At Illinois State School**

OSHKOSH — Fifteen Oshkosh State College students will take part in an invitational forensics tournament Friday and Saturday at Bradley University, Peoria, Ill.

In the debate section, the affirmative team for the first division is Mardell Schaumberg, Hartford, and Mary Jo Krueger, Kaukauna. The negative team is James Polsin and Joseph Hemmer, both of Oshkosh.

Affirmative teams for the second division are Val Pupak, Waukesha, and Mary Jo Perk, Oshkosh; and Robert McCoy, Appleton, and Don Rex, New London. Negative teams are Sharon Belong and Cynthia Arpke, both of Waupun, and Carl Hendry, Winneconne, and William O'Brien, Neenah.

Individual events entries include Eric Erdman, Appleton, and Mary Jo Krueger, oratory; Eric Erdman, James Polsin, William O'Brien, Joseph Hemmer, Steve Kargues, Oshkosh, and Mary Lammeman, Winneconne, discussion; Robert McCoy, after dinner speaking; Mardell Schaumberg, Val Pupak, Don Rex and Joseph Hemmer, extemporaneous speaking; Robert McCoy, James Polsin and Mary Lammeman, oral interpretation; and Carl Hendry and Mardell Schaumberg, listening.

The students will be accompanied by Robert R. Carr, director of forensics, and Dr. W. E. White, chairman of the department of speech.

Live Life to Its Capacity, Neenah Pastor Asserts

NEENAH — "What I must do as an individual is to live my own life to its capacity, so I will have the resources to share with others," the Rev. L. Clarence Kelley, pastor of First Methodist Church, told Community Council members Tuesday.

"Whatever affects one person in our world affects every person. The A-bombs that all but destroyed Hiroshima and Nagasaki still are being felt in our day," he said. "Though we may not be physically affected, we are affected in the realization that these were our brothers and sisters."

Listing ways the individual can work for the welfare of others, the minister said "I can join others in a concerted effort to right wrongs and to bring happiness and completeness of life to other persons by helping them to feel part of society, helping provide the necessities of life, helping them to know that someone cares for them."

Postpone Action in Drunken Driving Case

MENASHA — Prosecution of Edward A. Olenke, 34, 870 Third St., on a drunken driving charge was postponed today to 2 p.m. Dec. 1 before a jury in Police Justice Arthur J. Ales' court.

Olenke was charged Oct. 29 after police saw him driving near Tavco and Main Streets.

Donald L. Culver, 28, 522 N. Tonka St., Appleton, forfeited \$10 and costs for inattentive driving. His car struck another Friday on DePere street.

Two speeders who each forfeited \$10 and costs were Robert H. Pawlowski, 32, 845 Tavco St., and Roger S. Fiane, 22, 731 W. Wisconsin Ave., Appleton.

Recover Stolen Car

MENASHA — A car stolen over the weekend from Eugene J. Stokdyk, 337 Chute St., was recovered Tuesday on Kaukauna street by Menasha police.

Six Church, Charity Groups Share Estate

**Petition Filed
To Probate Will
Of Ida Watkins**

OSHKOSH — Several church and charity organizations have been named recipients of bequests in the estate of the late Mrs. Ida Van Buren Watkins of Menasha, according to a petition filed Tuesday with County Judge Herbert J. Mueller.

Judge Mueller set Dec. 13 for a hearing on admission of the will, neer, Menasha, operator of the Van Buren Watkins of Menasha, according to a petition filed Tuesday with County Judge Herbert J. Mueller.

The will of the late Archie Koer, neer, Menasha, operator of the Van Buren Watkins of Menasha, according to a petition filed Tuesday with County Judge Herbert J. Mueller.

Indian Mission at Oneida, and the state chapters of the American Heart Association, American Cancer Society, Cerebral Palsy, Inc., and National Foundation for Infantile Paralysis.

Also listed on the petition were five relatives and eight other persons. The petition listed the estate value as undetermined.

Schroeder Estate

An estate estimated at in excess of \$25,000 in personal property and \$10,000 in real estate was left by the late Albert F. Schroeder of Neenah who died Nov. 6.

A petition for probate filed Tuesday with Judge Mueller listed beneficiaries as being the Van Buren Watkins of Menasha, Mont. A. Schroeder, Whitcomb, Mont. and three grandchildren living in Montana.

The will of the late Archie Koer, neer, Menasha, operator of the Van Buren Watkins of Menasha, according to a petition filed Tuesday with County Judge Herbert J. Mueller.

Tickets Still Available For Proxmire Speech

NEENAH — Tickets are still available from the Neenah-Menasha Chamber of Commerce for a talk Thursday night by Sen. William Proxmire at a joint meeting of the Chamber's Congressional Action and Letter Writer's committees at the Elks Club.

Sen. Proxmire will talk on "A Lawmaker's Responsibility to the Citizen."

House Moving Permit

NEENAH — A permit has been issued to Berg and Henn House Movers, route 1, Appleton, to move a house from 120 E. Columbia Ave. to Gruenwald Ave. by way of W. Columbian, Smith Thomas Church of Menasha, and Torrey Streets to Main, and up Main to Gruenwald.

Mentzel Fires 635 Count for League Honors

Voss Jars Peak 624 Threesome In 'First Niter'

NEENAH — Earl Mentzel's 635 trio and a 624 by Bert Voss paced two bowling leagues in their most recent sessions at Lakewood Lanes. Mentzel jarred his trio, including a 225 single, in the weekend Doghouse Mixed wheel. Tom Otto bowled a peak 232 game and closed women's honors with a 503 trio, ed with 566. Eileen Bayer annexed Dachsunds lead by a game with an 11-4 mark.

Voss was the pacesetter in the Monday night First Niter wheel. John Bennett smacked the top 240 game and finished with 616. Tom Steinfort hit 612 and Bill Frazier 572.

Honors in the Monday night Sleepy Hollow league at Muench's Recreation went to Bob Burr for his 588 series and Beldon Blohm on a 233 loner.

Honor Scores
John Pingel hit 577, Jerry Llewellyn 570, Lyle Williams 566 and Blohm 552. Kiwanis Builders have moved into a 2-game lead with an 18-6 record.

Ray Bradish's 574 trio led the Knights of Columbus bowlers Monday night at Muench's. Larry Stefins posted 554 and "Fritz" Oppelt tallied 551.

San Pedros, Marquettes and Shamrocks are knotted for first place with 17½-12½ marks but their lead only is a half game over the fourth-place Pintas.

No honor scores were rolled in the Winnebago Tavern League Monday evening at Lakewood.

Season Tickets

NEENAH — Season basketball tickets for all nine Neenah home games will be purchased at the ship trophy, awarded for the third school office for \$7.

Menasha's Bill Ritchie (40) looks about for a teammate to whom he can pass the ball in second period action in Tuesday's opening game against West De Pere. Menasha's No. 32 is Tom Steinmetz. West De Pere players, left to right, are "Bucky" Schampers (23), Ron Lindemann and Don Collard (25). The Bluejays trailed at halftime but strong third and fourth periods carried them to a 66-56 win.

Five Trophies Presented to Neenah Gridders

NEENAH — Five trophies were awarded to Neenah High School gridders at Monday night's 13th annual Neenah Quarterback Club dinner at the Elks Club.

Trophies for being named co-captains by their teammates went to Mowry Stilt, tackle, and Jim Monday evening at Lakewood.

Sauby, center. George Goetz, a halfback, received the most valuable player trophy.

The award for the most tackles games went to Sauby and the sportsman's game was purchased at the ship trophy, awarded for the third school office for \$7.

Winneconne Rallies for 39-38 Victory

Day Scores 20 Against Wautoma In Opening Game

WINNECONNE — A fourth-quarter drive netted Winneconne a 39-38 win over Wautoma in a season-opening barnburner here Tuesday night.

With 50 seconds remaining, Winneconne gained the lead and held it despite several shots by Wautoma. The winners outscored Wautoma, 13-4, in the final stanza.

Leading the way for Winneconne was Martin Day, a 6-3, center, who scored 20 points.

Banta's 2 0 Men. Macs 0 2
Merchants 0 1

St. John 77, Menasha Merchants 41, Banta's 2, Menasha Macs 0 (forfeit).

MENASHA — St. John routed the Menasha Merchants 77-41 for its second win in the Menasha Muni Basketball League Tuesday night at the Butte des Morts Gym.

Banta's also picked up its second victory but did it the easy way when the Macs forfeited because they didn't have enough players.

St. John scored 26 points in the first period while holding the Merchants scoreless. The winners led 40-15 at halftime and 61-29 at the conclusion of three frames.

Greg Ropella scored 15 points for St. John and Bob Prange, Jerry Koslowski and Dick Frank all had 13. Jack Zolkowski topped the Merchants with 13.

The box score:

Gilbert Jars 627 Total in City League

NEENAH — Bert Gilbert's 627 series led scorers in the Neenah City Bowling League Tuesday night at Muench's Recreation.

Ed Zielinski bowled 617, Ed Muth 598 and Don Gonnall 582. John's Poinsettia copped three games. Schmidt Builders and Kier for Clothing are tied for first place with 15-6 records.

Marcia Long of Wanserski's Market tallied a 212 game and 529 series for the peak efforts in the Tuesday Night Ladies Handicap League at Lakewood Lanes. Darlene Homan collected a 518 threesome.

McCarthy - Haertl Jewelry owns a 1-game lead in Section I with its 20-10 record. Wanserski's has a similar mark to top Section II by one line.

Neenah Jr. League Meets for 2nd Time

NEENAH — The Neenah Recreation Department will make a final attempt to organize the Junior Church Basketball League at 7 p.m. today at the Recreation Building.

Only four teams were represented at Monday's opening session and if at least six do not enter the league will be dropped.

St. John Clashes With Brillion '5'

MENASHA — The St. John Holy Name basketball team will play an exhibition game at Brillion this evening. The Menasha quintet has defeated Unmuth's of Appleton and the Menasha Macs in two non-league starts.

Massey to Speak At Annual K of C Sports Program

MENASHA — Clem Massey, Menasha High School basketball coach, will discuss basketball at the interscholastic and intramural levels at the Knights of Columbus' annual sports night at 8 p.m. Thursday at the council clubrooms on Broad Street.

"Fritz" Heiss, athletic program chairman, will also introduce Emmett Boyce, Menasha High School football coach, who will review the completed football season and discuss the sport and its contribution to high school education.

Lunch and refreshments will follow the program and prizes will be awarded to members.

al levels at the Knights of Columbus' annual sports night at 8 p.m. Thursday at the council clubrooms on Broad Street.

"Fritz" Heiss, athletic program chairman, will also introduce Emmett Boyce, Menasha High School football coach, who will review the completed football season and discuss the sport and its contribution to high school education.

Lunch and refreshments will follow the program and prizes will be awarded to members.

Jays Turn Back Phantoms 66-56

Score 21 Points in Each of Last 2 Periods; Ristau's 21 Markers Leads Winners

MENASHA — A productive second half rocketed Menasha to a 66-56 win over West De Pere here Tuesday night, marking a successful coaching debut for Clem Massey at his alma mater.

The Bluejays had a bad time in their shooting and offensive rebounding in the first half and trailed by seven points at one juncture in the second period. They collected the last six points of the first half to cut the Phantoms' margin to 25-24 at the intermission.

Both the rebounding and shooting improved in the last two periods and it was reflected in the Jay's rise to the front. They got off to a fast start in the third period and were in control of the situation the rest of the way.

The Jays were down 13-10 at the quarter and 25-18 with somewhat more than a minute to play in the second. Dave Ristau hit two baskets and Bill Ritchie added another with about 10 seconds left to cut the DePere margin to 25-24 at the intermission.

Jays Take Lead
Bill Prange gave the Jays the lead with a jump shot to kick off second half festivities. De Pere went back ahead 29-26 and 30-29 but two quick jump shots by Prange shot the victors in front for keeps. Ristau and Tom Steinmetz added baskets, giving the Jays a string of eight straight points.

The Menasha lead was 45-34 at the close of three periods and the narrowest spread in the last quarter was eight points.

Menasha's three returning regulars accounted for the bulk of its scoring. Ristau, who seems destined to have a big year, led the attack with 21 points on 10 baskets and a free throw. He was limited to two points in the first period but made at least three field goals in each of the next three.

Ritchie Adds 17
Ritchie, despite a heavily-taped right hand, added 17 points, including 11 in the first half and Prange, still hampered by an ankle injury, chalked up 14, all in the second half.

Tom Steinmetz and Bob Opsahl both up from the jayvees, each contributed six points.

The Bluejay individuals were forced to yield scoring honors to West De Pere's Ron Linemann, who canned 28 or half of his team's final total. Lindemann, with a deadly long jump shot, connected for 11 baskets and six free throws. He made 11 points in the last period. John Patterson was next in line with 12 points.

Unofficially, the Bluejays made about 33 per cent of their field goal attempts, 27 of 74. The

MHS Jayvees Gain 31-26 Win Over Phantoms

MENASHA — Menasha's jayvees held West De Pere to one field goal in the second half in recording a 31-26 win over the Phantoms here Tuesday night.

The Jays led 9-6 at the quarter but were deadlocked 15-all at halftime. They held a 21-18 edge after three periods as the losers were limited to three free throws in the frame.

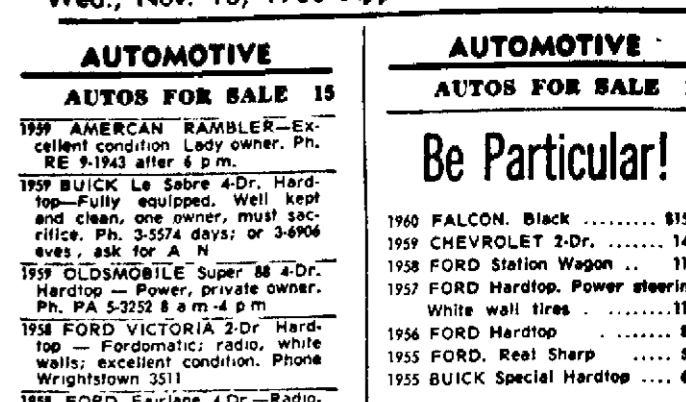

George Massey's 10 points paced the Bluejays. Joe Krysiak added seven. Ricky Smus scored eight and Gary Wilmet hit seven for the losers.

The box score:
Menasha JV—31 W. De Pere JV—26
Menasha JV FG FT F W. De Pere JV FG FT

Law Helps Those Who Aid Parents

BY SYLVIA PORTER

If you help support a parent who is 65 years or over and help your wife's parent, you can deduct his or her medical expenses, in these 45 days before the end of 1960, you should make sure you are eligible to get the maximum tax savings from a law passed by the 1960 Congress to aid you.

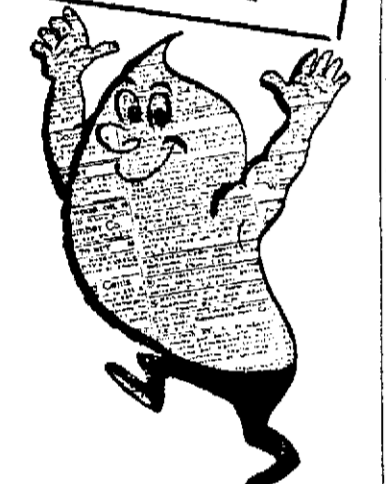

Porter

"It is now that all taxpayers should take steps to assure that they get the greatest possible tax benefits from their medical expenses in 1960," says Leon Gold, top tax expert of the Research Institute of America. "Jan. 1 will be too late to do anything about cutting taxes owed for 1960."

The basic rule governing tax deductions for medical and dental expenses is that, if you are under 65, you can deduct these outlays only in excess of 3 per cent of your adjusted gross income. In short, you "waste" certain amount of your expenses — and until this year this waste has applied even to taxpayers under 65 years of age who support parents who are 65 or over.

Machines May Aid in Spotting Ill

PHILADELPHIA (AP) — Robot

mathematicians—high speed computing machines, that is — may hold the key to spotting candidates for major disease among the healthy, a University of Texas doctor says.

Dr. Roger J. Williams said susceptibility to ailments ranging from cancer and mental illness to arthritis and alcoholism appears strongly to be related to inherited biochemical weaknesses. he was susceptible or resistant to "The potentially exists for the

on your return without regard to the 3 per cent rule.

If you have a support arrangement, be sure you can prove it. Don't risk having medical expenses you pay disallowed.

(Copyright, 1960)

complete exploration of the innate susceptibilities to every disease and to identify in advance those individuals who are vulnerable to each. Recognition of vulnerability and the factors which enter into it, should go a long way into each. Recognition of vulnerability and the factors which enter into it, should go a long way into the direction of effective control," Dr. Williams said.

Dr. Williams told the autumn meeting of the National Academy of Sciences Monday that information on the particular "pattern" of a given individual, if fed into a computing machine, conceivably could strongly indicate whether inherited biochemical weaknesses. he was susceptible or resistant to "The potentially exists for the

Dr. Williams said: "There exists in each individual because of his distinctive anatomical, physiological, neurological, biochemical inheritance active and different for each individual and which can not be handled by traditional statistical methods."

"Collectively these items con-

Young Hobby Club

Contest Winners Will Get Set of 3 Pencil Sharpeners

BY CAPPY DICK

Boys and girls! Here's an easy contest in which you can become the winner of a set of three pocket-size pencil sharpeners.

All you have to do to try for one of the useful prizes is use your paints or crayons to apply your favorite colors to the two blobs in the adjoining picture. That's easy, isn't it?

For each of the five neatest entries sent in, a set of three pencil sharpeners will be awarded.

That's enough pencil sharpeners to stitute a pattern which is distinctive and different for each individual and which can not be handled by traditional statistical methods."

take care of anyone's needs at school and at home. In fact, a winner may want to give one of the sharpeners to a friend as a gift. That would leave two for himself.

Preparing for the contest to try for one of the prizes is as easy as falling off a log. All you have to do is decide what your two favorite colors are, then, using paints or crayons, apply those colors to the spaces provided in the picture. Do this as neatly as you can, because neatness will count in this contest.

When you have completed the coloring, clip out the picture. Paste it on a sheet of paper or a postal card. Beneath it print your name, age and address. Address your contest entry to Cappy Dick

Favorite colors are used in this new contest.

at the Appleton Post-Crescent and mail it before Friday midnight. (Copyright, 1960)

British Humorist Says Americans Don't Like Being Disliked

SALT LAKE CITY (AP)—British humorist Malcolm Muggeridge says the rich and powerful are always disliked and Americans, because they don't like being disliked, have done "such absurd things as take opinion polls to find out how your prestige is." He said prestige is like health. "The moment you start thinking of it you probably haven't got it."

"The fact is, the American way of life you have created has become what practically everyone in the world wants—even though I think they are somewhat misguided," Muggeridge, a former editor of the British humor magazine "Punch," said at a lecture here Monday night.
